months, 75 cents; three months, 50

Entered as second class mail
matter September 2, 1914, at the
postoffice at Maupin, Oregon, under
the Act of March 3, 1879.

Who said California? Around
Maupin spring posies are coming
out, pussy willows have been
budding for a couple of weeks
and the hills have taken on a
covering of green. No snow,
very little frost and sunshine
every day. Who'd rather live in
California than in this garden
spot of Oregon?

There are two things in this
country that are better off when
they are not tinkered with. One
is the Bible and the other the
Constitution.

The law against counterfeit
money ought to be suspended
when it is used to pay for boot-
leg liquor.

Maupin vs Antelope

The Maupin High basket-
ball team is determined to clean
up on all the school teams here-
abouts, the last victim being
Metolius. The next team to fall
before the local team's onslaught
will be that representing the
Antelope high school. The game
will be played in the Maupin
school gym; promises to be hotly
contested. Our boys are im-
proving with each game played
and are as cocky and aggressive
as any team in this section. This
is the reason we say they will
win for there is nothing so en-
couraging as a feeling of in-
vincibility.

Resurrected Dances

Dos-a-Dos, swing your partners
grand right and left, and other
old-time dance calls are again
heard in the leading dance halls
of the country. Henry Ford, by
inviting and old-time fiddler to
play for him, has resurrected a
style of dancing in vogue many
many years ago, and now all the
old-timers, yes, and many modern
devotees of the dancing art, are
indulging in the quadrille,
Virginia reel, money musk, rye
waltz and dances familiar to all
old-timers.

In keeping with the trend of
dancing the American Legion
post of Maupin will hold one of
those old-fashioned dances at
the hall in Maupin on the evening
of Saturday, January 25. Real
old-time fiddlers will pound time
and render tunes made famous
during days of long ago, and all
the intricate and fantastic
measures of those days will be
called. The affair promises to
be one of the best yet held in
Maupin and everybody will be
there and partake of the enjoy-
ment of the evening.

A Real Watchmaker

There are watchmakers who,
when you take your timepiece to
them for repairs, will always
find many things wrong and
make as much as they think you
will stand out of the job. Not
so with Guy A. Pound, the lead-
ing watchmaker of The Dalles. Mr.
Pound will sell you just what
ails your ticker and fix just that
ailment, charging you but a fair
price for the work. He is an ex-
pert in that line of work and all
watches entrusted to him will re-
ceive his personal attention. If
your watch is out of order bring
it to this office and we will send
it to Mr. Pound for repairs.

Home From Hospital

Mrs. John Donaldson, who
has been at the Hamilton hos-
pital in The Dalles for the past
month, returned to her home
near here Monday. While at
the hospital Mrs. Donaldson un-
derwent a serious operation, but
says she is feeling much better
now.

NO TRESPASSINS

Notice is hereby given that I
will not allow fishing, hunting,
nor sheep to graze on my place.
Anyone caught violating this
notice will be prosecuted accord-
ing to law. John Donaldson.
Dated January 16, 1926. 10-18

1926 Jurors Drawn

The jury list for the year 1926
was drawn Friday last and several

oring districts found places there-

Some Pullet Egg

Ivan Donaldson on Saturday
last brought to The Times office
a pullet egg which for size "beats
'em all." The particular piece
of hen fruit measured 51 picas
around the long way and 41 picas
around the middle. (Picas are
the basis of printers' measure,
their being six picas to the inch.)
Reduced to inches the egg was
eight and one-half inches around
the long way and six and five
sixths around the middle. The
pullet which laid the egg was
hatched last May, but we were
not informed as to the strain.

Public Card Party

There will be another of those
pleasant "500" card parties at
L. O. F. hall on the evening
of Friday, January 15. The last
card party given by the Rebekah
lodge proved one of the most
entertaining and pleasant affairs
ever held in Maupin, and the
coming event promises to be just
as pleasant. A supper will be
served, for which a small charge
will be made. Remember the
date and arrange to attend.

Made Final Proof

M. L. Webb of Shearers
Bridge made final proof on his
homestead before U. S. Com-
missioner F. D. Stuart on Tues-
day. His witnesses were M. D.
Ashley and W. R. Head.

Picked Up About Town

Dr. Stovall says that getting
an automobile license these days
is harder than getting married.

Gus Derthick is authority for
the statement that bootleg
whiskey would be a good thing
to put in the radiator if it wasn't
for the fact that it would eat
away the rubber hose connec-
tions.

"One thing I could never un-
derstand about a real estate
man," declares Lester Kelly, "is
why he doesn't hold it and make
the money himself."

"Scientists," states Prof.
Geiser, "say that English will
soon be the universal language." Yes,
they'll be speaking it every-
where on earth except in New
York.

According to Bill Williams it is
often as safe to blow out the gas
as it is to step on it.

"The meanest man I ever
heard of," said Linc. Harpham,
"was the Georgia man who
sharpened his knife on his first
wife's tombstone so he could cut
his second wife's throat."

Tom Henneghan says that the
"the-fashioned boy who used to
be told he would end his days on
the gallows because he played
marbles for keeps, now has a
son who openly boasts of his a-
bility as a crap-shooter."
