School Happenings

Arthur Appling has returned to school after a serious illness, which occasioned his absence for two weeks.

HEALTH TALKS GIVEN

Tuesday evening Miss Sena Peterson, the county school nurse, and Miss Marie Connolly, who represents the Oregon Tuberculosis association, stopped a short time in Maupin. Miss Connolly gave an interesting talk in the High school auditorium on the subject of food

values, using a chart to illustrate her remarks regarding calories and vitamins. She spoke of the desirability of a proper vitality-building diet for children. With her Miss Connolly had four white rats, which she used to teach the value of vegetables. The rats were all taken from one litter when they were young. At that time one pair weighed 38 and 24 grams respectively, and the other pair weighed 43 and 55 grams. She fed the smaller a well-balanced ration, consisting of meat, potatoes, oatmeal, and plenty of green vegetables. The

others were given all the food they could eat, but no vegetables.

At the end of 32 days, the pair fed on the balanced ration weighed 145 and 122 grams respectively. One of the smaller increased to 107 grams, while one of the larger, but improperly nourished rodents, had gained 15 grams. The one fed on the balanced ration not only weighed twice as much as the other, but his fur was more bushy and he was better developed in every way.

Miss Peterson spent Monday, Tuesday, and Wednesday examining the school children and conferring with the parents of some of them.

NEWS OF PINE GROVE

The Laughlins were guests at the Cox home Sunday.

Cecil Mayfield and wife of Wamic were visiting Virgil Mayfield Sunday. The latter is moving to the Dane house, close to O. P. Weberg's.

Jim Hartman has leased the Isham West place for a term of two and a half years.

County Surveyor Marx with a trio of young helpers has been

looking over the survey from Pine Grove to the forest line. The contract for clearing for the new road will soon be let.

Joe A. Graham and some others covered the Pine Grove-forest line to ascertain just what changes are necessary on the telephone line.

Mrs. Bigby and Mrs. E. A. Hartman were callers at the Hedin and Brown homes Sunday evening.

W. A. Dane is employed at the ironing board factory of A. Lincoln Hartman at Wapinitia.

The Linn mill recently shipped a carload of dressed lumber to Portland.

Wm. Moore, the "onion king," will supply the demand for onions this year. He has raised 10,000 plants from seed this season.

Lucile, Ruth and June Walters were visitors at the Laughlin home Saturday.

Melvin and Lucile Walters were visitors at the Weberg home in Maupin Sunday. They rendered two instrumental duets at the revival meeting Sunday evening.

Eleven Years Ago

From The Times Mch. 19, '15

The Wapinitia hotel has changed hands and a great many changes have been made in the building, giving more room and greater attraction. C. E. Nelson is the proprietor.

The baseball boys were trying to organize Sunday and were out on the diamond batting up a few.

Frank Batty, his mother and sister, Lois, came down the first of the week in Mr. Batty's big Studebaker Six, the first trip with the machine this spring. L. C. Henneghan and wife accompanied them.

Clark Richardson of the Flat set out over 500 strawberry plants last week. He was in town Monday and thinks he will be able to grow a strawberry shortcake.

The grade leading out to the Juniper Flat country is in a very rough condition and should be attended to before the ground becomes too hard, which will greatly increase the expense of working same.

The Flanagan postoffice has been moved to Claud Wilson's ranch. Mr. Flanagan resigned in favor of Mr. Wilson and the papers were all fixed up last Monday.

Auto Tragedies Increase as Other Travel Is Made Safer

AUTOS STILL CLIMBING HILL OF DEATH

WHILE railroad tragedies and street car accidents in the United States have gradually been diminishing in the last ten years, the annual toll exacted by automobile casualties is steadily mounting, says the Stewart-Warner Safety Council for the prevention of automobile accidents. Railroad accidents have been cut more than one-third, or from 12,520 in 1913 to 8,079 in 1923, the latest government figures available. Street car fatalities also have been cut down one-third or from 3,000 in 1913 to 2,000 ten years later. Automobile deaths, on the other hand, have increased over five-fold. Against the 3,822 deaths in 1913 we have 16,452 in 1923, and the score is growing each year.

Care, more care and still more care, is the solution of this national problem. The pedestrian must be always on the alert and as spry as a kangaroo, if he is to keep out of harm's way, and the driver for his part must never relax his vigilance for a moment when human lives are at his mercy.
