S. V. Broughton, principal of the Antelope schools, with his wife, visited a short time with Prof. and Mrs. Geiser on Sunday.

Charley Spedis, one of the Indian agriculturists at Warm-springs reservation, was in town with a load of wheat Wednesday.

Mrs. Geo. Tillotson, accompanied by her husband's father, F. D. Tillotson, and Miss Olive Turner, drove to The Dalles last Saturday.

O. D. Bothwell and wife came in from their Wapinitia ranch Monday and spent the day here on business and visiting relatives and friends.

Dolph Goetjen was at home over Sunday. He has been plowing on the Tunnison ranch for several weeks, and has about 10 days' work yet to be done.

Richmond & Son have erected large signs on the east and west hills. These call attention that they sell Chevrolet cars and also that they operate a service station.

Geo. Tillotson and wife left for Warm Springs this morning and while there George will seek to recuperate from his recent attack of flu. They will be absent a week.

Mrs. R. Geiser, after a fortnight's absence in southern Oregon, came home Saturday and will remain in Maupin a month before resuming her work for the Degree of Honor.

H. A. Wilbur, district superintendent of Sunday schools for eastern Oregon, preached at the local church Sunday morning. He was on his periodical visit to the local Sunday school.

H. A. Muller, the carter of Tygh Valley, was transacting business in Maupin Monday. Mr. Muller will soon open a way-side refreshment stand at Tygh, at present being busy erecting a building for that purpose.

The starting of a bakery in Maupin is one of the possibilities of the town. An experienced baker has surveyed the place with that end in view, and it is possible such an enterprise will be in operation before long.

L. L. Foster of Portland is the new mechanic in charge of the repair shop of the Maupin Garage. He is a skillful workman and does not delay in turning out a job when promised. Louis Mayhew is his assistant, he too, being a new man.

### East Maupin News

O. J. Williams and wife motored to The Dalles Thursday of last week.

Miss Elda Miller came down from Two Springs Monday for a short business trip.

Miss E. Brace went to The Dalles Wednesday for a short visit with relatives.

H. E. Fischer went to The Dalles Tuesday for the purpose of having his eyes treated.

After a short time visiting friends at Portland, Mrs. L. D. Kelly returned to Maupin Tuesday.

Mrs. Ernest Troutman and children have returned to their Criterion ranch after a time spent at North Plains.

### Snow At Shaniko

Jimmy Harpham and "Stub" Lister went to Willow creek after trout Tuesday. On their return Wednesday morning they ran into a blustery snow storm near Shaniko. Jim says the snow was the real old-fashioned kind, it freezing as it struck. The storm kept pace with them for some distance toward Maupin, but they finally outran it when near Criterion.

### Military Fishermen

Among the fishermen registered at the Hotel Kelly the first of this week were Brig. Gen. Paul A. Wolfe, Major Lewis, Col. LaTune and Corp. Cox of Vancouver Barracks, and Lieut. Fred West, of the Portland police force.

### Blood Transfusion Successfully Done

Mrs. Cy. Tunnison has been ill for some time and has been taking treatments at one of the hospitals at The Dalles. Her condition became so alarming last week that her physicians, as a last resort, recommended blood transfusion. Vern Tunnison, son, and Mrs. Carl Head, daughter of the ailing woman, consented to give of their life fluid. The son's vein's gave up a pint while the daughter suffered a loss of a quart of blood, which was transferred to the mother's veins. Since that was done Mrs. Tunnison has shown great improvement and it is hoped she will soon be fully recovered.

### Rain Was Welcome

The gentle showers which fell the first of the week were indeed a blessing. Wheat was beginning to look faded while grass on the hills took on the color of brown. The rain invigorated the grain and now the hills are as green as in the early spring. Pasture will be plentiful for sheep while the wheat growers are buoyed up with the prospect of a bumper crop.

### Visited "Volcano"

On Sunday Jack Staats, in company of C. M. Shanahan, student mining chemist of The Dalles, made a trip up the river to the smoke-emitting cave. Mr. Shanahan made a thorough examination of the premises, taking samples of the deposit on the face of the wall above the opening, as well as some of the smoke and will make a chemical analysis of same. He will report his findings later.

### School Happenings

#### MOTHER'S DAY PROGRAM

The children of Maupin grades are preparing a short program for Friday afternoon, May 7, at 2:30 p. m. in anticipation of Mother's Day. They hope to have a good number of visitors at the exercises, scheduled for three o'clock.

#### PERFECT ATTENDANCE

Grades 7 and 8 had two weeks of perfect attendance, April 19-30. Owing to sickness, few are able to make a perfect record for a whole year, though several have been successful thus far.

Attention is called by the Sandblast for Senator Club, 420 Railway Exchange building, Portland, Oregon, to his platform and biography published on page 8 of the Voters' Pamphlet by the secretary of state. Chief plank is MODIFICATION OF THE VOLSTEAD ACT—REFERENDUM OF PROHIBITION LAWS. His slogan is—Wine and beer under government control; no saloons.—Adv. 25-14

### Missing Seconds Is Latest R. R. Puzzle

The mystery of five seconds lost, strayed or stolen from a locomotive whistle may be pondered by careful autoists who wait at crossings for trains to pass, according to R. J. Clancy, assistant to general manager Southern Pacific company.

"It's like this," Clancy explains. "Under certain condition sound waves travel 1100 feet per second. If you are 5,500 feet from a standing locomotive when the engineer blows the whistle it will take just five seconds for the sound to reach your ears.

"But if the locomotive is moving toward you at the rate of 5,500 feet per minute and commences to whistle when 5,500 feet distant, ceasing as it passes the point where you are standing after having been blown exactly sixty seconds, you

## STAR

### Running-in-oil

You will find in the new running-in-oil STAR the many features you have always wanted in a windmill—one oiling a year—your choice of Timken Tapered Roller Bearings or "NO-OIL-EM" Bearings—two gears, two pinions and two pitmans—direct center lift to pump rod—crosshead, guides and pitman bearings flooded with oil—a scientifically designed wheel with angle steel arms and braces and ball-bearing turn table.

The fans of this new Star are curved to give great efficiency in an 8 to 10 mile an hour wind. Plunger pump in crank case floods crosshead, guides and pitman bearings with oil, and tight cover keeps out dirt, rain or snow.

One filling of crank case with oil each year will save many trips up the tower. May be fitted on any tower.

*The new STAR is the last word in Windmill construction. Come in and let us show you this mill. You will want to know about it whether you are needing a new mill right now, and we want you to know what a really fine windmill we have in this new Star.*
