Tune In, Now!

On the best place in Maupin to trade. We don't claim to be the largest; we only claim one store, but we do claim we do the best we can to please our customers. We consider them first. We also claim we are saving the people of Maupin and vicinity many dollars, and they, also, must believe it as our sales have gained each month since the 30-day system was started. We thank our customers for their business and loyal support; we appreciate the nickles as well as the dollars.

The Connollys shipped 2200 lambs to Bend last night, from which point they will be taken to the mountains.

Mrs. Dr. Everett Moon, grandniece of Mrs. W. H. Staats, with her husband, visited with the Staats family Sunday. During the day the doctor fished in the river, returning to Portland that evening.

Oliver Resh is all swelled up, just because he is now driving a brand new Star sedan. Oliver deserves the new car, as he stood the rack and wobble of an old Ford longer than the ordinary mortal would.

Verne Fischer has received a set of valve grinders and is now prepared to do all work in that line. It is a true saying that "when Fischer fixes a car it stays fixed," and with the new equipment Verne is enabled to do all kinds of valve grinding.

"Bob Hayes, representing the Shell Oil company, with headquarters at The Dalles, was in Maupin in the interests of his company Tuesday. He is trying to induce some dealer to put in a tank and handle his company's products.

M. F. Van Laanen and wife came up from Portland Saturday, and while here the former fished in the Deschutes, returning to Portland Sunday evening. His wife will remain a couple of weeks, visiting with her sister, Mrs. L. C. Henneghan.

Attention is called by the Sandblast for Senator Club, 420 Railway Exchange building, Portland, Oregon, to his platform and biography published on page 8 of the Voters' Pamphlet by the secretary of state. Chief plank is MODIFICATION OF THE VOLSTEAD ACT—REFERENDUM OF PROHIBITION LAWS. His slogan is—Wine and beer under government control; no saloons.—Adv. 25-t4

Radio On The Farm

According to estimates, one-fifth of farm homes in the United States have radios. Twenty-five per cent of farmers prefer music; 24 per cent make use of weather and market reports. Forty-one per cent of farm women prefer home-makers programs; 31 per cent, musical programs; 8 per cent, lectures; 3 per cent, church services; 1 per cent, garden and poultry talks. Ninety-five per cent of farmers consider their radio a utility as well as an amusement device, according to a recent survey, as radio brings them market reports 24 to 48 hours earlier than obtainable by other means.

Oregon News Notes

Fossil—Sixteen miles of John Day Highway will be surfaced this year.

Astoria—Crushed surfacing on Roosevelt Highway, Cannon Beach to Hamlet Junction.

LaGrande—Seventeen mile lumber railroad will be built, from near Powder.

Newport—Wachsmuth Bros. secure all private oyster beds on bay, and will plant 21,000,000 young Eastern oysters.

Cascade Locks—2,000 tons steel will be used in Bridge of the Gods, across Columbia River, to be ready this fall.

Oregon hops sell up to 27 cents a pound for spot delivery. Oregon sheepmen expect heavier wool clip than usual and exceptional lamb crop.

Bend—First full carload Deschutes County eggs shipped to New York.

Stanfield—Extraordinary honey crop expected this year.

Oregon tax levy for 1926 is \$44,975,048, \$2,314,700 more than 1925.

Picked Up About Town

Bob Wilson says "it has about come to the point where a man can't hardly pick dandelions without putting himself under suspicion."

"The door it is hardest to keep the wolf from," declares Ralph Kaiser, "is the door in the sedan."

"A wife hasn't any objections to her husband buying her an electric washing machine," asserts Jim Woodcock, "if he will agree to stay at home and run it."

Oliver Resh says the man who invented and recommends No 14 fly hooks, evidently has not tried to land one of the Deschutes river redsides.

French Butler is authority for the following: "The pies that mother used to make seem even more wonderful when we consider how little dough father used to make."

The Times family is well supplied with pets. We have two cats, a dog and now a lamb has been added to our zoo.

Clark Richardson is a mystified man. He visited the "Volcano" last Sunday firmly convinced he could determine from what source the smoke was coming. After examining the crater and its surroundings he gave up, merely saying it appeared like h-l.

"Bull" is what the automobile salesman hands you, but the bull that killed the Prineville man last week is the kind none of us cares to encounter.

"Henry Ford is trying to popularize old-time dances. So long as he does not attempt to enforce old-time styles in woman's dress," according to Jack Staats, "we can stand for the dance."

Four Teams In Tie

Four teams in the Mid-Columbia Baseball league are tied for first place, they being Dufur, The Dalles, Bend and Goldendale, each team having won four and

OREGON OR Portland Only?

Says the "Portland school machine" organ, the Oregon Voter: "... Portland by its immense voting power practically controls the selection of superintendent. ... We have in our power to impose our will on all the schools of Oregon outside Portland."

The superintendent referred to is the state Superintendent of Public Instruction and this "machine" is trying to dictate to the voters the election of ITS choice for this important office.

Fred J. Tooze, opposed by this machine, urges state-wide uniformity of textbooks. (Compare his statement in the Candidates' Pamphlet with those of his opponents). He supports a definite normal school policy for the entire state including a normal school for Eastern Oregon; greater emphasis on the fundamental subjects, and vocational training; immediate survey of the loan textbook plan for legislation; and improved conditions for the rural schools.

If you want a school superintendent who is under no obligations to any political machine, school clique or individual and thoroughly trained in normal college and university, experienced and successful in rural, village and city schools,

lost two games. The standing of each team is 666. The game between The Dalles and Condon at the latter place marks a record for time consumed in playing, it taking but one hour and thirty minutes to finish. The score was 2-0 in favor of The Dalles team. During the game our county seat team made five double plays.
