

BERT E. HANEY JULY 4 SPEAKER

I. L. Patterson, Gubernatorial Candidate, Also On Program

Cortello's Animal Circus Booked For Free Shows—Maupin vs. Tygh Play on First Day

Arrangements have been completed for the big Fourth of July celebration at Tygh Valley fair grounds on July 4th and 5th. Manager Plyler has pulled many strings and at last has a line of attractions booked which will guarantee one of the biggest and best times ever pulled off in this neck o' the woods. Foremost on the program will be the great free open air Cortello's Comedy Circus. This will be shown in front of the grand stand each day and will consist of a troupe of trained dogs and wonderful acrobatic stunts. The Cortellos have appeared at many indoor shows and circuses up and down the coast and everywhere have met with glad acclaim by all who have seen the company.

Another feature of the celebration will be the oration on the Fourth by Bert E. Haney, candidate for U. S. Senator before the Oregon people at the coming election. Mr. Haney is a forceful speaker, knows American history and his celebration speech promises to be one of his greatest efforts. On the platform, and also making a speech, will be I. L. Patterson, republican nominee for the office of governor of this state. Mr. Patterson is making a tour of this part of the state, appearing at Dufur on July 3rd, and Manager Plyler is extremely fortunate in inducing the gubernatorial candidate to speak at this time. Mr. Haney's address will be delivered at 11:00 a. m. Sunday.

The race program has been completed and includes boys' and girls' pony races, saddle races, free-for-all races, relay races, squaw races and foot races. For these events a total of \$300.00 has been hung up.

As an added feature two baseball games are on the schedule of sports. The first day Tygh Valley team will mix with the Maupin players and on the 5th the Grass Valley team will play the winners of the first day's game.

In the matter of music Mr. Plyler has engaged Eddy's Novelty Roseway orchestra of Portland. This aggregation plays frequently over the radio, their music coming over KFWV. They will play during the exercises and also for the dances.

There also will be motion pictures, the usual bally-hoo stands, dancing in the new pavilion each evening and other forms of entertainment, all tending to make this the banner celebration of the year. Load up the car, provide yourselves with eatables and go to Tygh Valley prepared to take in both days of the celebration.

Get Yours Free

We have something to give away. Buy a 35-cent tube of Palm Olive Shaving Cream and we will give you a \$1.00 Gillette safety razor free. Maupin Drug Store.

Ernest Beeks and wife have returned from a week's visit with relatives at Condon.

Barzee-Weberg

A marriage which will interest all Maupin and Wapinitia people occurred at The Dalles last Wednesday, when Miss Vivian Barzee became the wife of Leonard Weberg. The ceremony was performed at the U. B. parsonage, Rev. E. F. Wriggle officiating. The parents of both bride and groom were present.

The bride is the only daughter of Mrs. Lewis McCoy of Wapinitia, while the groom is the eldest son of Mr. and Mrs. Ollie Weberg of this city. The marriage is the culmination of a romance covering many years. Both young people are well and favorably known and that they have linked their lives together as husband and wife will be pleasant news for their many friends.

The newlyweds, with Mrs. Ollie Weberg, returned from The Dalles Sunday evening. Shortly after evening fell about 20 friends of the contracting couple gathered at the Weberg residence and woke the stillness of the air with vibrations of tire rims, tin pans, cow bells and other noise making instruments. The "serenaders" were invited in and a short reception held, during which the visitors were regaled with candy, nuts and cigars.

Monday morning the young couple went to the Weberg ranch near Wapinitia, where they will reside. Mr. Weberg has leased a couple of ranches, and will conduct them for some time. In the meantime he and his wife will occupy the home at the parental ranch.

The best wishes of a host of friends go with the newly married pair, and the hope that their married life may be long and happy is the hardest wish vouchsafed them.

Bee Keepers Meeting

There will be a meeting of the members of the Tygh Valley Bee club Sunday next at the fair grounds. Mr. John Pashek, an authority on bee culture, will be present and go into the question of bees and their ailments with the members. On a recent visit to Tygh last week Mr. Pashek found evidences of American foul brood among the bees, and he will instruct bee culturists regarding the eradication of the disease. Mr. Pashek will also instruct in the proper method of handling and installing frames, etc. He will bring a modern hive with him and show how same is to be set up. The Tygh Valley Bee club is made up of the following members: Bertha Muller, Arthur Muller, Margaret Magill, Clair Norval, Doris Bonney, Glen Knox and Robert Holman.

Indians Ship Cattle

Several bunches of Indian buckaroos from the reservation were in town Saturday, bringing quite a number of fat cattle to the stockyards here. That evening the kine were shipped to Portland.

Editors Call On Us

Elbert Bede, editor of the Cottage Grove Sentinel, and Gordon J. Taylor, who pushes the pencil on the Molalla Pioneer, stopped off long enough to say hello last Thursday. They were on their way to Prineville to attend the State Editorial association meeting.

RAINBOW CAFE OPENING SATURDAY

The formal opening of the "Rainbow" restaurant will take place this Saturday night. Ben Fraley and wife have been busy during the past three weeks superintending the reconstruction of the restaurant, and by Saturday night everything will be in readiness for the opening.

As a special inducement the proprietors will serve a fried chicken supper. Of course other things will be on the tables to help make the affair one long to be remembered, and these will include all the market affords. The restaurant employs a chef whose delight is in preparing tasteful viands and for the coming occasion he will extend himself. The supper will begin at six o'clock and continue until 12 o'clock.

As a special attraction Gehrke's orchestra from The Dalles will be on hand and will discourse concert music during the supper. At the conclusion of the feed the company will adjourn to the Legion hall, where the orchestra will hold forth, where all may indulge in dancing.

The restaurant has the appearance of being modern in every respect. New silver, glassware, linen and dishes make the place most inviting. These coupled with perfect service, will insure the Rainbow a fair share of the public's patronage.

Besides the restaurant proper the place has a fine soda fountain, ice box and lunch counter. Soft drinks and ice cream are kept at a temperature which appeals to all on a hot day and a full line of those thirst-satisfiers are kept on hand. Tobaccos, cigars and cigarettes, as well as a full line of smokers' articles, are on display. If you care to indulge in a social game of pocket billiards two tables are at your disposal. Or if a game of cards intrigues you the Rainbow is the place to have your longing satisfied. The best order will be maintained at all times and satisfaction is guaranteed in every instance. If you are thirsty and do not want a soft drink, step in and regale yourself with a nice glass of ice water—it's free and pure. Mr. Fraley invites everyone to attend.

Insurance Time Extended

Those veterans of the late war who allowed their war risk insurance to lapse, have been granted an extension of one year in which to renew their policies. July 2, 1926, was set by congress for the expiration of the time for reinstatement, but Kenneth L. Cooper, regional manager of the bureau, states that another year has been granted those would like to renew their insurance. Under the new ruling ex-service men are given until July 2, 1927, to secure the low-rate five-year policy.

Subcontracts Slashing

Lykman & Lewis, who have the contract to slash the right-of-way on the new cutoff, have let a sub-contract to an outside party for cutting a four-mile stretch from the forest line to Bear creek. One mile of this work has already been completed. They have also let another contract of five miles, which will take the line Clear to lake. This will connect with Joe A. Graham's center piece of road.

Now Dig Up

Fun is fun, but when that fun results in damage then it ceases to be fun. Monday several funny young fellows started a water fight at the Hotel Kelly. They carried the fight to the street and to Johnny Williams' service station. During the melee some one tipped over a barrel of Mobile A oil, which proceeded to lubricate the floor of the station. Now the funsters will have to follow the command of the Irish section boss, who called to his crew and said: "Now dig, ye tarriers, dig." As an incident of the scrimmage Art Fargher was treed in the—well guess where it was.

Outing At Olallie

Hugh Wood is no lover of hot weather, and to escape the wave now sweeping over this section has gone to Olallie lake for an outing. He took Bill Staats' boat with him and will try and invigle a few trout from amongst the tullies and reeds bordering the lake.

Maupin Hits Its Stride

Maupin has at last regained its reputation as having a winning baseball team. We played Culver at that place last Sunday, the game going 12 innings, our team emerging at the long end of a 15-14 score. McCorkle pitched up to the 10th, when Lester Crabtree took his place. Our boys were blanked the first two frames and in the third gathered three tallies. In the fifth they got one and in their eighth accumulated six more. They failed to resist in the next three, but in the 11th and 12th marked up five for a total of 15. Culver went out in one, two, three order for their first five times up. In their sixth and seventh they made two each time and in their eighth the board showed four more. In the next they got two and in the 11th scored four men, making 14 in all.

Maupin will play at Tygh Valley during the celebration, going against the Tygh Valley team on the Fourth.

Sunday Chicken Dinners

The Rainbow restaurant announces that, beginning with next Sunday, chicken dinners will be served each Sunday. Take your family to the Rainbow and save the wife the heat and turmoil of getting up the Sunday dinner. You will appreciate the change and at the same time keep your wife's disposition unruffled.

Making Recovery

Mrs. Ernest Doughty, who has been very ill for nearly a year is now making a rapid recovery. The lady has been confined to her home for several months, but last week was strong enough to walk to a neighbor's and visit for some time. This will be glad news to Mrs. Doughty's many friends.

Goes Into Chicken Business

Carl Pratt has decided there is money in buying, fattening and selling chickens. He is laying in a stock of fryers, and as soon as they are fattened proposes to ship them to market. He will caponize the fowls and feed them up, getting ready for an early market.

Slashing Burned

The contractors on the right-of-way on the new Wapinitia cutoff burned the down brush and timber Thursday and Friday nights. R. T. Mundenhall, of the forestry department, was present and directed the slash burning. About two miles of cutting were consumed. Many ranchers were present for the purpose of preventing the fires spreading to standing timber. More fires will be started when weather conditions will permit.

Hauling Bridge Timbers

Linn & Son are hauling the timbers required for bridges on the Wapinitia cutoff, bringing them from Bridal Veil, where they are cut. It seems funny to us that the road department will go to the expense of cutting and hauling timber from a distance, when there is an abundant supply of first class timber right at hand. They evidently work on the theory that the swamp timber is superior to that of the eastern slope, although the latter is fully developed and as tough as is grown anywhere.

SLUSHER ELECTED SCHOOL DIRECTOR

Receives Majority of Single Vote Over Jas. H. Woodcock

Elected Most Hotly Contested In History of Maupin—R. H. Kaiser Now Chairman

The annual school election, held in the High school building, on Monday afternoon, brought out one of the largest number of voters ever at a like event in the history of Maupin. Chairman Elwood presided and when nominations were asked for clerk, George Tillotson's name was the only one presented. When the ballots were counted it was found that Tillotson had received all but two of the votes cast, L. C. Henneghan and J. H. Woodcock each receiving one vote.

Next on the program was nominations for director to serve three years. Two names were presented—T. B. Slusher and J. H. Woodcock. The first ballot stood 18 each for Slusher and Woodcock, while L. C. Henneghan was complimented by one vote. The following three ballots resulted in a tie between Slusher and Woodcock. The next ballot showed a loss of one vote for our power plant man, he receiving but 19 votes to his opponent's 20. Mr. Slusher declared elected and was duly sworn into office by Dr. Elwood.

R. H. Kaiser who succeeds to the chairmanship of the school board, was then called to the chair. He entertained a motion to adjourn, which was made and the annual school election for the year 1926 came to an end.

Mr. Slusher, the successful candidate, is a rancher on Juniper Flat. He has officiated as school director at Dufur and at Ramsey, and his administrations have always been marked by close economy. He is thoroughly conversant with school law and will keep a watchful eye on all matters wherein the expenditures of money is concerned. He is not so close that the interest of the district will be hampered, but on the other hand will see to it that all the monies expended will bring a dollar's worth of return.

Dr. Elwood, the retiring member of the board, has put in 30 years as school director. He has seen districts shake off swaddling clothes and blossom out as educational centers, with a teaching corp of large proportions. He has always worked to the end that the greatest good would accrue to the greatest number, and it was only because he thought he was entitled to a rest from the arduous duties on the school board that he refused to permit his name to come before the electors at this time.

The school board as now constituted is composed of R. H. Kaiser, chairman, Mrs. H. F. Bothwell and T. B. Slusher.

"Ziggy" Is Daddy Now

Clarence Zigenhagen is a little bit the proudest man in Wasco county these days. He's a daddy now, his wife having presented him with a nine-pound son at The Dalles hospital the first of the week. Mother and baby are doing finely.
