Walter S. Gifford (left), president of the American Telephone and Telegraph Company, and Leonard H. Kinnard (right), president of the Bell Telephone Company of Pennsylvania and Associated Companies, are shown standing on the exact spot where Alexander Graham Bell first talked over his invention at the Centennial Exposition 50 years ago. In the background can be seen Memorial Hall, relic of the Centennial, and which is now being used as a museum. It was on this spot that Don Pedro, then Emperor of Brazil, met the 29-year-old inventor and exclaimed, "My God, it talks!" when he heard Bell's voice come over the wire. The exhibits to be staged by the organization these men represent will be one of the great features of the Sesqui-Centennial International Exposition, which opens in Philadelphia June A and continues to December 1 to celebrate the 150th auniversary of the signing of the Declaration of Independence.

Unfortunate Genius

One of the greatest female geniuses of the early Nineteenth century was Louise Brachman, who was born in Rochlitz, Germany, in 1778, She was an intimate friend of Schiller and Novalis and was berself a writer and poet of great ability. In her case, as in many others, genius brought with it an unevenness of temperament, at times bordering on insanity, with long and continued fits of melancholy. Having been disappointed in two love affairs, the blasting of another fond hope of hers in 1822 drove her to suicide by drowning in the River

Creamed Dates

Saale .- Chicago Journal.

Stone the dates, roll in sugar, and put a piece of fondant in place of the stone. Roll again in granulated sugar. Fill with nuts or peanut butter instead of fondant if desired.

All animals have a certain degree of of T. B.; in some this power is low and others very high. The guinea plg. for example, has almost no resistance to this disease, while the goat has so high a resistance that it is very hard to infect it at all. Among human beings the Indian and negro usually show a very low resisting power and rapid and dangerous form of the trouble. The average white man, on the contrary, has considerable resisting
