Hints of Value to All

Don't Make Bees Waste Heat
Comb honey that is left in the hives after the honeyflow is over becomes soiled and discolored. It should be removed as soon as finished. When the honeyflow is over all the empty supers should be removed, so that the bees will not have empty space to keep warm during the winter.

"Inside" Information
Sauce naturelle is made by thickening the water in which a vegetable was cooked. It may be made in connection with many kinds of vegetables, and will also provide the basis for a good vegetable soup, creamed or otherwise.

Don't boil string beans a long time with ham or pork merely to flavor them. The vitamins will be destroyed and most of the other valuable ingredients extracted. Instead add bacon fat or crisp diced bacon at serving time.

Add a tablespoon of horseradish to sweet-sour sauce for beets.
Try potatoes cooked in tomato juice instead of water. Slice or

dice them for quick cooking.

Finely chopped raw celery improves many dishes, such as creamed beef, fish, crabmeat, oysters, potatoes, cabbage, or hard-cooked eggs. Try it in cream sauce for serving on croquets; with creamed canned peas and lima beans, stewed tomatoes and other vegetables. Add just a few minutes before serving time.

School Lunch Surprises
Think back to your own school days, and recall how delighted you were when you opened your lunch basket and found a "surprise" there. You will immediately want to put on your "thinking cap" a little more firmly and see what you can do to relieve the monotony of the same old sandwiches in Johnnie's or Mary's box. The United States Department of Agriculture has a few suggestions to make that may help you.

To begin with you can't do entirely without sandwiches, for they are the most convenient method of combining several substantial foods in a small space, and are easy for the children to handle without tableware. But you can make sandwiches of different kinds of bread—granham, rye, raisin, nut, date, prune, or fig breads, and breads made from cooked cereals with combinations of dried fruit and nuts. Then there are the quick breads—rolls, biscuits,

corn bread, muffins,—which are not necessarily served hot, although we are apt to prefer them that way. Once in a while use one of these different breads, either for sandwiches, or without filling so they do not seem like the same old thing. Save all the little jars that have tight lids—peanut butter and salad dressing jars, and jelly glasses. Fill these jars with such favorite foods as honey or preserves, apple sauce, stewed fruits, cottage cheese, or anything that cannot be spread in the ordinary way.

Wasco Healthiest County.

The state of health of residents of Wasco county must be at the highest level of all the counties of Oregon. According to the reports of the State Board of Health for the past two weeks there has not been a single case of disease in the county in that time.

WAPINITIA ITEMS

Little Miss May Delore Beuel of Portland is spending a few days with her aunt, Mrs. Mabel Sturgis.

Mrs. Matilda Delore, who has been in Portland taking treatments for an ailment, returned to her home here and seems to be much improved in health.

The water situation in this neighborhood is becoming desperate. Wells are going dry and the owners of those which contain a little water have been forced to deny same to those who have none.

The new bridge on the Simnasho road over Paquet's Gulch, is about completed. The entire road will soon be shape to travel.

Rev. W. A. Mathews and wife and Wm. Drake came over from Simnasho and attended church service at Wapinitia Sunday evening.

The Wards entertained company from Portland over Sunday last.

Nearly all the people of Wapinitia were at the fair at Tygh all three

days last week. Everyone declares the exposition was the best ever held.

Herb Hammer and family called on the Job Crabtree family in Maupin on Monday.

At a meeting of church officials of the Maupin and Wapinitia congregations, held here last week, Mrs. Everett Richmond was elected delegate to represent the two churches at the conference at Portland, beginning September 16.

THEFT NOTICE

The party that broke into Dr. Dake's homestead cabin on or about September 1st, was seen and is known. No action will be taken against him if the articles stolen are returned before September 25th to The Times office or are sent back to the owner.

L. D. Kelly and wife and Dr. Hatfield and wife arrived in Maupin Friday from a trip which took them over mountain ranges, across prairies and rivers to Yellowstone park. The party traveled 2500 miles on the trip.

School begins at Criterion Monday with Miss Herrling in her usual place and a good enrollment of scholars present.

Mr. Curtis, the hog dealer, was here Wednesday and bought and shipped 300 head of hogs, over 20 farmers bringing the animals in the morning.

A movement is said to have been started in Portland to connect the Barlow road with Hood River by leaving the old part of that road a few miles east of Summit and thence around the base of Mt. Hood.

There is some talk of graveling the road leading through and out of Maupin from the steel bridge to the F. M. Confer place on the Flat.

Mrs. T. A. Connolly of Maupin is in The Dalles this week. She expects her sister to arrive from Ireland this evening. The sister will make her future home in this section.

A meeting was to have been held at Wapinitia at which to elect an eleventh grade for that school. Mr. Rains to teach the class. Results have not reached this office. School will commence there next Monday with W. J. Patterson and Miss Phyllis Fischer as teachers.

County Superintendent Bonney and office force are in the Criterion section, busily engaged in preparing exhibits for the coming fair.

THE HONORED COLORS

WE ARE the colors red and green.

How we are honored!
How could Christmas be Christmas without green and without red to help in the gay decorations?

Long ago we two colors were given this honor.

How gay and pleased it makes us.

It makes green so vivid and bright with delight.

It makes red so glowing and resplendent with enjoyment.

We are glad no other colors were chosen!—Mary Graham Bonner.

Algernon Noseup—the Bundle That Cured Him

IT WASN'T his real name, but people thought he deserved it. Like a top, he carried a swelled head upon a small foundation. His nose was so much in the air that it distributed snubs plentifully. His idea of getting up was that of putting others down.

Algernon despised Christmas. He even felt ready to snub Santa Claus. This snob had a special snub for anybody who believed in Christmas cheer and generous happiness. He was an ardent member of the Society for the Prevention of Useless Giving. Indeed, he was the chairman of the branch of it that infested his town without bearing a gift. There may have been a streak of fat in his character, but there surely was a streak of mean.

It was a bundle that cured him. As he stalked to his door with his eyes on the church steeple he fell over it, and as he opened it that Christmas Day and found that a number of his neighbors had conspired to warm his heart with tokens of kind consideration, he felt so strangely humbled and ashamed of himself that he was never afterwards able to look down upon anybody.—Christopher G. Hazard.

The Most Wonderful Book in the World

MORE than thirty million Bibles or Books of the Bible were sold or distributed in 1925.

Would you not love to have companion volumes to help you discover the treasures in that Wonderful Book?

SWEDENBORG

[1688-1772]

explained the Bible's practical application to daily life; how it describes the life hereafter; what the Bible parables mean when spiritually interpreted.

His theological works—as issued by himself—have been published by the Houghton Mifflin Co. in most modern translation from the original Latin, in the Rotch Edition of 32 volumes.

The first twenty give the spiritual sense of Genesis and Exodus as understood in Heaven; and volumes 26, 27, 28 give likewise the spiritual sense of the Book of Revelation.

Volume 29, Marriage Love, views from the union of the Divine Love and the Divine Wisdom the Law of Sex throughout all creation. It shows the crown and jewel of the Christian Religion, the union of one with one only. Price \$2.00.

Volumes 30, 31, 32, contain a full statement of the True Christian Religion as revealed from Heaven. \$3.00 the set.

The whole 32 volumes in half-morocco at \$125; in buckram, \$40.

The following are the best introductory books to the Revelations of SWEDENBORG. They are in large print, bound in buckram, and contain from 260 to 485 pages.

TITLES PRICE
HEAVEN AND HELL from things heard and seen \$1.25

Angelic Wisdom Concerning—

THE DIVINE PROVIDENCE, which governs the Universe and the Heavens and the Hells, and the least as well as the greatest of all things in creation; and in the everyday life of man. \$1.25

THE DIVINE LOVE AND WISDOM, the profoundest book and revelation concerning God and His Creation ever written, first published in Latin at Amsterdam 1763; along with this is the "Intercourse Between the Soul and the Body" first published in Latin at London 1769. \$1.25

Price of all three at one time, including postage \$2.75

Who Was Swedenborg?

Emanuel Swedenborg, the son of a bishop, was the great Swedish scientist, philosopher and theologian, whose vast range caused Emerson to term him the mastodon of scholars. Dr. Parkees Cadman recently named him the Universal Genius. Officially connected, by appointment of the King, with the great mining industry of Sweden, he mastered all the sciences of his time, and wrote the most useful books on metallurgy, minerals, geology, astronomy, and the human brain.

His life search was for the human soul. How his spiritual senses were opened, after he was 50 years of age, that he might reveal the human soul, the life after death, and the Bible itself, may be read in the above named, uplifting, useful books.
