Entered as second class mail matter September 2, 1914, at the post-office at Maupin, Oregon, under the Act of March 3, 1879.

EASTERN NORMAL SCHOOL

There seems to be an insistent demand that the state of Oregon establish a normal school in the eastern part of the state.

And why not? Education is a priceless heritage to hand down to posterity, and the young of this part of the state are as much entitled to recognition as those of the western section.

hospital at Pendleton, while the western portion contains all the institutions of higher learning, penitentiary, capital, state fair grounds and many more public institutions.

The sudden deaths of two men in Maupin on one day reminds us that it might be well for all to make some determination as to the future.

The man who will stop his paper because its political complexion does not agree with his ideas, is just about as narrow as is the man who would not get married because his wife might put something on the table he didn't like.

Times readers who have received copies of Secretary Kozser's recent pamphlet reciting amendments to be voted on, might do a wise thing by taking a day off before election day and digest what is before them.

It is said "politics make queer bedfellows." If that is true what sort of sleeping partners must Bob Stanfield be bunking up with these days?

Read The Times—get the news

The Most Wonderful Book in the World

MORE than thirty million Bibles or Books of the Bible were sold or distributed in 1925.

Would you not love to have companion volumes to help you discover the treasures in that Wonderful Book?

SWEDENBORG

[1688-1772]

explained the Bible's practical application to daily life; how it describes the life hereafter; what the Bible parables mean when spiritually interpreted.

His theological works—as issued by himself—have been published by the Houghton Mifflin Co. in most modern translation from the original Latin, in the Rotch Edition of 32 volumes.

The first twenty give the spiritual sense of Genesis and Exodus as understood in Heaven; and volumes 26, 27, 28 give likewise the spiritual sense of the Book of Revelation.

Volume 29, Marriage Love, views from the union of the Divine Love and the Divine Wisdom the Law of Sex throughout all creation. It shows the crown and jewel of the Christian Religion, the union of one with one only. Price \$2.00.

Volumes 30, 31, 32, contain a full statement of the True Christian Religion as revealed from Heaven. \$3.00 the set.

The whole 32 volumes in half-morocco at \$125; in buckram, \$40.

The following are the best introductory books to the Revelations of SWEDENBORG. They are in large print, bound in buckram, and contain from 260 to 485 pages.

Table with 2 columns: TITLES and PRICE. Includes 'HEAVEN AND HELL from things heard and seen \$1.25', 'THE DIVINE PROVIDENCE, which governs the Universe and the Heavens and the Hells, and the least as well as the greatest of all things in creation; and in the everyday life of man \$1.25', 'THE DIVINE LOVE AND WISDOM, the profoundest book and revelation concerning God and His Creation ever written, first published in Latin at Amsterdam 1763; along with this is the "Intercourse Between the Soul and the Body" first published in Latin at London 1769. \$1.25', 'Price of all three at one time, including postage \$2.75'

Who Was Swedenborg?

Emanuel Swedenborg, the son of a bishop, was the great Swedish scientist, philosopher and theologian, whose vast range caused Emerson to term him the maddest of scholars. Dr. Parkes Cadman recently named him the Universal Genius.

Send orders or inquiries to

B. A. WHITTEMORE, Agent 135 BOWDOIN STREET, Boston 9, Mass.

Agent's Life of Swedenborg sent postpaid for 10 cents; Heaven and Hell in paper covers for 30 cents; Gull-Curt on Swedenborg for 10 cents; or all three for 40 cents.

NOTES FROM MAUPIN SCHOOLS

Practice for basketball started this week at the High school. The boys practice on Tuesday and Thursday evenings, and the girls on Wednesday evenings. Much enthusiasm is being shown by almost one hundred per cent of the students.

At a student body meeting held at the High school Friday afternoon, these student officers were elected by a large majority of votes: President—James Appling. Vice-President—Alda Pugh. Secretary—Helen Weberg. Treasurer—Fred Shearer.

The grade teachers are cooperating in their plans to give physical examinations to all their pupils. These examinations consist of measurements of height and weight, and tests of sight and hearing.

Two more students have enrolled in the Third grade. They are Margaret Appling, who has been promoted from the Second grade, and Albert Burton.

One new student, Leroy Miller has registered in the Fifth grade. Laco Greene, a Sixth grader, was absent all last week on account of illness.

An assembly of both the grades and the High school was called at the High school Tuesday morning. The purpose of this meeting was to award the checks to the student winners of prizes at the Southern Wasco County Fair. Seventeen students received checks ranging from 75 cents to \$11.00, and amounting to \$108.75. These prizes are results of

The hard center core of a cabbage has a sweet, peppery flavor which is especially good when chopped and used in salad.

PICKED UP ABOUT TOWN

Lester Kelly does not stand on ceremony when he is in a tippy boat. His phone to Verne Fischer Sunday is characteristic of the man. He ran into a wreck on the highway and phoned Verne to bring his outfit to the spot and "Strip the boat to the body."

Jack Staats says "B. V. D's are all right in hot weather, but now that the mercury is dropping in the thermometer, it is the proper thing to dig out the heavy underwear from the moth balls."

Leonard Farlow says "if all the amateur radio makers in Maupin would center on one style of receiver, maybe they would be successful in making one that would receive."

Ralph Kaiser says that if all those fellows who cooled off in his shop during the hot months would each bring in a stick of wood, they might then have a chance to warm up.

Oliver Resh is some had working woman. What with selling groceries, buying goods, keeping books, cutting glass and trying to keep warm, he finds but little time to cut wood for the furnace.

The two Bills, Staats and Williams have about made up their minds to make another shashay into the mountains after deer. If they go again it is their intention to go where the deer are, and not take the word of the fellow who saw a deer at Clear Lake last summer.

Floyd Richmond is of the opinion that the thieves who robbed his automobile at Pendleton were not without some consideration. They left the clothes he was wearing when the suit cases were taken.

Chas. Crofoot is optimistic in light of his recent loss by fire. He says his customers are left and will patronize him if he will rebuild.

Recuperates From Illness. Mrs. H. G. Fischer was confined to her several days recently with illness. She has so far recovered as to be up and around, thereby shedding more pleasantness in the store and garage.

Shaniko Notes Too Late. The notes from our Shaniko correspondent grived too late for this week's issue of The Times, so we will carry them over until next week. They are newsy and will be appreciated when published.

Another Fischer Arrives. The Billy Fischer home is ablaze with happiness just now, all on account of the arrival of a new baby

work in sewing, cooking, gardening, and raising of stock. The club work project is worthy of notice in our schools, for it makes the student's education more balanced and gives him the experience of having done a necessary piece of work well. The students who did not receive awards also deserve praise for their work, since the prize is only the goal and not the race.

The schoolmates of Velma Crofoot, a sophomore, were sorry to hear of the serious loss to her family by the burning of their garage and blacksmith shop at Wamic, Monday. The origin of the fire is unknown, but the science class discussed the possibility of its being started by oxidation of oily rags.

Ralph Hammer of Wapinitia, a last year's freshman, called upon the principal Friday evening and made arrangements to enroll next Monday. We are awaiting him as the 41st High school student.

Bookkeeping tables are now in place for twelve students, typing students to the number of eighteen have been scheduled; chemistry supplies for nine students are now expected daily.

Nearly all are now supplied with books and study interspersed by various activities and athletics, is getting down to solid work.

Attendance has been very good, all being present this week except the three Ayres students, kept away because one automobile refuses to budge in our direction.

girl at that home last Friday. The little Miss weighed eight pounds and is as full of life as a cricket, while the proud parents can hardly hold themselves in for joy.

Suffered With Pleurisy Mrs. H. R. Kaiser was confined to her bed three days last week with a severe attack of pleurisy. Although far from well that courageous woman is attending to her work at the beauty shop.

\$25.00 REWARD

A reward of \$25.00 will be paid by the undersigned for any further information sufficient to lead to the arrest of the party guilty of breaking into Dr. Dake's homestead cabin on or about September first.

All information will be treated confidentially and can be given to deputies at Maupin or sent to Dr. Dake at the address given below.

A partial list of the articles stolen is as follows:

- 8 blankets. 3 Kauffman spotlights. 2 butcher knives. 1 one-inch wood bit. 1 set of playing cards in black metal box. 1 fishing reel with brown tapered line. 1 Stockmen's pocket knife.

Daus, of Maupin, Oregon, who on Feb. 20, 1924, made Homestead Entry under Act Dec. 29, 1916, No. 023141, for NE 1/4 NW 1/4, Sec. 22, T. 7 S., R. 14 E., S 1/2 NE 1/4, SE 1/4, Sec. 23, T. 6 S., R. 14 E., Willamette Meridian, has filed notice of intention to make final three year proof to the land above described, before P. D. Stuart, United States Commissioner, at Maupin, Oregon, on the 21st day of October, 1926.

Claimant names as witnesses: B. F. Herrling, Otto Herrling, R. H. DeCamp, P. J. Kirsch, all of Maupin, Oregon. J. W. Donnelly, Register. s-16 6-14

Livestock Raising---A Business

If one plays at livestock raising, he pays. If he makes a business of it, he prospers. And it is a business that requires hard work and deep study. Starting the herd, building it up and cashing in on it cannot succeed under guess work.

It is fortunate that the farmers in this vicinity have the opportunity to visit and profit from the Pacific International Livestock Exposition in Portland. This year, October 30-November 6, it is said the exhibits will outrival any previous livestock show in all America.
