Mrs. L. Fischer gives the following is a good recipe for the blues:

Into 2 cups of the milk of human kindness pour 2 cups of lend-a-hand; 1 cup of will power and one-half cup of common sense. Mix thoroly, sprinkling liberally with ha, ha, ha.

George Cunningham and family were guests at the Andrew Cunningham home Sunday.

Why Not Organize Parent-Teacher Club?

Maupin Is Behind Other Communities In Regarding Such Alliance

We have often wondered why some public spirited persons in Maupin did not take the initiative and proceed with the organization of a Parent-Teacher association. Hardly a community of the State of Oregon, or of the whole Northwest for that matter, but has such an organization. Such a society is always a great factor in promulgating and keeping alive matters of benefit and interest to the schools. Much can be done by such an association to further the influence of the schools and a lasting benefit always accrues where such an association exists. Who will take the initiative?

DEATH OF MRS. C. E. TUNISON

Resident Since 1904 Passes After Many Months' Illness.

Mrs. C. E. Tunison, well known and much loved woman of the Wapinitia Plains section passed to the great beyond Thursday, October 28, death occurring at The Dalles hospital after many months of suffering. Her body was laid in its last resting place in the Bakeoven cemetery on Friday, the funeral sermon being delivered by Rev. Aldridge. A large concourse of sorrowing friends and relatives accompanied the remains to the cemetery.

Loretta Swartz was born at Canton, Ohio, in 1870. At the age of four years she went with her parents to Athens, Michigan. On July 4, 1884, she was united in marriage with Cyrys Tunison, and in 1904 came with her husband to this section. To this union seven children were born, five of whom survive here, they being, Earl Tunison, Portland Vern Tunison, Maupin; Mrs. Carl Head, Tygh Valley; Nile Tunison, Maupin, and Mrs. Lester Crofoot, Maupin. Besides these children four brothers are also left behind, they being, Frank and Isaac Swartz of Athens, Michigan, and Elmore and Melvin Swartz of Battle Creek, Michigan.

Mrs. Tunison was a woman of more than ordinary attainments. Of a home-loving disposition she was ever mindful of the comfort of her husband and children. Her hand was always open to the call of aid and distress and during her long and painful illness was the personification of patience. She bore her trials with a christian fortitude, and when the end came met it with a smile. That she has gone before is not cause for sorrow, for those of her family should console themselves with the thought that the parting is but for a short time and that she has gone ahead to prepare for a great meeting with those she has left behind.

SCARLET FEVER QUARANTINE

Geo. Tillotson Found To Be Suffering With Malignant Disease

The George Tillotson home is under quarantine for having scarlet fever therein. Several days ago George complained of feeling ill. He called a doctor and on Monday, not getting any better, went to The Dalles. There he underwent an examination and his ailment was diagnosed as scarlet fever. Both his wife and infant son were given serum injections and the family returned home. For some time to come the smiling face of our efficient school clerk and garage man will not be seen around town, much to the concern of his many friends.

Attended Boundary Board Meeting.

L. C. Henneghan, H. R. Kaiser and T. B. Slusher attended the meeting of the boundary board yesterday. The meeting had been called for the purpose of taking action on the petition recently sent in by residents of the Bakeoven section, who sought to have a separate school district set off from No. 84. The board laid the matter over for a month at the instance of T. A. Connolly, one of those interested in having a separate district.

Fixing up Residence

Angeles, known to Maupinites as "Nick" Korales, is in town from Portland and is engaged in fixing up his residence. For some time the house has been standing in an uncompleted condition, but Nick realizes that he has been losing money by not having it in a habitable condition, therefore is fixing it up. Shingles on roof and walls greatly improve it.

Quit Before Working

The school board of District No. 84 recently employed a teacher for the Flanagan school, he coming from Roseburg. He showed up in Maupin, camped out one night and in the morning packed up his baggage and family and proceeded to shake the dust of this section from his brogans. It seems he was told the pupils of the Flanagan district were accustomed to attend school with a six shooter strapped to their waists, and believing that discretion was the better part of valor refused to carry out his contract.

Budget Notice Published

The budget for the year 1927 has been passed upon by a committee appointed by the city council, and that body has computed that the sum of \$1,500 will be sufficient for the needs of Maupin for the ensuing year. There are estimated receipts of \$50.00, leaving the sum of \$1,450 to be added to the tax roll.

Welch Doing Good Business

While at Wamic Saturday we called on Bernard Welch at his new garage and service station. Bernard told us he had all the work he can take care of and that his sales of gas and oils, also accessories, keep him on the go all the time. He handles Shell gasoline and his customers are loud in their praise of that brand of auto fuel.

Speeders Got Theirs

Joe Kramer, special cop for Maupin, has been earning his salary. Since he has been on the job he has gathered in six violators of the local speed laws, and incidentally the city treasury has been augmented to the extent of \$40.00.

Motor Market Man Here

R. W. Brown, proprietor of the Motor Market of The Dalles, was in Maupin Monday demonstrating a radio outfit. "Brownie," as he is familiarly called, has gone in for radio to the limit and has several prospects in Maupin.

Maupin Pictured in Big Paper

In last Sunday's Oregonian, on the automobile page, appeared a picture of our hustling little city, taken from the first turn on the east hill. The view is a fine one and shows Maupin up like a real metropolitan place.

Cutting Wood in Hills

John Confer is in the mountains this week getting out his winter's fuel. He is cutting wood on the right-of-way of the Wapinitia cut-off and expects to put up sufficient to last him for a year at least.

Another Shady Brook Dance.

The Shady Brook Community club will stage another of that kind of dances which please all who attend, on the evening of Saturday, November 6. The newly organized Maupin jazz orchestra will be on hand to furnish the inspiration, and when that is said a whole mouthful has been exploded. If you want to enjoy a dance that contains all the elements of pleasure, attend the one mentioned here.

To Go With Hot Cakes

In making smoked sausage of country sausage, use the following ingredients in the proportions indicated.

- 85 pounds pork trimmings
- 15 pounds lean beef
- 2 pounds common salt
- 4 ounces black pepper
- 1 ounce red pepper

Cut the meat into small pieces, sprinkle seasoning over it, and then run through the grinder. Hold for 24 to 36 hours in a cool place and stuff in the casings. Then smoke in hard-wood or corn-cob smoke until a dark mahogany color is obtained. Store in cool place.

The meat may be all pork if desired, or the percentage of beef may be increased and additional seasoning such as one ounce of sweet marjoram, mace, or sage may be used.

Keep bread in a ventilated box, crackers in tight tins.

Apples For Sale

All kinds of fancy apples, picked and sorted, from 25 cents to 50 cents a box. Also sweet cider. End of market road west of Dufur. Edgar A. Smith, Dufur, Oregon

PICKED UP ABOUT TOWN

Jim Woodcock is the busiest man in town, what with his milling business, the electric light and power plant and his Oak Springs enterprise, he is kept on the jump 23 hours a day. Now he wants the recorder's job so as to be able to fill out a full day's work.

Tom Henneghan experienced quite a scare Sunday night. He was on his way home when a figure loomed in the road. Tom pulled his flash light and discovered the night hawk to be a big Mongolian pheasant, evidently one of those recently released near the school house.

The decision of the manager of the Legion hall to employ home talent music for the dances, is to be commended. Our local musicians can make as much noise and produce as good harmony as any orchestra from outside, and they should be recognized whenever the chance offers.

Dad Cole is a democrat because his father was. He was betting on the election of Haney, but refused to place any money on Pierce, saying his coin was backing democrats. And he may have been right at that.

Al Kennedy says his horned toads suffered greatly during his absence the past summer. They got so hungry they ate nearly all of the barbed wire fence around the corral.

Joe Kramer got bawled out proper one day last week. A man he arrested for speeding told Joe he had no need to tell him to stop in such a loud tone of voice, that all the officer would have had to have done as to roll in front of him, then he would have stopped on his own account.

For a local carnival that was given by the Rebekahs last Saturday night was a winner. While the crowd was not large, still it was made up of people who let go of their coin like true sports, thus enriching the lodge treasury to a considerable extent.

D. M. Temple says he likes to fish, but when a school of rainbow trout deliberately swim near him and virtually twirl their thumbs at him, he loses all conceit he possesses as a fisherman.

Tony Seifert voted in the Maupin precinct. He asked information regarding the proposed amendment and when the word "prohibit" was mentioned emphatically stated that "that stuff gets my 'noes'."

Bland, Sweet, Savory, Tart

Serve a vegetable dinner, similar to the restaurant combinations known as "vegetable plate" once in a while. To be satisfying it must contain enough protein to make it substantial. To be appetizing, it must have a variety of flavors—the bland, the sweet, the savory, and the tart. There must be contrast of texture also, such as the soft, the hard, the rich, and the crisp. Here are a few good combinations: Creamed potatoes, buttered string beans, beets or beet greens with vinegar or lemon juice, raw celery; cabbage scalloped with cheese, carrots, and fried potatoes; baked sweet potatoes in season, spinach with hard-boiled egg, raw cucumbers; scalloped corn, steamed carrots, Swiss chard, raw sliced tomatoes; baked eggplant, buttered lima beans, water cress; fried tomatoes, mashed turnips or squash, baked potatoes, raw celery.

Doctor On the Job.

An enterprising tradesman sent a doctor a box of cigars which had not been ordered, with a bill for six dollars. The accompanying letter stated that "I have ventured to send these on my own initiative, being convinced that you will appreciate their exquisite flavor."

In due course, the doctor replied: "You have not asked me for consultation, but I venture to send you three prescriptions, being convinced that you will derive therefrom as much benefit as I shall derive from your cigars. As my charge for prescriptions is two dollars, this makes us even."

The only way to be sure a piece of colored goods won't run is to take a sample home and wash it. If you think it might fade, cover a part of it and expose the rest to sunlight for at least a week. Household methods of setting colors are useless.
