Your Money Goes Farther This Way

People maintain checking accounts in this bank because they want to get the greatest value from their money.

Their money goes farther that way. They get more benefit from it when they maintain a reasonable large average balance. Such a balance provides them with sufficient funds for emergencies, entitles them to greater service from this bank and builds up credit so that, if necessary, they can secure loans in proportion to their needs.

Maintain a checking account here with a reasonably large balance. It will help you get the most for your money. And you'll be entitled to the maximum of mighty valuable service from this bank.

MAUPIN STATE BANK (INCORPORATED)

Sam's booze investigators were in Sam's booze investigators were in town caused several of Maupin's prominent(?) citizens to take on a The Dalles, Wasco County, Oregon, meek and lowly mein.
