Dennis H. Stovall of Sierra druggist, Dr. Laurence S. Stovall, is somewhat of a story writer. He confines his work to short stories and has had several published. In the U. B. H. M. Barnum is another convert to the enjoyment of a radio, and to get all the enjoyment possible from those interesting waves floating from the larger cities, has purchased a King radio from the Maupin garage. BIGGEST SNOW OF THE SEASON

Ranchers Say More Dampness Now Than All Last Season

There is no holler for dampness in this section now. Last Friday it began to rain and snow and by Saturday morning fully six inches of snow covered this part of the Deschutes valley. On Wapinitia Plains about a foot of the beautiful covered the ground while on top near Criterion the snowfall reached a depth of eight inches. Ranchers from the Flat say there is more dampness in the ground at this time than was there all last season. The rain and snow will be an augury for good crops next season.

Our hearts are sad for those who mourn, but we have His promise, "They do not die who leave their thoughts imprinted on some deathless page. They pass on but the works they wrought live on from day to day."
