CHRISTMAS TIME

Nineteen hundred and twenty-six
years ago the world was awakened to
the fact that a new life was vouch-
safed to all people. That the time of
idol worship was at an end and that
a new leader in things religious had
been born. That day marked the
birth of the Savior, Jesus Christ.

In a short time the civilized world
will commemorate the birth of the
father of a new-time belief and
thought. At that time there should
be a spirit of peace over all; a feel-
ing that personal bitterness and evil
do not have no place within ourselves,
and that forgiveness should take the
place of revenge and hate.

People are prone to carry a feel-
ing of rancor in their hearts, to per-
petrate that feeling to dominate and to
kill to others. They forget the in-
junction "Love to one another," for-
get that it was love of mankind that
filled the Savior's breast at all times,
and that He died on the cross that
mankind might have clean hearts
and a sense of right and justice to-
ward all.

In Maupin there exists a feeling
that is anything but in accord with
the teaching of Jesus Christ. Petty
jealousies and little personal
judges seem to be many of our
people. The truths of the Bible are
forgotten in our business and so-
cial lives; the search for the almighty
dollar seems paramount to all else,
with the consequence that some-
thing but a sense of harmony pre-
vails. That is all wrong. We are
here together to do the best we can.
It is not right that we should attempt
to better ourselves by causing the
best makes for better men and better
ment we meet on common ground of
humanity; extend a helping hand;
speak well of our neighbor; work

together for the common good and
seek to attain that spiritual grace
that makes for better men and
women.

By so doing the words of the
Savior—"Peace on earth, good will
toward man"—will have a material
effect and all will be better for hav-
ing determined to live in greater
harmony hereafter.

Many of our exchanges are taking
a slam at Mussolini. At any rate
they cannot say that he is making
tramps of his subjects, for he has
legislated that all able-bodied men
and women shall perform labor, and
that of the producing kind.

It is said that everything comes to
he who waits. Perhaps the State
Bank of Madras did not wait long
enough for a crop, before it went in-
to liquidation.

Nine more days until Christmas.
Or course it is unnecessary to ask if
our readers did their Christmas shop-
ping early.

WAPINITIA ITEMS

J. M. Powell motored to The
Dalles Wednesday to visit his wife,
who has been in the hospital for
some time.

A. Lincoln Hartman returned
home Thursday from The Dalles,
where he had been on a business
trip.

Mr. O'Brien was in Maupin Fri-
day, getting his car greased; says he
doesn't want it to run dry again.

Will Sturgis and family have been
sick during the past week. Mr.
Sturgis, having been in bed for sev-
eral days with the sore throat epi-
demic, called Dr. Elwood Thursday.
Report is out now that he is much
better, being able to sit up some.

Mrs. Roy Batty is still in bed, the
rest of the family seems to have re-
covered. The children have return-
ed to school and Mr. Batty is work-
ing on the barn.

Miss Crofton, who has been teach-
ing the Batty school, was forced to
resign her position because of her
nervous condition, and returned to
her home in The Dalles. Mrs. Ben-
nett of Antelope is now teacher at
that school.

A large number of Wapinitiaites
went to Maupin to the joint bazaar
of the Ladies Aid, Friday evening.

Misses Ruby and Rilla Powell were
week end visitors in Maupin at the
Richmond home.

Rev. Hazen's car ran out of gas
at the D. Woodside water tank last
Saturday.

Ruby and Rilla Powell, who have
been hitching with the Laughlin
girls in Wapinitia and going to
school, have changed their boarding
quarters. Ruby is staying with Mrs.
West and Rilla is helping Mrs. Earl
Burcham.

Tuesday morning the mercury
registered ten below zero, but the
Wapinitiaites who were up all hours
of the night hunting covers and
building fires, declared that it was
much colder than that during the
night.

Next Sunday morning Rev. Hazen
will speak at Wapinitia and in the
evening at Maupin.

Your Christmas Bank Account

THE holiday time is the time when a bank ac-
count comes in handy. It is then that heavy
inroads are made on the purse, for there
are gifts to buy for all members of the family, for
friends and relatives. Again the household comes
in for its share of expenditures. At that time every-
one expects something a little better for the table
than at almost any other time of the year, and this
costs money.

If there is a substantial bank account backing
the outgo, how much more comfortable and satis-
fied is the man who deposits his money in the bank
and who pays by check. He is then able to keep an
accurate account of every cent spent, as it has not
been dribbled away in divers small amounts, as it
might have done had he carried his change in his
pocket. That's logic.

This bank invites our people to make it their
place of deposit. It guarantees perfect safety and
perfect service in its dealings with its customers.

We Wish You All a Very Merry Christmas
and a Happy and Prosperous
New Year

COOK

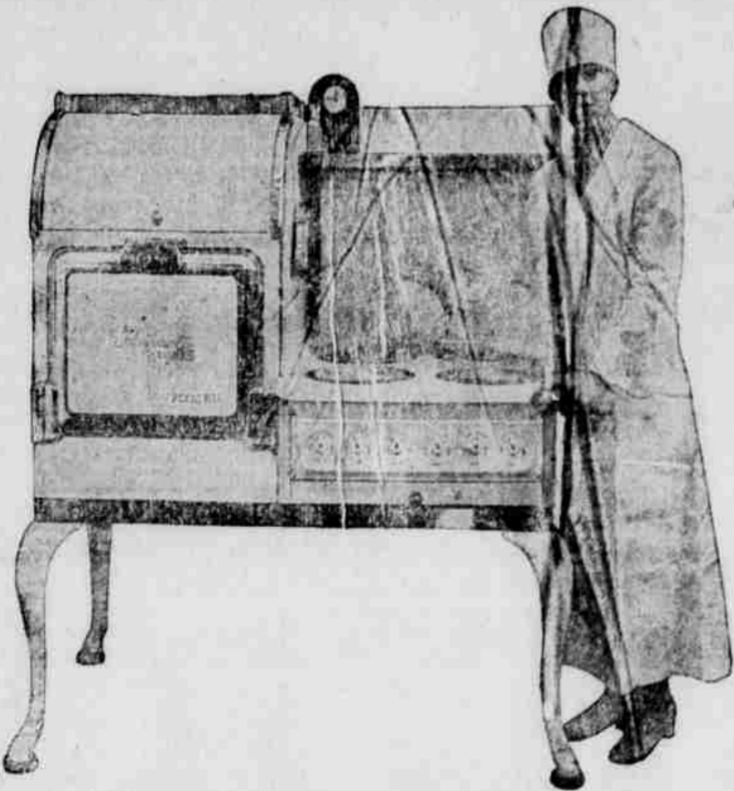

The Modern

way—

by using the

ELECTRIC CURRENT

Clean, Safe and
Sanitary

Time will soon be here when all domestic heating, lighting
and cooking will be performed by electricity. The electric en-
ergy is being supplied in greater volume every day, and mechan-
ical ingenuity is turning out more and more adjuncts to the shop
and home, with the view of lightening labor and providing more
modern conveniences in all lines.

In the forefront of electrical companies is that of the Maupin
Power Company. That enterprise has about outgrown its first
plant, and in the spring another and larger power station will be
placed in operation. When that is accomplished our people may
look for a marked reduction in power, lighting and domestic elec-
tricity rates. In fact a reduction is already announced, as will be
shown by the following, and those rates mean a great saving:

100 K. W. H. per month.....	10 cents per K. W. H.
150 K. W. H. per month.....	3 cents per K. W. H.
Excess over above.....	2 cents per K. W. H.

This means that under this rate 150 K. W. H. per month would
amount to but \$4.80 for cooking, heating and lighting; very low.
