our village blacksmith, at last succumbed to the prevailing epidemic, flu, and on Monday was compelled to seek rest at his home. He was out again on Tuesday.

Arranging For New Church.

Rev. G. E. McDonald, superintendent of the United Brethren conference, was in town a few days this week arranging for the construction of a church for that denomination. What success he met with or where the new edifice will be erected, we failed to learn. The building of a church was promised Maupin members of the U. B. faith at the conference held in Portland last October.

Clean Up Cemetery.

People who are interested in the appearance of the Kelly cemetery are requested to be at that site the first Saturday in April, bringing shovels, rakes and hoes with them, for the purpose of cleaning up the plot. This was to have been done last fall, but the rains coming early made the work impossible.

Has Gone To Washington.

Elmer Hornquist, well known to the "Woollie" gang of Maupin and a potential checker champion, left for Randle, Washington, Tuesday. He will remain there all the coming summer, having been engaged as assistant ranger on the west side of Mt. Adams. He served in the same capacity last season. While away Elmer will be served the news of Maupin through the medium of The Times.

Gabel Visits Old Friends.

Frank Gabel, who for many years conducted a sheep ranch on Natural Pasture, but who eventually turned the business over to his sons and then removed to The Dalles, was in town several days last week. Mr. Gabel met many of his old friends while here and indulged in pleasant reminiscences of old times in the Maupin country.

Visitor From Eugene.

Miss Elizabeth Enright, sister of one of our teachers of that name, is visiting the latter during the vacation of the state university. The visitor arrived last Saturday and will return in time for study at the higher place of learning.

Baseballists Out on Sunday.

The fine weather of Sunday induced quite a number of Maupin's baseballists to show up at the school grounds and indulge in batting and fielding exercise. There will be a town team organized soon, and then games will be arranged with neighboring towns.

Rev. Hazen Returns.

Rev. Everett Hazen and wife have returned to their Wapinitia residence after a few weeks spent at the

home of the former's parents in the neighborhood of Dufur. The elder Mr. Hazen has been quite ill and the son was called to assist in his care. Mr. Hazen, Sr., has nearly recovered from his sickness.

Bank Interior Brightened.

Painter Roache has been stretching his working hours considerably the past few nights, being engaged in calsoining and renovating the interior of the Maupin State Bank. The ceilings and walls have been given coats of cream colored calsoimine and the borders of the walls next the ceiling have been tastefully decorated with fine stencil work.

Ladies Aid Meeting.

The Ladies Aid of the United Brethren church of Maupin met yesterday with Mrs. Alma Richmond. Nearly the full membership was out and much sewing and fancy work was done, anticipating the bazaar to be held later in the season.

Making Gardens.

Many Maupin people are engaged in making garden these days. Plowing and spading yards is the order of the day, and in many instances vegetable seeds have been put into the ground, and in some places potatoes have been planted.

Harvested Garden Rocks.

George McDonald put in part of his time Sunday morning digging out and removing some large rocks from his garden spot. George is not built for such hard work, but such is his determination that when he had completed his labors his yard was as smooth as any city lawn.

Hadley Visits Hatchery.

W. O. Hadley of the state fish department was at Oak Springs hatchery on Monday. His coming at this time was to confer with Superintendent Smith regarding the holding ponds which are to be built this season. It was practically decided to construct the new pond, of a size of 30x90 feet, on the north side of the present ponds, between those and the railroad track. It is expected that work on the new pond will be commenced soon. When completed the new pond will hold four feet of water.

COME IN AND SEE US WHEN IN THE DALLES

PERSONAL MENTION

John Powell was in from his Wapinitia ranch on business Tuesday.

Leonard Farlow was a visitor at the county seat Wednesday, going down on business.

Carl Dahl was down from his shearing headquarters at Two Springs on Tuesday.

Charley Pierce was transacting business in Maupin Wednesday, coming in from the Flat.

Darrell Elwood visited a few days this week with his father, Dr. Elwood, Maupin's leading physician.

John Ayers of Smock was in Maupin on business yesterday. He was accompanied by his daughter, Miss Goldie.

Andy Kistner made a trip to Bend the first of the week, stopping at Maupin a short time on his way home at Tygh Valley on Tuesday.

George Nichols, wife and daughter passed through Maupin Saturday while on their way to The Dalles. Mr. Nichols is a druggist at Prineville.

A. L. Gillis of Wamic was in town on business Tuesday. Al, as secretary of the South Wasco Fair association, is getting ready for this fall's exposition, and this, with his farm work, keeps him hustling these days.

EAST MAUPIN NEWS

L. D. Kelly went to The Dalles Monday on a business mission.

John Mannion has gone to work for the Farghers on the sheep ranch.

Mrs. Owens of the Hotel Kelly spent Friday and Saturday in The Dalles.

The W. H. and O. J. Williams families spent last Saturday in The Dalles.

Miss Doris Kelly was a guest at the Hartman home at Wapinitia last week.

Elmer Hornquist left on Tuesday for Randle, Washington, where he will be employed in the forest service.

Mike Hesling, herder for the Connollys, is improving after a spell of the flu. He has been at the Hotel Kelly.

Andy Mann left on Sunday for the W. E. Hunt ranch, to assist in lambing. He will herd for the Hunt ranch the coming season.

Dr. Thatcher's Liver and Blood Tonic, the best medicine for spring ailments. \$1.00 a bottle at the Maupin Drug Store.

Chalmers Latest Victim. The sound of the anvil was not heard on Monday. James Chalmers,

Replace Your Bed Springs for Comfort

ONE night of the luxury of truly restful sleep on a Premier Tru-flex bedspring would show you, far better than words can describe, the actual discomforts that you suffer with worn, sagging bedsprings. Sagging bedsprings allow the spinal column, the nerve center of the body, to lie unsupported in a cramped, unnatural position. *The Tru-flex conforms comfortably to the body.*

Begin tonight to sleep in comfort! Change to the restful coils of a Premier Tru-flex bedspring, which will give you for twenty-five years the luxury of perfect restfulness and refreshing sleep.

Let us show you the Premier Tru-flex, which costs only \$23 and is guaranteed for twenty-five years by the manufacturers, the Premier Bed and Spring Co. of San Francisco, Seattle, Portland, and Los Angeles.

These Springs sell at \$23.00

wager is made after observing the amount of wire and iron rods Job Crabtree is tying onto the studding of the forms, getting ready for the concrete.

Dad Richmond says his place is 100% Shell—at that we raise to

remark that we will have to "shell out" when we patronize his service station—same as the others.

If it was as hard to organize a baseball team as it is to find people who are willing to assist in producing a play for the benefit of the local American Legion, there would be only two-old-cat and barn ball played in Maupin.

Billy Heckman has succeeded in piercing the strata of hardpan underlying the earth between the top of the ground here and the republic of China. After permitting water to run in the hole at the new garage for several hours, and it all draining out, Billy says he's sure some Chinese will declare another rain storm had hit them.

"Stub" Lister has returned to Maupin. He went to Shaniko to clerk in a service station, but as the "fight game" was not flourishing in the former metropolis of the range country, our redoubtable "scrapper" came home to shine in Ben Fraley's leather pushing shop.

Solo has its devotees as well as horseshoe pitching. At the tournament at Fraley's last Wednesday evening some of the best "soloists" in the country took part—ranging from pork raisers to tonsorialists.

The proposed hotel movement is attracting more or less attention on the part of Maupin people. We suggest that it be built on the hillside above Bill Staats' fish pond. That eminence commands a majestic view of the valley of the Dechutes and could easily be made accessible by the construction of a short road leading from the highway.

Mayor Butler was confined to the house several days last week with an attack of gripe. At that French did not lose his grip on things concerning municipal matters and his grocery emporium.

Lew Wilhelm is engaged in building window and door frames for the new garage. At that work Lew is the best what am. If there is anything that expert cannot do in the line of framing—his fellow man excepted—we would be pleased to learn of it.
