

NOTES FROM MAUPIN SCHOOLS

Thursday April 7, the preliminary track contest will be held. The winners will be Maupin's contestants at the county Track Meet at Tygh Valley, April 16.

A special "pep" assembly of the grade and high school students was held last Wednesday afternoon at the high school. The purpose of this meeting was to arouse further interest in the coming track meet and to show what had been done and what could be done. The program consisted of organized yells and speeches by the track winners of last year, by a few other students, and by the teachers.

Work has begun on the Senior class play, "Esmeralda." Each Senior and Junior has a part in the play. The parts assigned follow.

The Freshman and Mr. Nagel returned from the general science field trip just before school was dismissed Wednesday evening. Many of them were weary, but an enjoyable trip was reported.

The pupils of the Fifth and Sixth grades washed the windows Friday. You should see them now. These pupils feel they are improving in their arithmetic work.

Jim Slusher Henry Wilson and Bonney Duus were absent several days last week on account of illness.

We are expecting to put a runner in the C class girls at the Tygh track meet.

Next week will see all at the exams again.

Third and Fourth Grades
The children of the first six grades are planning an elaborate program, to be given May 6. Although the numbers on the program are not definitely determined, tentative plans are for having it in the form of a May festival, with May poles, flag drills, and a springtime operetta. An interesting feature of the program will be a competitive match between boys' and girls' teams winding the May pole. Each group will select its own colors and plan its own costumes which will be kept a secret from the competing group.

Third and Fourth grade hope to have entrants in both girls' and boys' class C 50-yard dashes, as well as in the boys class C broad jump.

Teacher to (seven-year-old) —"So you have broken off a tooth have you? How did you do it?"

Seven-year-old—"Oh, shifting gears on a lollipop."

Teacher—"You'll have to stay in after school and work on your geography lesson. You didn't locate a single one of the cities."

John—"What is mistletoe, a vine or a tree?"

Mable—"Neither; it's an excuse."

This modern age discriminates—and smokes Camels

THIS age is the hardest to satisfy—it's the most discriminating age ever known. That's why it goes to Camel for cigarette enjoyment. It takes real tobacco to satisfy modern smokers and Camels are made of the choicest tobaccos grown, marvelously blended. Smokers of today are right in demanding Camels; no better cigarettes are made, regardless of price.

To seek a real smoke is to find Camel—the choice of the modern world. Camels are a revelation of goodness, always mellow, smooth and mild. This age shows the way to smoke contentment—"Have a Camel!"
