act of March 3, 1879.

ARE YOU AN APOLOGIST?

If there is one way better than
another to ruin a town, it is for
those who live in it to go about
apologizing for its existence. There
are some who are always ready to
say by their actions at least that
this town don't amount to much.

This is all wrong. Even if it be
true, no resident of the community
can admit it without doing violence
to his self-respect, for the citizens
of the town make it what it is, and
such comparisons are not pleasing
when applied to one's own charac-

ter. If you don't think the town
will ever amount to much, we sug-
gest that the world is wide and the
road is open, and the vacuum creat-
ed by your absence will be noticed
by those remaining only in that de-
gree in which the atmosphere is
chastened by your removal. If you
must "knock," for goodness sake
have the grace to do it from outside.

Every good citizen of Maupin
should take a special pride in all
that pertains to our homes, schools,
amusements, business, climate, the
wonderful fertility and magnifi-
cent resources of our tributary
country. Everything should be
looked upon by our people as just as
good, or a little better, than any lik-
ing elsewhere, as indeed they are.

The town that says "we can,"
will always succeed. The town that
says, "Oh, I don't know, I don't
think it will amount to much," is
never of much force.

When you feel prone to do a
little knocking on this town and
country, just remember that none
of our established business concerns
or farmers are leaving this older
and proven section for the specu-
lative prosperity of the newer re-
gions. Development takes time, and
it will be years before any part of
the interior will possess the solid
prosperity of the Maupin country.

If you have no local pride, bor-
row some.

Seed Time

LAST week we told about
saving and preparing for a
harvest to enable you to en-
joy the fruits of your labor
in the years of old age. The
real time to begin sowing
for a life harvest is as soon
as you have accumulated a
sufficient amount to de-
posit in this bank—a dollar
will do as a starter. Then
follow this up religiously
and by the time you reach
your majority you will have
enough on deposit to make
a start in business for your-
self. Think this over.

Maupin State Bank

(INCORPORATED)

In talking about the arguments
advanced by this paper decrying the
practice of sending away from home
for what can be purchased here, one
of Maupin's leading residents said
the practice was the result of the
home merchants charging so much
for their goods. That may be true
in part, but that fact remains that
the profits made by the home dealers
stay here and do not go to fatten
the bank rolls of a foreign institu-
tion.

Erd. Paragraphe.
"Now comes word that Hell is only
20 miles from Eugene. That's
strange, for we always had under-
stood that it was exactly 20 miles
from Dufur."—Dufur Dispatch.
That's a hell of a slam at The
Dalles.

The offer of the Union Pacific
railway to give three cash prizes of
\$250 each to students should meet
with ready response. In addition to
the prizes writing the essays will
prove valuable experience to those
sending in letters on the subject,
"Cross Crossings Cautiously."

With a membership of nearly 20, and
more joining each meeting, the
Christian Endeavor of the U. B.
church is a living example that all
Maupinites are not heathens. The
work of the church is expanding and
much good is resulting from its
labors.

WELL, DO YOU?
"I've finished with that girl.
She insulted me."
"How?"
"She asked me if I danced."
"Was she insulting about that?"
"I was dancing with her when she
asked me."—Tit-Bits, London.
