

The Maupin Times

C. W. Semmes, Editor
C. W. Semmes and E. R. Semmes, Publishers

Published every Thursday at Maupin, Oregon

Subscription: One year, \$1.50; six months, \$1.00; three months, 50 cts.

Entered as second class mail matter September 8, 1914, at the post office at Maupin, Oregon, under the act of March 3, 1879.

The Dalles county fair committees are ready to report on site and other matters connected with the inauguration of a county fair at the county seat.

The appointment of Harold Clifford to the office of State Game Warden should meet with the approval of all Oregon sportsmen.

Oregon will continue in the first rank of fish and game states of the Union. While the editor of The Times was favorable to the retention of Mr. Averill, still he is satisfied the game commission made no error in its appointment of Mr. Clifford.

The fishing season will formally open tomorrow. Maupin may expect a rush of fishermen on each week end for the season and we expect to hear of many phenomenal catches.

The U. P. railway is arranging a special excursion to the Deschutes some time in the near future. Fishermen will be allowed to leave the train at various points on the river and will be picked up on the return trip.

AMERICAN WIVES FEED GOOD

Prepare Most Wholesome Foods For Husbands and Families
The average American is a well fed individual because his wife or mother or housekeeper is proud of the wholesome food she prepares and it is ridiculous to think there is a trend away from the family kitchen and home cooked food.

According to a compilation of figures for the year ended October 31, seven and one-half million women sought instruction in cooking from their local gas companies. During that period the home services departments of the gas companies taught 367,299 women in specially conducted cooking classes.

These figures prove conclusively that women are not deserting the family kitchen for public eating places, and that the women of America are taking a growing interest in the preparation of food. There is an appeal in the artistry of cooking, where perfection is a thing to be desired.

Bob Bell on Vacation.

R. B. Bell has entered upon a two-week's vacation, having left for Vancouver, Washington, yesterday morning. Bob has been faithful at the O. W. depot in Maupin and has justly earned a time for pleasure away from duty.

Dr. Short in Town.

Dr. Short, the well known Dufur dentist, is in Maupin on one of his regular professional trips. Dr. Short was compelled to forego his last visit because of the passing away of his wife, but here after will be here once a month regularly. His office is at the Home Hotel.

Will Visit Marshal's Family.

Marshal Derthick expects the relatives of his wife over from Tygh Valley to spend Easter. The popular Tygh barber, George Lofton, will be with the visitors.

Seltz Miller Goes to Mikkalo.

After working for the O. W. railway company in the canyon of the Deschutes for the past eight years, Seltz Miller and family, have gone to Mikkalo, on the Condon branch. Seltz wanted a change of atmosphere and thought the winds of the Condon plains might supply it, therefore he made application for that section and began his labors Tuesday morning, leaving for his new job Monday.

Wasco Store Burns.

The McCoy-Atwood general merchandise establishment at Wasco was entirely consumed by fire last Thursday morning. Fire apparatus from The Dalles in the shape of a chemical engine made the run to Wasco in record time and helped materially in saving adjoining property. The loss is placed at \$75,000 with insurance of between \$50,000 and \$60,000.

Bell Rope Broke—Train Late.

The passenger train on the O. W. was somewhat late Monday morning. It was said the bell rope broke causing a delay of half an hour at North Junction. Others were of the opinion that the tardiness was caused by a hunch entertained by the locomotive that several passengers were waiting at Maupin to take the train.

Spelling "Bob" Bell.

M. Curtiss is the supply at the O. W. depot, he relieving Bob Bell for the time being. Mr. Bell is away on a two-weeks' vacation and Mr. Curtiss was sent up from Portland to relieve him.

If your hens won't lay try Dr. Hess' Poultry Panacea. For sale at the Maupin Drug Store.

Business Trip to Portland. R. E. Wilson went to Portland Tuesday morning, being accompanied on the trip by Lew Wilhelm and Mr. Goshaw.

Went to The Dalles.

"Stub" Lister, well known young man of Maupin, went to The Dalles Thursday morning on the train. He expects to see that city and at the same time get a job in a service station.

Expert Plasterers Spread Floor.

J. E. Frantz and Fred Gibson, expert plasterers from The Dalles, were engaged in laying the top dressing of the concrete floor in the new garage the first of the week. Job Crabtree says the floor will be smooth enough to play ice hockey on when the concrete has dried.

APPRECIATION

The Ladies Aid of the United Brethren church desire to express their appreciation to the Odd Fellows for the donation of their hall and to the public for the patronage accorded them at their recent supper. The large turnout at that time was most gratifying to the members of the Aid and they are duly appreciative of same.

Seattle Visitor Here.

Niel Boydston, brother-in-law of M. M. Addington, road foreman, spent last Saturday with Mose and family in Maupin. Mr. Boydston is a resident of Seattle and was passing through on a business mission.

Oregon News Notes

Pendleton—Umatilla county poor farm leased for private operation.

Sweet Home—County is building new 200-foot span cable bridge across Santiam river.

Salem—Million-dollar addition to Oregon Pulp and Paper mill's almost ready to operate.

St. Helens—Knights of Pythias Lodge hall to cost about \$30,000.

Baker—Oregon Lumber company mill at Bates, and Gardiner mill at Austin, resume cutting.

Pendleton—Umatilla county wheat growers still have 600,000 bushels of 1926 wheat.

Madras—Oiling of The Dalles-California highway for 40 miles begun.

Rainier—Men's dress shirt factory to be built and operated here.

Klamath Falls—Important new gravel plant at Lobert is electrically equipped.

Condon—Union Pacific may use gas-electric cars on this and other branch lines.

Baker—Lumber mills here ship 4,000 cars lumber a year, worth \$2,500,000.
