Maupin Wins the Meet

Our High School Athletes Make points Enough to Cover
Another Meet—List of Events and Winners

"We won" became almost a chorus on the streets of Maupin Saturday evening when the students and school friends returned from the track meet at Tygh Valley. Interview anyone who attended the meet and he will tell you that it was a "great" day, and if this person is a Maupinite, he will have to say more than that. The final score showed Maupin with 83 1/2 points and her nearest competitor, Dufur, with 55 1/2. Maupin made ten first places in the twenty-five events and there were only six events in which she did not take any place. Some exciting moments came last Saturday, especially when Kenneth Snodgrass, who is about five and a half feet tall, succeeded in making first place in the high jump by jumping 5 feet, 3 inches; and when Bonney Dues in the class C broad jump made 13 feet, 1/4 inch, which was practically a foot beyond his nearest opponent, Miller of Wapinitia. Who jumped 12 feet, 1 1/2 inches. Theodore Kirsch made third place in this contest by jumping 11 feet, 10 1/2 inches. The class girls' relay team consisting of Merle Snodgrass, Doris Bonney, Alene Greene, and Alvia Crabtree brought much praise by the cheerers when it won by a margin of a few inches. The javelin throw, an event scheduled for the first time this year, brought first and third places to Andrew and Jesse Crabtree. Andrew hurled the javelin a little over one hundred feet. Kenneth Snodgrass lacked by 1/4 inch of making the first place in the broad jump. The record of his three jumps reads: 17 feet, 9 1/2 inches; 17 feet, 2 1/2 inches; and 17 feet, 7 inches. Stanley Wood made as many first places as he could enter events, that is three. Earl Greene made third place in one of the most enduring events of the day—the mile run. Earl made second, and Clarence Hunt third in the 880 yard race. The official report of the track meet will be issued soon. The spirit of the Maupin group was particularly commended. All in one, it was a glorious meet, from the first race, which was not won, until the picture of the Maupin group was taken.

A special assembly was held Monday morning to inspect the cup which was given to the Maupin school Saturday. At that time much praise was expressed of the participants in the track meet and also of the energetic way which the teachers trained and trained the contestants. The cooperation of the rest of the school helped, too, to make the whole affair a success.

The date of the May festival planned by the lower grades has been changed to May 6. The change was due to the senior class play at Tygh Valley, which is scheduled for May 7th.

The high school baseball squad will play its first game Friday, the 22nd, at Dufur with the high school team of that town. If the enthusiasm and training from the track meet lasts, this will be another victory for Maupin.

Baseballists Out
Maupin High School baseballists had their first real workout and practice last Monday. After winning the Wasco County track meet the boys are digging in and promise to give every other school a good wallop in baseball, and with the material out there is nothing to prevent such an occurrence.

Right now, light workouts are being held at noon to develop a fast snappy infield, and a good dependable outfield. All arms are in good shape and throws are becoming accurate as the lameness disappears.

For pitchers, "Stan" Wood and Andy Crabtree are showing some mighty good stuff, and "Stan" shows promise of being able to make the grade against Dufur in the opener next Friday. At the receiving end, Orville Fraley is going great and is getting his peg down in good shape. At first, Cyril Fraley is stretching his long self out and snagging everything his way. At second, Ken Snodgrass; at short, Earl Greene and Jesse Crabtree; at third, Elton Snodgrass, are all showing up fine and give promise of developing into one of those snappy, dependable "million dollar" infields. For outfield positions, Hunt, Kidder, A. Crabtree, Jim and Art Appling, Estal Stovall, and Knighten are getting their eyes on long flies, and getting able to judge drives, even in these howling winds of the last few days. The boys all promise to give Maupin a dandy fighting baseball team.

At a meeting last Monday "Budge" Greene was elected as captain of the 1927 "nine." Budge is a good man and will help the coach a lot in directing our victorious Maupin baseball "nine."

Maupin Proves Superior To Wamic Baseballists

Ziggenhagen and McCorkle Twist Them Too Crooked For Visitors

Maupin's "Stubble Jumpers" and the Wamic "Loggers" tangled in a game of baseball in Maupin last Sunday, Maupin winning by a score of 7-2. Clarence Ziggenhagen and Lester McCorkle worked the points for Maupin, while Clarence Woodruff did the heaving for the visitors. Maupin meets Tygh Valley here next Sunday and the following Sunday Maupinites will see the fast Madras team in action here. Other games have been arranged for several Sundays to come, notice of which will be made in the columns of The Times.

POSTOFFICE MARAUDER FOUND

Proved To Be Young Boy With Penchant For Other's Goods

By a little detective work on the part of Postmaster Frank Turner the boy who reached through a box and abstracted some parcel post packages was apprehended and restoration of the goods made. Mr. Turner suspected the lad and went to his home in quest of the stolen articles. The boy upon being accused, strenuously denied taking the parcels, but when aware that his guilt was known acknowledged being the purloiner and restored the articles taken. The boy seems to have a penchant for other people's property, as things belonging to neighbors were taken by him, a fact which was made known by the owners finding them. In one case an article was stolen and partly camouflaged with a coating of paint.

D. M. Shattuck Visits Here.

D. M. Shattuck, former member of the firm of Shattuck Bros., with his wife and mother, Mrs. J. W. Shattuck, came up from Portland Saturday and visited with Bates Shattuck and wife over Sunday, returning to the big town Monday morning.

The Union Pacific's special Dairy train of seven cars will be in Maupin next Tuesday afternoon, stopping here for two hours, between 4:40 and 6:40. Those of our people who are interested in dairying and dairy subjects will do well to visit the train while here. Interesting displays of fine dairy stock will be made and some elevating and instructive talks given on the subject of dairying by men who have made a life study of same.

Here For Track Meet.

Maupin people were agreeably surprised last Friday evening when R. Geiser, former principal of our high school, with his wife drove into town. The Geisers came over from Battle Ground, Washington, for the purpose of taking in the track meet at the Tygh Valley fair grounds. Mr. Geiser has been invited to head the teaching force at Battle Ground next year, and the directors thought so highly of his work that they voted him a substantial increase in salary. Two more teachers, making 18 in all in the schools under his supervision, have been engaged to teach there next year.

Fine Easter Program.

The Easter program of the U. B. Sabbath school, held at the church on Sunday evening was most appropriate to the occasion and was rendered in fine shape by the scholars. Nearly every member of the Sabbath school had a part and each acquitted himself or herself with credit. The solos by Mrs. R. E. Wilson and Mrs. J. H. Woodcock were especially fine, while the numbers by the quartette were timely and appropriate.

Tygh Beats Antelope.

Tygh Valley baseballists seem to have all the luck possible this season. On Sunday they again took in the Antelope team by a substantial score. Stanley Wood officiated in the box for Tygh and the Antelope boys found great difficulty in solving his slants and speed.

The play will be staged by the members of the senior class of that school, and is said to be one of the best ever cast for three acts. Following are the members who will take part with the characters each will represent:
George B. Nettleton, Henry McGreer, T. Boggs Johns, Clair Norval, Krome, Robert Holman, Sally Parker, Alberta Wing, Thomas J. Vanderholt, Arthur Muller, Tony Taler, Milo Steers, Mr. Appligate, William Cervin, Office Boy, Albert Padgett, Shipping Clerk, Howard Crawford, Mrs. Geo. B. CLARNO-ANTELOPE FIX ROAD

Connection With John Day Highway About Ready For Road Gangs

The county board went over the contemplated extension of the road from Antelope to Clarno, and upon their return agreed that such extension would be of great interest to this county, therefore have let a contract and road crews will soon be at work on the section.

Monday a construction crew passed through Maupin on the way to Antelope. They had a large number of horses and road building equipment with them and were going there in order to make arrangements for quarters to be used while at work on the highway.

The building of this unit will prove of great interest to Maupin, as it will make direct connection with the John Day highway, over which travel is increasing every year. The new road will lessen the distance from the John Day to The Dalles and will decrease the mileage toward Portland when the Wapinitia cut-off is completed, thus diverting a great many travelers this way.

Road Boss Says Goodbye.

R. P. Newland, for some years at the head of this part of the state's road program, was in Maupin a short time Saturday, bidding goodbye to the men who have been under his supervision since The Dalles-California highway was constructed. Mr. Newland has accepted the job as chief of all road work in Montana, and expects to soon leave for his new field of labor.
