

PERSONAL MENTION

Dr. Elwood made a business trip to The Dalles on Monday. L. C. Henneghan and wife made a short visit to The Dalles yesterday. Leonard Farlow spent his Sunday in the neighborhood of Bear Springs. Lester Brittain and wife were Maupin visitors from Tygh Valley on Monday. L. D. Kelly and wife motored to The Dalles on business Monday of this week. Mrs. W. B. Knox and daughter, Esther, were over from Tygh Monday evening. W. B. Sloan and wife and G. J. Van Duyn and wife were visitors in Maupin Tuesday. Misses Margaret Elliott and Hilda Norval were in Maupin a short time Tuesday evening. George Mallatt and wife motored to The Dalles Tuesday, coming from their Bakeoven ranch. Mr. and Mrs. Clyde T. Bonney were over from Tygh Valley a short time Tuesday afternoon. Rev. W. A. Matthews, in charge of the church at Simnasho, was in Maupin on business Monday.

Mr. and Mrs. Howard Ny came in from Wapinitia Tuesday for the purpose of doing some trading. F. M. Bothwell, with his wife and children, attended to business matters in The Dalles on Monday. Roy Batty came in from his Wapinitia ranch Monday and transacted business with Maupin merchants. Jesse Cox left his Wapinitia ranch long enough Monday to transact business in Maupin that day. B. D. Fraley spent several days of last week in Portland on business connected with the Maupin garage. Dick Harris came in from Bakeoven Tuesday in order to send in his tax money to Sheriff Chrisman. Ernest Confer and wife were in from the ranch and attended the Maupin-Madras baseball game last Sunday. Philip Goshaw accompanied the Bothwells to The Dalles Monday and attended to his property interests there that day.

Among those from Tygh Valley who were in Maupin Tuesday were: Mrs. Clyde T. Bonney, daughter, Thelma, and F. L. Wertz. Al. Gillis of the Southern Wasco County Fair Assn., was in Maupin on business connected with this year's exposition last Friday. Mr. and Mrs. C. G. Bertrand and Mrs. Michael Joyce of The Dalles, Oregon, and Miss Alberta Bertrand of Portland, Oregon, were entertained at dinner Sunday by Mr. and Mrs. E. W. Griffin.

Relief Man Curtins left Sunday, after having filled Bob Bell's place for two weeks at the O. W. depot. Jim Rusic was in from the Troutman ranch Sunday last. Mrs. Jim Rusic visited at the Allen home on the Flat a few days of last week. Bob Fortuna and Lady Mann were in from the Hunt sheep ranch last Saturday. R. B. Bell has returned from a two weeks' visit at his home at Vancouver, Washington. Mrs. L. D. Kelly and Doris attended the U. B. conference at The Dalles last Saturday. Mrs. W. H. Williams was called to Portland Saturday by the death of her brother in an auto wreck. D. J. Butcher and wife of The Dalles and P. T. Lea and Wife of Portland, visited with the Catons last Friday.

Work of Mischievous. During the dance at the new garage someone possessing more nonsense than common sense gave the firebell several taps—sufficient to awaken many sleepers. The one who did the act is known, and he is cautioned by the city authorities that if there is a repetition of same someone is apt to have to pay a good-sized fine. A word to the wise is sufficient.

On Pioneer's Day Program. Two of the numbers on the program for the sixth annual reunion of the pioneers of Wasco county, to be held at The Dalles on Saturday of this week, will be offerings by Dr. W. A. Short of Dufur and Mrs. L. D. Woodside of this place. Dr. Short is down for some vocal solos, while Mrs. Woodside will give a reading. The doctor is known as being a fine singer while the lady is gaining recognition as being one of the best and most interesting interpreters of readings in Eastern Oregon.

Fishin' Mighty Poor. Disciples of Izak Walton are bewailing the weather and condition of trout streams in this section. The Deschutes was fairly clear a day or so the first of the season, but lately that river has had the appearance of the Missouri—called "Big Muddy." The smaller streams have been visited by many and some fairly good catches made, but on the whole fishing has been on the bum.

Feathered Poachers. Bill Staats has not definitely decided when he will permit fishermen to cast flies into his trout pond after some of the speckled beauties which inhabit that water. But there are several fishermen who disregard all restrictions against poaching and proceed to take fish from the pond whenever they want to. The fishers are of the "King" variety, and several of them feed daily on the fish Bill raised.

Fine Rain Monday Night. That needed element, rain, fell for some time Monday night, the fall being extremely heavy in the neighborhood of The Dalles, and extending all over this section. The creeks in the canyons were running fairly full Tuesday morning, while creeks like Eight, Five, and Fifteen Mile were raised by the rainfall. More precipitation fell between The Dalles and the top of Tygh Ridge than was noticed in the vicinity of Maupin.

A free enlargement with each 50 cents worth of pictures printed at the Maupin Drug Store. Concerning Timber Uses. American Forest week originated in the Pacific northwest in 1920. It has been observed nationally since 1921. The 1927 observance will be April 24-30. In the United states there are eighty-one million acres of idle land fit only for growing trees, that must be put to work.

Ballad of Go-Getters. I hate to be a kicker, I always long for peace. But the wheel that does the squeaking is the one that gets the grease. —Sanford Herald. You tell 'em kid—you're peaceful and not too hard to please, But the dog that's always scratching is the one that has the fleas. —Miami Tribune. "I hate to be a kicker" means nothing in a show; The kicker in the chorus is the one that gets the dough. —Youngstown Telegram. The art of soft-soap spreading is a thing that palls and stales, But the guy who wields the hammer is the one that drives the nails. —Cleveland Plyn Dealer.

BALLASTING O. T. ROADBED

Double Header and Single Train at Work Out of Maupin. The O. T. Railway company is going ahead with the work of ballasting its roadbed between Metolius and Bend. There is a double header staying at this place each night and a gravel train loading at various gravel banks. The latter train pulls in here in the morning, its loads being picked up by the double header, which takes the gravel up the river. There it is spread on the track. This will be kept up until the whole mileage between Metolius and Bend has been covered.

MANY ATTEND CHRISTIAN ENDEAVOR MEET SATURDAY

Annual Meeting of District Societies Held at The Dalles. Last Saturday was the date of the annual meeting of the Christian Endeavor societies of the U. B. church of Wasco county, and a great number were in attendance. The meeting was held at The Dalles and Mrs. O. P. Weberg and daughters, Helen, Lela and Mabel, Mrs. Chas. Crofoot, son and daughter, Mrs. L. D. Kelly and daughter, Mrs. C. W. Semmes, R. E. Richmond and wife, Prof. L. V. Broughton and Miss Berta Mathews went from Maupin and were in attendance.

Ladies Aid Contributes.

At a special meeting of the Ladies Aid of the United Brethren church of Maupin, held one evening last week, it was decided by the members to raise the sum of \$500 toward paying for the new church building. There was some opposition to pledging that amount, but the majority seemed to be in favor of that sum, therefore the pledge.

Soliciting Building Subscriptions.

Revs. McDonald and Hazen are making a survey of the Maupin district with the idea of soliciting subscriptions toward building a new church edifice in this city. We understand it is proposed to erect a building to cost about \$7,500.

Dances at Fair Grounds.

C. M. Plyler announces through these columns a series of dances, to be held at the pavilion at the fair grounds at Tygh Valley, the first of which will occur on Saturday evening, May 7. As an added attraction and one which the manager anticipates will be a drawing card, he will give a diamond ring at each fourth dance, said band to cost \$50.00. Good music will be on hand. Mr. Plyler will also put on a picture show each dance evening.

Many Attend Free Dance.

The house-warming dance at the new garage last Saturday night was enjoyed by a large crowd, and all seemed to like the concrete dancing floor. Old-fashioned music was on hand to give zest to the dances, and all seemed to have one of the best times of the season.

It cost the federal government \$500,070 to fight the 1,490 forest fires on the national forests of Oregon and Washington last year.

Oregon and Washington now produce about one-third of the total lumber cut of the United States. Railroads use about 120 million new wood ties every year.

Bob Hayes, manager of the Shell Oil company's plant at The Dalles, was taught the game of cribbage by R. W. Richmond. Last Saturday Bob was in Maupin and proceeded to show Richmond just how the game should be played. Of course the oil man did not win every game, but at that made our service station man ponder about what cards to put into the "crib" and just how to head off his pupil.

Tom Henneghan is in town again after a sojourn on Natural Pasture, where he was directing a bunch of horses during plowing operations. Tom says a mere matter of four sections of land has no terrors for him when it comes to turning them over and dragging the clods down. At any rate he is now ready for the river to clear sufficiently for some of the large trout to see his spinner.

Mose Addington must have a lame wrist or else his razor possesses a weak rivet. Those things must be the reasons for the heavy crop of whiskers which adorn his otherwise pleasant physiognomy. But whiskers or no whiskers Mose should be patted on the back because of the excellent condition of the highway under his supervision. For the whole length thereof there is hardly a broken place and a car rides over it as smoothly as it would over a concrete floor.

CLASSIFIED LOCALS

WHITE RESTAURANT MOVES

C. N. Sargent, Pioneer Restaurant Man, Opens New Establishment

Twenty-eight years ago C. N. Sargent opened a restaurant in The Dalles and during the time from then to date he has been in the catering business at Wasco's county seat. For the past 11 years he has been conducting the White Restaurant, and has built up a clientele the envy of all his competitors. His business has outgrown his old quarters, necessitating larger accommodations, therefore he has fitted up the west room of the new garage building just across from the old White Restaurant and will open its doors to the public today. The dining room and kitchen have concrete floors, over which is spread heavy linoleum. A new restaurant range, Frigidaire refrigerator, tables, chairs and other adjuncts to a first class eating place have been installed. The cafe is as sanitary as modern science can make it. Mr. Sargent will take all his old restaurant force with him to the new location. He desires to call the attention of the people of this section to the fact that he will continue to serve patrons the same as of yore, providing the best of meals, at a minimum price and guarantees service second to none. Maupin people when in The Dalles will do well to patronize this cafe as it is noted for the excellence of its cuisine and the reasonableness of its charges.

Job Crabtree has about completed the new garage for the Tillotson Motor company. If Job never does another job of building in this section the garage structure will stand as a monument to his handiwork. (Job would have to go a long distance to find a better constructed edifice, or one which was erected in a shorter time, everything considered.)

A funny thing happened at the ball game on Sunday. The second baseman of the Madras team attempted to stop a batted grounder, and in so doing leaned over a little too far, apparently standing on his head in the attempt to field the ball. He remained in that position long enough for two Maupin players to score on the hit.

Now that the spring work is about completed wouldn't it be a good plan for the local legion post to arrange for a spring dance? It seems to us that a large number would attend a hop at this time, as there has not been a dance in Maupin for several weeks.

Superintendent Gronewald was in Maupin last week and while in this vicinity went to the Connolly ranch, procured a horse and made the deshoued us a fine catch of trout, about cent into the Bakeoven canyon. He 26 in number, which shows that the head of our county schools knows something else than that taught in the text books.

Frank Turner has sold a tract of 80 acres and his holdings are now confined to Maupin alone. Frank homesteaded the tract several years ago, built cabins, fenced the 80 and made it homelike. Now it will provide grazing ground for some bands of sheep.

CARD OF THANKS

We wish to extend our heartfelt thanks to all those who remembered our departed mother, Mrs. Bertha May Beebe, by bringing flowers to lay upon her bier and also for the many sympathetic utterances bestowed upon us at her funeral. Mr. and Mrs. Ernest Beebe of Condon. Mr. and Mrs. Perry Beebe, Clarence Beebe.

WAPINITIA I. O. O. F. meets every Saturday night in Lodge No. 209, Maupin, Oregon, I. O. O. F. hall. Visiting members always welcome. O. F. RENICK, N. G. E. R. RICHMOND secy.
