PERSONAL MENTION

Newton Crabtree visited with The Dalles friends a time on Tuesday.

W. H. Staats and wife transacted business at The Dalles on Monday.

Bernard Welch came in from Wamic on his regular weekly shopping trip Monday morning.

Gordon Metteer and wife visited with the former's parents at Fossil the latter part of the week.

Mrs. L. A. Bleakney of this place was registered at the Bank Hotel, The Dalles, last Friday night.

Antone Bertone, section foreman at McLennon, with several of his crew, was in Maupin on Sunday.

Roy Crabtree and wife were visitors in The Dalles on Tuesday, going down from their Juniper Flat ranch.

Mrs. J. F. Kramer, accompanied by Mrs. G. I. Derthick, drove to The Dalles Tuesday, returning in the evening.

Mrs. S. E. Ray of Prineville was a visitor of her brothers' B. F. and Clark Richardson a few days last week. She returned home on Monday.

Joe Kramer went to The Dalles Tuesday after a load of sewer pipe for Dr. Elwood's new addition to his residence and office.

S. J. Brown and wife were in the Dalles on Tuesday and while there Mrs. Brown visited a dentist to have work done on her teeth.

Charley Brown has resumed his seat as driver of The Dalles-Maupin stage after a short vacation, part of which was spent at Saleus.

C. E. Roach, the painter, has returned to Maupin after a short time spent at the L. C. Henneghan ranch, where he brightened the buildings.

S. B. Meiser, wife and daughter, Nell, arrived from Connell, Washington, last Saturday and remained as guests of Mr. Meiser's cousin, Geo. Tillotson and wife, until Tuesday.

John Fitzpatrick came down from the Mutton Mountain Sheep company's ranch on Tuesday and yesterday went to his home at Tygh Valley.

Mrs. Lona Healy, cousin of John Confer and Mrs. Alvis Martin, arrived from Bloomingdale, Michigan, last week on a visit to her relatives.

Grade Schools' Festival Pleases Many Maupinites

When all has been said about the May Festival given by the grade schools of Maupin, the consensus of opinion is that it was the finest exhibition of the kind ever attempted by any school in this section.

The entertainment opened with a spring song by the Fifth and Sixth grades. This was followed by a juvenile operetta—"A Day in Flowerdom," in which a great many spring flowers were represented in character and costume. The cast indulged in many graceful dances, sang appropriate songs and rendered dialogue germane to the play and time of year.

Following the operetta sixteen boys went through the mazes of a flag drill. Beautiful and intricate formations were executed with a precision delightful to behold and drew plaudits from the large audience. The drill reflects great credit upon their instructor.

Eight little girls next executed a pretty "daffodil" dance, going thro many graceful evolutions, each dancing with rhythm and poise usually shown by older scholars.

The winding of the May Pole was text on the program. Twelve girls went through an entrancing dance around a pole and then wound in and out, completing the act with the final winding of the pole. Their colors were pink and green, and when they had completed their work the pole resembled a neatly checkered staff. The boys then proceeded with their part of the program. That corps went through the same evolutions as did the girls, completing the work by winding the pole. Their colors were black and white. Upon completing the winding, three people, Supt. Gronewald, Mrs. Emma West and Mrs. Leone Miller, as judges, decided the girls had won over the boys by a margin of two points. Principal Nagel then gave each of the winners small tokens as prizes, as he also did to the boys.

The whole affair reflects great credit upon teachers of the grades, Mrs. Lucile Cantrell, Miss Majorie Tillotson and Miss Mamie Bostrack. The musical end of the program was under the direction of Miss Tillotson and that she is a capable instructor was shown by the students in their many songs and dances.

The stage settings resembled a bower of flowers, the sides and back being draped with branches and posies of all kinds. Taken all in all we are with all who attended the festival in saying that for beauty of arrangement, novelty of costumes and accuracy in detail the May Festival of the grade schools of Maupin

was a production of which all Maupinites have reason to be proud.

Juvenile Precocity.
In this day and age juveniles seem to take on the ideas and desires of their elders in a remarkable degree. As evidence of this we print a letter, written by a small grade girl to her friend, which says:

"Dear _____
"How are you?
"I will tell you who I love now since _____ left me. I love _____. He took me to the dance and kissed me and hugged me, too. I am going to be married Saturday. He said he would marry me Saturday.
"Your loving friend,
"_____"

Will Go To Reunion.

Newton Crabtree is preparing to go to Scio, where he will attend the annual reunion of the Crabtree Clan. These reunions are an event in the lives of all of that name in this section of Oregon, and are looked forward to with great interest, and are always attended by a large gathering.

Began Building Addition.

Dr. Elwood is busier than a rat at a cheese, he directing the construction of an addition to his residence. The concrete for the foundation and walls of the basement has been poured and the superstructure is going up fast.

When completed our doctor will have as comfortable and roomy home as could be desired.

Will Cost Two Plunks.

Subscribers to The Times are reminded that, beginning June 1st, the subscription price of the paper will be two round dollars a year. We have enlarged the publication and as this costs considerable extra money we have been compelled to "pass the buck" to our readers. Those in arrears, and who show no disposition to pay up will be dropped. We would rather have 200 paid up subscribers than carry 400 with only half of them having credit on our books.

Will Paint Abbott's Residence.

Claude E. Roach will go to the J. P. Abbott ranch Sunday and while there will give the ranch building a coat of paint, the roof included. As soon as that job is completed Roach expects to go to Tygh Valley, where several jobs are awaiting his artistic brush.

Will Attend Convention.

The state convention of Odd Fellows and Rebekahs of Oregon will be held at Astoria, beginning next Monday. Delegate from the local lodge of Odd Fellows will be C. F. Pratt, who, with his wife will be there. Mesdames F. C. Stuart, L. C. Stovell and Mayhew will go as delegates from Wapinitia Rebekah lodge.

Begins Shipping Guano.

Richmond & Son have begun hauling sheep guano from the Hunt sheep ranch and as son as they have rigged up their grinding plant will begin shipping. They have a big order from the Willamette Valley, which will be sacked. Orders for several carloads are on file and these will be filled as soon as the raw material can be hauled and ground.

Are You A Sensible Woman.

It may astonish the housekeepers of this country to learn that most fires occur in homes and that most fires start in kitchens. The loss and damage to homes in insured city dwellings amount to about \$65,000,000 a year, a very large percentage being preventable. About 15,000 persons are burned to death each year in the United States, a majority of the victims being women and children.

An educational leaflet issued by the National Board of Fire Underwriters observes that the numerous fatalities due to carelessness in handling of matches, gas, kerosene, gasoline, electrical attachments and astonishing that any sensible woman would use kerosene or gasoline to accelerate a sluggish fire.

A gentle little snow storm prevailed at Tygh Valley last Tuesday morning. The hills were covered but the snow melted as it fell in the valley.

Maupin defeated Wamic in a baseball game here last Sunday, the score being 10 to one. Next Sunday Maupin will tie up with Moro on our grounds. The following games are scheduled for the Maupin team: May 14, with Moro here; May 21, Maupin vs. Gateway, at Gateway.

The local Tam-A-Lum people have been awarded the contract for the construction of a wood crib grain elevator with a capacity of 100,000 bushels, for the Hunt's Ferry Warehouse company. It is to be completed by the first of August.

The third room of the local school building will be finished up this summer and used for a high school department. September 4 is the date set for the opening of the Maupin schools this year.

The Shattuck block looms in fine view. The roof has had a dressing of red paint, the windows are in place above and at the rear of the structure while the spacious hall will be in readiness for the big event Saturday night.

Wednesday night Maupin and Tygh Valley suffered the worst damage by frost ever known in this section at this time of the year. Bonney, McAtee, Morganson and others at Tygh report their fruit and some vegetables completely ruined. G. W. Vanderpool's beautiful fruit and garden outlay met the same fate, while the orchard of R. Johnson on the bench north of Maupin has not been noticeably injured, although his potatoes were touched to some extent.

Likes Maupin Times.

D. L. Rutherford, one of the progressive ranchers of the Criterion section, was in town Sunday and made this office a visit. Mr. Rutherford is so well pleased with our efforts to give this part of the country a newsy paper that he continued his paper for another two years. Who's the next ones to do likewise.

Anent the recent festival by the grade schools was the following: One little girl was overheard singing one of the songs of the operetta, and the word "hero" was used. Upon being asked what the meaning of the word was she replied, "stamp your foot and clap your hands."

Tom Henneghan still lives up to his reputation as the champion fisherman of Maupin. Last Saturday he went out and when he came from the river was loaded down with a string of 16 large redsides. And the water was far from being clear at that.

If Governor Hartley of Washington had a few more supporters like Bob Bell there would be no doubt of his reelection. Bob recently returned from a two-weeks' vacation at Vancouver, Washington, and while there seems to have been converted to Hartleyism, as he prophesies a return to office of that obstreperous individual.

There is one young lady in Maupin who was much depressed Sunday night. A young lothario had asked her to accompany him to the picture show that evening, but when the time came to go the fellow failed to show up. As a consequence he has lost countenance with the said young lady and stamped himself as being very inconsistent.

Secretary Mellon has issued a call for the redemption of second liberty loan bonds, these approximating \$1,700,000,000. Now that the call has come we can imagine many Maupin people rolling in affluence, as, of course, a large portion of those

bonds were taken by our people.

Now that Richmond & Son have resumed shipments of guano we may expect the hum of their grinder to awaken Maupin people early in the morning. That firm is composed of hustlers and a little thing like sleep does not concern them when there is a chance to live up to their reputation as fertilizer shippers.

Of all the family men in Maupin Ollie Weberg is one of the best. Works on the ranch all week then comes down and stays long enough to split the week's wood and help do the family washing—turns on the juice at the motor of the machine and watches the wheels turn.

Joe Kramer's business is picking up with leaps and bounds. In fact its increase is such that Joe will soon be compelled to employ a mechanic to assist in the shop. By doing that he will have more time to devote to the building of the bungalow he is excavating for.

Doctor Stovall is between a sweat and a stew. As manager of the "Stubble Jumpers" he is in duty bound to attend all games, and at the same time the lure of the Deschutes is so strong that our worthy druggist can hardly resist its call.

The Williams camp ground on the East side is proving a profitable proposition. Each night finds a number of tourists and fishermen encamped therein, while the nearness of supplies such as stables, gas and

oil makes the grounds a favorite stopping place.

TO ALL HOLDERS OF SECOND LIBERTY LOAN BONDS NOTICE OF REDEMPTION

All outstanding Second Liberty Loan 4 per cent bonds of 1927-42 (Second 4's) and all outstanding Second Liberty Loan Converted 4 1/2 per cent bonds of 1927-42 (Second 4 1/2's) are called for redemption on November 15, 1927, pursuant to the terms of their issue. Interest on all Second 4's and Second 4 1/2's will cease on said redemption date, November 15, 1927.

Holders of Second 4's and Second 4 1/2's will be entitled to have the bonds redeemed and paid at par on November 15, 1927. Such holders may, however, in advance of November 15, 1927, be offered the privilege of exchanging all or part of their bonds for other interest-bearing obligations of the United States. Holders who desire to avail themselves of the exchange privilege, if and when announced, should request their bank or trust company to notify them when information regarding the exchange offering is received.

Further information may be obtained from any Federal Reserve Bank or branch, or from the Commissioner of the Public Debt, Treasury Department, Washington.
