### WILL REGRADE PART OF THE WAPINITIA CUT-OFF

Five Thousand Yards of Earth to Be Moved in Raising Grades and on Cushions.

The contract for graveling the Wapinitia cut-off has been let to a Washington firm of road builders. Before graveling operations begin it will be necessary to raise the grade of some sections of the road and to build cushions on others. It is estimated that it will require at least 5,000 yards of earth to be moved in the work. The engineer in charge has been in consultation with H. M. Greene of this place and it is possible he will be given a contract on the regrade work.

### Wasco in Health Column.

A bulletin recently sent out by the State Board of Health designates Wasco as being one of the most healthful counties in the state. ### Crabtree Hauling Wheat.

Job Crabtree, who is noted all up and down the country for his construction ability, is busy these days putting in new windows at the Wilson store. No, Horatio, that voice which answers your telephone call is not possessed by a concert singer. It is Miss Helen Weberg who asks your number you want. Miss Weberg is at the switch board of the local telephone exchange and her service in the capacity is favorably commented upon by all subscribers and users of the line.

### Lee Jackson Sells Out.

L. F. Jackson, who, for some time past has been conducting a meat market at Tygh Valley, has disposed of his shop and equipment to E. R. Webb who will operate in that line in our neighboring village. Just what Lee will do in the future we have not learned, but it is a cinch he will not remain idle a great while.

The Mutton Mountain Sheep company recently sheared between 9,000 and 10,000 pounds from their flocks, all of which Mr. Hunt took off their hands and now has it stored in the warehouse. Besides this clip Mr. Hunt has purchased several farmers' clip of wools.

We have begun to believe that a man's friends are numbered according to the number of dollars he possesses. If a man is worth a million the whole world bows to him; if he is working from hand to mouth his friends make their friendship known about pay day.

Now that the contract has been let for graveling the Wapinitia cut-off, we expect Maupin's leading road builder, H. M. Greene, to get in and get a good slice of the work to do. Greene constructed a stretch of that road bed and it is said that his work was the best on the job.

Ben Fraley's offer to let anyone use his shop and tools wherein and with which to do their own auto repairing is meeting with response. Many of his old customers are taking advantage of the offer and, as a consequence, his shop presents the appearance of a big city garage.

Maupin's dealers in ice cream are bewailing the cool weather. Last year at this time all dealers were taxed to supply the demand for the cooling delicacy, but so far the trade in ice cream is almost at a standstill.

Charley Brown, owner and operator of The Dalles-Maupin stage line, is authority for the story of that woman, which this paper mentioned a week or so ago as making absurd statements concerning the stage running in a circle off the road, was been awarded the sum of \$1,400 as compensation for a scratched knee. At that rate there is hardly a person in Maupin but would have both knees scratched for that sum. An insurance company paid her claim.

It has been said that "the prayers of the righteous shall prevail." We realize the truthfulness of the proverb, and further state that those prayers, coupled with the real truth, will have a great deal to do with proving the innocence of two wrongfully accused men.

Those of our ranchers who are debating their exhibits at the coming fair are advised that there will be four days of the exposition this year. New accommodations will be provided for exhibits and an entertainment program, better than ever before, is in view. Secretary-Manager Gillis is leaving no stone unturned to make this the best fair ever held in Wasco county, and knowing his go-getter nature, we do not hesitate to say that his prophecies will be worked out to the satisfaction of all.

Armax Ducco Flashlights. Will not break. \$1.30 complete with batteries at the Maupin Drug Store.
