Maupin, South Wasco County, Thursday, June 2, 1927

Number 30

Stubble Jumpers Jump on Culver—Win Game 11 to 5

Culver's baseball team invaded Maupin last Sunday and crossed bats with the Stubble Jumpers. Like the old Roman they "veni, vidi"—but they didn't "vici," for the Jumpers walked away with the big end of an 11-5 score.

Culver went to bat first and but one man reached the initial bag, he dying there when three of his teammates went out in order, one Cliff Miller to Fraley, the next on fly to Cliff and the other on a high one to Raymond Crabtree. For Maupin Nye walked, Cliff Miller reached first on a fielder's choice, Doughton going out pitcher to first. Raymond Crabtree slammed the pill for a safety, advancing Nye and Cliff. Bill Miller went out second to short and Fraley hit a dandy single, bringing in the first named two Crabtree following shortly. Don Miller flew out to third.

The next four innings proved fruitless for Culver, but two men getting on, one by an error by McCorkle and the other on a pass. Maupin went out and gathered in six big tallies in their second, were goose egged in the next two. In Culver's sixth got two men around the circuit, one reaching first on Andrew Crabtree's bobble, another on a three bagger and the third hit being a measly little single, but he died in the effort to score.

Maupin annexed more in the fifth and another in the seventh. In their seventh the visitors were presented with three walks; made one hit, Bone scoring on a fielder's choice play. They managed to get two more around in their concluding chapter, making a grand total of five for the game.

The detailed score follows:

Maupin—	AB	R	H	PO	A	E
Nye, cf	2	2	1	0	0	0
A. Crabtree, rf	3	0	0	0	0	0
C. Miller, ss	5	2	2	2	5	0
Doughton, cf	4	1	0	0	0	0
R. Crabtree, 2b	4	2	2	2	5	0
W. Miller, 3b	4	2	2	3	3	1
C. Fraley, 1b	4	0	2	14	0	1
J. Crabtree, lf	3	0	0	0	0	1
McCorkle, p	3	1	0	0	7	1
Totals	37	11	10	27	17	4

Culver—	AB	R	H	PO	A	E
C. Osborn, 2b	5	1	0	4	4	0
King, 3b	5	0	1	1	1	0
Clair Osborn, ss	5	1	2	1	1	0
Wright, 3b-p	5	0	1	1	1	0
DeBour, c	4	0	1	3	0	1
Boegli, 1b	5	0	0	14	0	1
Rodman, lf	4	1	0	0	0	0
Bone, p-3b	4	2	1	0	4	1
Hodge, rf	4	0	0	0	0	0
Totals	41	5	6	24	13	3

Summary: Struck out—by McCorkle 4; Bone, 1; Wright, 2. Two-base hits, Clair Osborn. Hit by pitched ball, Doughton. Passed ball DeBour. Bases on balls, off McCorkle, 4; off Bone, 2. Stolen bases C. Miller, J. Crabtree, D. Miller, W. Miller, King, Wright, C. Osborn.

No Games Scheduled
The manager of the Stubble Jumpers has good reason for feeling discouraged at the prospect of continuing making games for Maupin. The attendance has not been up to expectations and as getting outside teams here costs money, there is a good chance for a deficit in the operating funds. While the Maupin team has been playing a good article of baseball they have not been accorded the patronage deserved, therefore more games may not be scheduled until the Fourth of July.

Will Go To Mountains.
Clyde T. Bonney and wife were in Maupin Saturday on business and made this office a welcome call. Mr. Bonney says that the just closed school year of the Tygh schools was prolific of great good and that more interest was shown in school work there than for several years past. Mr. Bonney, with his wife, expects to leave for the forest reserve about June 6, where he has accepted employment under Ranger Joe A. Graham. He will be engaged in road building and such other work pertaining to the job, and expects to come out about September 1.

See the late model Eastman No. 1 and No. 1A kodaks, \$9.00 to \$10.00, at the Maupin Drug Store.

SUN'S GLARE BLINDS AUTOIST

Walter Sharp's Ford Bunged Up
When It Tries to Climb Hill

While on his way home from Maupin Saturday evening last Walter Sharp had a peculiar experience. As he rounded the turn at the top of the hill he was confronted with the setting sun, the rays of which were so bright that Walter could not see the road. Mistaking the traveled highway he turned his new Ford touring care into the high bank, it striking with such force as to demolish the windshield glass, bending a fender and the front axle and generally putting the car out of commission. Tiltolton's service car towed the Ford to the shop, where it was made as good as new. Mrs. Sharp was thrown onto the windshield, the broken glass of which inflicted a severe cut on her lower lip.

THOSE WHO PASSED INTO HIGHER SCHOOL GRADES

Seven Eighth Graders Will Register
as Freshmen in High School
Next September.

As a result of the final examinations in the Maupin schools at the close of the school year, Ada Knighten, Ethel Kidder, Elden Allen, Lawrence Knighten, Orville Adington, Ivan Donaldson and Mabel Weberg were advanced to the standing of Freshmen in the High school. Nearly all the class of the past year's freshmen passed, a few having been conditioned, and will make up all deficiencies at the next term. Some of the sophomores suffered in the same way, while all the juniors were advanced to the standing of seniors.

The past school year has been one of the most successful in Maupin schools. There was a greater and firmer spirit of cooperation among the students, while the instructors seemed to interest themselves in the activities of the student body to a greater degree than heretofore.

Fred Shearer Chooses Trade

Fred Shearer was at Salem and Corvallis last week, going there for the purpose of sizing up the college at the latter place. So favorably impressed was he with the school and surroundings that he has made up his mind to register there next term. He will take a course in electrical engineering.

Stovall Now Ranch Owner.

Druggist Lawrence Stovall is now the owner of a fine summer resort ranch, he having purchased a tract of 20 acres near the lake at Battle Ground, Washington. The doctor is undecided just what he will do with the land, but has in mind the making of a summer resort, the location and surroundings being prime for that enterprise. There is a fine stream meandering the tract and a fine living spring also contributes to the value of the place.

Home From Hospitals.

Mrs. L. H. Woodside of Wapinitia has returned to her home from The Dalles hospital. Mrs. Woodside recently became the mother of a fine baby at the hospital. Mrs. E. H. Cunningham, who has been at the Mid-Columbia hospital at The Dalles was discharged from that institution Sunday and has returned to her home at Wapinitia.

"Bill" Miller Visits Here.

"Bill" Miller, son of Mrs. Lottie Miller and sister of Mrs. Violet Mayhew, now of Portland, arrived in Maupin the latter part of last week for a visit with his relatives, and at the same time to do a little fishing. Bill is somewhat of a baseball player and materially assisted the Stubble Jumpers to down Culver in the game played here last Sunday.

Invitations Received.

The Times is in receipt of finely printed invitations to attend the commencement exercises of the University of Oregon and Oregon Agricultural college. The O. A. C. exercises are scheduled to cover four days, June 3rd to 6th, those of the university the week following.

MEN BADLY INJURED WHEN CAR TURTLES ON GRADE

Man's Nose Nearly Severed, Another
Almost Scalped and Third Gets
Severe Cut on Wrist

Early Saturday morning as a car containing several men was climbing the Maupin grade, and when near the top the car, a Dodge touring, struck a rock. The auto was shunted toward the high bank, where it turned turtle, throwing the occupants, Guy Metcalf, W. E. Johnson, Guy B. McConnell and Alfred Searing, out on the rocks. In striking Metcalf alighted on his head and face. He received a severe cut across the forehead and nose, laying the scalp open and loosening his nose from the frontal bone. McConnell sustained a severe cut on the right wrist which necessitated several stitches to close, while Searing received a four inch cut across the front of his head. Johnson escaped unscathed.

The men were picked up by a passing auto and brought to Maupin. Dr. Elwood was aroused and he ministered to the injured men, after which they were taken to The Dalles hospital by Joe Kramer, reaching there about 4:00 a. m.

Saturday morning Max Moore, traffic officer working between Eagle Creek and Portland, came to Maupin and took the wrecked car to Portland.

The injured men say the rock which caused the car to veer was evidently left there by some autoist who had wedged the wheels of his car while making tire repairs. That is a common practice and one which should be stopped. On nearly every grade in this section such rocks may be seen, and if not removed prove a menace to life and property.

RECOMMENDATION OF BOARD

Made in Its Meeting of March 2,
1927, At The Dalles, Oregon

After a thorough consideration of the arguments on the part of the District Boundry Board in denying a petition whereby a new school district would be created out of the present Maupin district, it made the following recommendation, which is a matter of record in the office of the County School Superintendent; namely: that the Flanagan section have a representative on the school board of District 84.

In compliance with this request, we, the people of the Flanagan section, submit for the consideration for the legal voters of the School District of Maupin the name of O. B. Derthick as candidate for the Maupin school board at the annual school election, to be held in said school district on Monday June 20th 1927.

Asked To Bring Baskets.

The teachers and officers of the Sabbath school of Maupin ask that all who attend the sessions of the Sunday school convention, which will be held at the church next week Tuesday. Those who can are also asked to bring baskets, and to leave the maat the basement of the American Legion hall. Quite a number Sunday school workers are expected and a large number of baskets will be necessary to take care of them at dinner. Everyone is cordially invited to attend the meetings at the church and partake of the feed.

See It in Operation.

Ranchers are invited to stop and inspect the new Deering harvester recently erected by Shattuck Bros. The machine is what is known as the No. 8, and is one of the neatest pieces of harvesting equipment ever brought to Maupin. It is one of the International Harvester products and that company's slogan applies to this machine as well as to all farm machinery made by it, namely, "Once over, all over."

Shearers Strike at Connolly's.

Several machine sheep shearers struck for higher pay at the Connolly sheep ranch one day recently. They had been receiving 15 cents per fleece, but imagined the work was worth a raise of two and one-half cents. Tom Connolly could not see things that way, so he loaded the men into a car and brought them to Maupin. Mr. Connolly says he will import shearers from Idaho before he will be made the victim of extortion.

LEGION DISTRICT COUNCIL MEETS AT THE DALLES

June 18 Is Date—Representatives
From Hood River, Wasco and
Sherman Counties Expected

Plans for the entertainment of the District Council No. 5, representatives from the Wasco, Hood River, and Sherman county posts of the American Legion, were formulated at a meeting in the legion quarters Monday night.

The purpose of the organization of the District Council is to arrive at some plan whereby all members from this district may have some way of meeting and discussing and exchanging ideas for community and post betterment and benefit. The Dalles, being the largest city in the district is naturally looked to by other posts as being the logical locality to hold the first meeting. June 13, the regular post meeting night was selected for the date.

Officials of the state organization will be present. The regular meeting will be called at 7:30 and will adjourn at 9 p. m. at which time the District Council will assemble. At 10:00 p. m. an elaborate program of entertainment will start, and according to the members of the entertainment committee, will, in all probability, adjourn with the owls. Food will be served at midnight.

All ex-service men in Wasco Sherman and Hood River counties have been invited to attend, and this calls for Spanish War Veterans as well as Civil War Veterans, besides those of the late war.

Will sell you a piano or player piano for \$10.00 down and \$8.00 per month. The Maupin Drug Store.

THINGS TO INTEREST FARMERS

U. S. Department of Agriculture
Sends Out Useful Hints To All

Most poultrymen test incubating eggs on the 7th and 14th days. The first test is for the purpose of getting out the infertile eggs and those that have dead embryos in them. The second test is made to take out all eggs with embryos that have died from the 7th day up to the 14th.

The amount of heat that will raise the temperature of one pound of water one degree will raise the temperature of one pound of dry soil five degrees. Drained soil has less water to heat and will warm up faster than wet soil.

The feeding of silage will not give to manure any unusual degree of acidity. The kind of feed consumed does not effect the composition of the manure. If an animal were fed timothy hay only the manure would be of poor quality compared with the product when the animal is fed alfalfa, bran and cottonseed meal.

Crops grown on soils very rich in nitrogen tend to ripen slowly. There is an overgrowth of leaves and stem. The grain or seed is usually of poor quality. There is increased danger of plant diseases. In the case of grain crops there is danger of lodging.

Cream intended for whipping purposes should contain at least 30 per cent butterfat. Either raw or pasteurized cream will whip satisfactorily. The whipping quality of cream is improved by age. Aging for 24 hours is usually about right for cream with a 30 per cent butterfat content.

Sold Blooded Bull.

The same day he advertised, offering his blooded Holstein Bull, one of the famous Ormsby herd, for sale, Don Stogsdill sold the animal to Richard Johnson. The bull is one of the highest breeding in the country and Dick made no mistake when he took it off Mr. Stogsdill's hands. Don delivered his bullets to Johnson Tuesday.

Hauled Wheat In.

Ray Kaylor, Ray Crabtree, Clarence Alexander and F. Tiltolton hauled a car of wheat to the Maupin warehouse the first of the week. It is estimated that Juniper Flat ranchers are holding but a mere 1,000 bushels at this time.

Wasco County Council of Religious Education April 7

DANCE AT TYGH SATURDAY

Third of Diamond Ring Hops Billed
For Fair Grounds Pavilion

Pyle's full orchestra will be at the pavilion at the fair grounds at Tygh Valley Saturday night, and come prepared to discourse the very latest dance music. Preceding the dance Manager Pyle will put on a picture show, depicting the famous dog, Rin-Tin-Tin, in the story of "Tracked in the Snow Country." The dance will be the third of the diamond ring series, and promises to be the best yet given this season.

Shipped Carload Mixed Stock.

Last Saturday C. A. Duss shipped a mixed car of stock, the shipment consisting of cattle, hogs and sheep. He took the animals to the stockyards at Portland.

DON'T SHED UNDIES 'TIL SUMMER, SAYS ROOPER

Sage of Antelops Tells of Crop Prospects
in His Section—Price of
Wheat Liable to Soar

In a private letter to the editor of The Times, H. C. Rooper says, among other things:

I saw in a recent issue of your weekly dispenser of facts and wisdom that it was time for a person to trade off his red flannels or their modern substitute for B. V. D's. That may be fit and proper advice in the Deschutes canyon, but to us living two or three thousand feet higher up it is altogether too previous. Fifty degrees in daytimes and frost two or three times each week. No, Sir. The old adage says, "Til May is out, ne'er cast a clout." This abnormal season we amend to read June. By that time the said red undies will be worn so thin they will substitute for the usual summer garments for the few days of hot weather between that and fall. Take an old timer's advice and don't hock your overcoat and keep your winter underwear within reach for quite a while yet. I have seen four inches of snow fall here in June. As the sport section says, "Believe it or not!"

Notwithstanding the cold, backward season, the prospects for a good wheat crop in this neighborhood are very promising. That is, wheat and rye. Hay crops not so good, and the range and pastures have been below par, but improving. The lamb crop is lighter than last year and from what I hear, the wool crop is about a pound less per head, while the present price is discouraging. We all have our troubles. Some folks believe that McNary and Haugen can pull them out. (?) But it looks like \$1.50 for wheat. Cattle are skyrocketing, fruit is going to be scarce and high. Even the rope sheepman is going to pull thru, if he does only get 23 or 30 cents.

We in Oregon have lots to be thankful for. Well, here's hoping the newspaper has, too, and that your delinquent subscribers are paying up better than

Your obedient and humble servant,
H. C. ROOPER.

P. S.: I always find time to glance over The Times and thank you much for sending it.

H. C. R.

Sheep Buyers Gather Flocks.

Several sheep buyers have been in this vicinity this week and have picked up quite a bunch of woolies. A. C. Vincent of Fountain, Washington, bought 639 lambs from Andy Patjens. They were inspected by Dr. Stovall and shipped to Fountain. Antone Seifert sold 332 ewes and 206 lambs to W. H. Pennington, who shipped them to Granddalle, where they will be fed. Dr. Stovall put his health O. K. on that bunch. A. R. Bohosky picked up 337 lambs and 315 wethers among the ranchers on Juniper Flat. The wethers weighed an average of 118 pounds each and 11 cents per pound were paid for the mutton. The lambs were taken to Lyle, Washington, for feeding, while the wethers went to the stockyards at Portland.

The Times—\$2.00 per year.
Read The Times—get the news.

The 27th annual convention of Wasco County Council of Religious Education will be held in Maupin on Tuesday, June 7th, in the church. Speakers and other religious workers in the United Brethren church will be present. Three sessions are scheduled to be held, the first beginning at 9:00 a. m., the afternoon session at 1:00 p. m., and the evening meeting at 7:30 p. m.

The morning session will begin with the following program, followed by others as mentioned below:

- Morning Session**
- 9:00 Song Service..... Led by N. G. Hedin.
 - 9:10 Devotional..... Rev. Everett Hazen.
 - 9:25 Convention Business (Pastors and S. S. Superintendents comprise nominating committee.)
 - 9:35 Talk: Music in the Junior Department..... Mrs. F. C. Stephens.
 - 9:45 Discussion
 - 9:55 Talk: Worship in a one-room Church..... W. L. Dillinger.
 - 10:10 Discussion
 - 10:20 Demonstration
 - 10:30 Address: The Rewards of the Sunday School Teacher..... Rev. E. F. Wriggle.
 - 10:50 Special Music
 - 10:55 Address: The Value of the County Organization to the Denomination and the Local Church..... Dr. W. T. Milliken.
 - 11:20 Discussion
 - 11:30 Roll Call and Reports of Sunday Schools (three minutes each)
 - 12:00 Basket Dinner.

Afternoon Session

- 1:00 Meeting of Nominating and other Committees.
- 1:45 Song Service.
- 2:00 Devotional
- 2:10 Talk: Music in the Primary Department..... Mrs. Bert Thomas.
- 2:20 Discussion
- 2:30 Demonstration..... White River Sunday School.
- 2:40 Address: A Training Program for the Local Church and the County..... Dr. W. T. Milliken.
- 3:05 Special Music
- 3:10 Business Session
- 3:40 Departmental Discussions
- 4:10 Talk: Sunday School Lessons, Quarterlies, How and where to use them..... C. F. Stephens.
- 4:25 Demonstration Offering
- 4:30 Adjourn
- 6:00 Left-overs from Dinner.

Evening Session

- 7:30 Song Service
- 7:45 Devotional and Special Music
- 8:00 Violin Solo..... Melvin Walters.
- 8:10 Address: The Call of Jesus to Youth..... David L. Kratz.
- 8:40 Closing Business

Please bring hand work, posters, memory devices, etc., for exhibit table.

Morris Re-elected Manager.

George L. Morris was reelected manager of the Maupin warehouse for the ensuing year. That concern will pay more attention to buying wheat this year than formerly, and George will give his principal attention to that end of the business. Art Morris will be in charge of the elevator at the warehouse, and with George at the helm the Morris brothers will make a strong hand to draw to.

Show Here Tonight.

Don't fail to attend the showing of the Hall Comedy Circus at Legion hall this evening. The company presents novelty acts by trained animals and will intersperse these with acrobatic stunts, tumbling and other acts usually put on by circus folks. The company is on its way to Bend and only stops off here to fill a broken date between Maupin and the up river town.

Cloudburst on Flat.

Upper Juniper Flat was visited Tuesday afternoon by a real old fashioned cloudburst. A huge volume of water was spewed from the clouds and the roads in that section made impassable for some time. Several trucks, engaged in hauling road building supplies, were either held up by mud or were forced off the road into ditches. One of the Richmond trucks was marooned near Bear Springs by the softness of the road.
