

FACTS about used car allowances

Most new car sales now involve the trading-in of a buyer's used car. More and more people are asking: "Why should my used car seem to have several values? . . . Why should dealers in different makes of cars offer me allowances differing materially? . . . Does the largest allowance offered mean the best deal for me?"

Here are basic facts:

- 1 Your used car has seemingly different values because competitive dealers are bidding to sell you a new car.
- 2 Your used car has only one fundamental basis of value: what the dealer who accepts it in trade can get for it in the used car market.
- 3 The largest trade-in allowance which is offered on your used car is not necessarily the best deal for you. Sometimes it is; but sometimes it is not.
- 4 An excessive allowance may mean that you are paying an excessive price for the new car in comparison with its real value.
- 5 Judge the merits of the new car in comparison with its price, including all delivery and finance charges. Then weigh any difference in allowance offered on your used car.

WHEN YOU are ready to trade-in your present car, remember that after all you are making a purchase and not a sale. You are buying a new car and simply applying your present car as a credit toward the purchase price of a new car.

Publishers

Published every Thursday at
Maupin, Oregon

Subscription: One year, \$1.50; six months, \$1.00; three months, 50 cts.

Entered as second class mail matter September 8, 1914, at the post office at Maupin, Oregon, under the act of March 3, 1879.

THE NEW FAIR GROUNDS

The scheme to take the county poor farm from the uses for which it was designed and make a county fair grounds of it, seems to us to be as a scheme whereby the county will be the loser. Wasco county already has a fair grounds within its limits, and one which covers the subject thoroughly. The Tygh Valley fair is one that attracts thousands annually; the exhibits there are always of the best; sporting the attractions such as horse races, open air shows, pictures, dancing and all else that goes to please the crowds, have always met with the approbation of the public.

This section is where the bulk of the exhibits are produced. All the Dalles has in that line is fruit, and when that is cited all has been said. Of course races could be arranged and other attractions provided, but a majority of the ranchers and others in the southern part of the county seem averse to traveling to the county seat to attend a fair when there is a good one nearer home.

Again it is proposed to bond the county for the construction of buildings, building a race track and putting the enterprise in working order. We have all the taxation we care to handle, and why shift an additional burden on the shoulders of the taxpayers?

The man who watches a fire is paying handsomely for the spectacle, because the costs are distributed to men and industries which pay insurance premiums, and ultimately to every consumer of goods.

To reduce automobile accidents, a concentrated effort must be made for adoption of proper safety legislation and enforcement.

Jesse Addington at Linn's
Jesse Addington has abandoned his job as helper in the Tillotson Motor company's garage and has accepted a job as sawdust scaler at Linn's mill. Jesse will learn the lumber trade from the ground up, and the scene of his education along that line has been well chosen.

Old Timer Returns.
J. A. Moffit, who at one time conducted a lumber yard across the river, but who for the past 13 years has been in business at Portland, came up last week with his wife and son and renewed his acquaintance with old-timers in Maupin. Mr. Moffit was surprised at the appearance of our little city. While here he prospected the Deschutes for fish.

More Hogs Shipped Out.
A number of Juniper Flatters pooled their hogs and the result was two carloads were taken to Portland last Saturday night. There are said to be quite a number of hogs remaining on the Flat, and these will be taken to market as soon as fit.

To Visit in Oklahoma.
A. H. DeCamp left Saturday for Oklahoma, where he will visit for the coming three months. While absent Mr. DeCamp expects to make his trip cover parts of Arkansas and Texas. On the way back he will call on friends and relatives in Montana.

Threatened With Pneumonia.
Miss Edna Derthick was compelled to leave her work at the Rainbow restaurant Monday and took to her

bed upon reaching home. Edna is threatened with pneumonia, having been afflicted with a hard cold for several days, which gradually grew worse. Her sister, Fanny Derthick is filling her place at the restaurant.

Firemen Hold Meeting.
The regular meeting of the Maupin Volunteer Fire department was held on the walk in front of Butler's store Tuesday evening. Thirteen members answered roll call. Chief Chalmers reported the hydrants in good shape, he having made his regular monthly inspection of them during the day.

Building Derrick At Clarno.
The Clarno Basin Oil company has a force of men employed building a derrick at the proposed site of the experimental well at Clarno. Eighteen thousand feet of timbers will be used in the structure. Machinery has been ordered, and as soon as it arrives and is set up drilling for oil will be commenced.

Taking Fine Pictures.
Everyone has a hobby and that of L. V. Broughton is photography. Mr. Broughton has a large size camera and has taken some excellent pictures of scenes about Maupin, of the track meet and divers classes at the school, as well as of the Tillotson garage, both interior and exterior; of Williams' service station and the camp grounds. Our popular teacher is also busy finishing postal-size pictures of various scenes. It might not be amiss to say here that those of our ranchers who have fine herds of cattle, or nice bunches of hogs or sheep, that Mr. Broughton is available if pictures of such are desired. His prices are not high and his work unexcelled.

Not "Foot Burning."
Howard Nye will not burn his feet following a plow for some little time, just because of a sprained ankle. Howard was playing ball last Sunday, and while running for home plate the Culver catcher was directly in the path. Howard turned to avoid hitting him and in so doing caught one of his spikes on the edge of the pan, turning his ankle and resulting in considerable pain and discomfort.

Oregon News Notes

Baker—Miners of Eastern Oregon will meet to form mining association.

Pendleton—Joe Cunha wool clip of 100,000 pounds sells for 30 cents a pound.

Klamath Falls—Work begins on Christie \$75,000 hotel, with 70 rooms.

THE BANK HOTEL

The one place in The Dalles to make the rancher and out-of-town fellow feel at home.

Attention

LET US GUARD YOUR VALUABLES HERE

"Safety First has long been a slogan that we all follow in most everything, but we do not take sufficient care of our valuables.

Day by day we read of robberies of thousands of dollars in paper and jewelry. You can combat that by renting a safety deposit box at this bank. Now is the time to act—before you suffer a loss. Let us show you the way to "Safety First" for your valuables. It is a practical plan that many men and women have adopted. Come in and let us tell you all about the plan.
