Fall of Babylon Here.

A traveling picture show held the screen at Legion hall last night, showing Griffiths, spectacular picture, "The Fall of Babylon." The showmen carried their own power and there by were enabled to throw the pictures on the screen without having to depend on local juice which they would have been out of luck in obtaining.

DISPATCH HELPS OUT

Our readers will, no doubt discover something peculiar about the appearance of this issue of The Times. The burning out of the generator at the power plant necessitated us going to Dufur and using the Intertype machine of the Dufur Dispatch. As the type used on that paper is different than ours, the app-week may seem to be a little blotched in places. The kindness of Messrs. Evans and Blum of The Dispatch is keeping with the clean policy and liberality of the gentlemen, and we are glad they have extended the use of their machine to us in our dilemma.

LEGION AUXILIARY DANCE

Given to Raise Funds for Disabled Soldiers and Sailors

The Women's auxiliary to the local Legion post will give a dance and supper at Legion hall, Maupin, on the evening of Saturday, June 18. This will be the first dance given by the Legion or auxiliary in months and the ladies promise one of the best times ever had in this city. Good music is promised and as all know the quality of the eats furnished by the auxiliary, it goes without saying that they will be of the best. Buy a ticket and thus help the sponsors of the dance in a worthy cause.

Roach Back in Town.

Claude E. Roach has completed the Abbott building and next will do some paper hanging for Ben Fraley. Since coming here Roach has been busy as the proverbial cat and has been doing work equal in quality that of many of the best paper hangers and painters.

Lamps Dug Out.

The accident at the power plant on Monday resulted in more or less discomfort among our people. All had to dig out their old coal oil and gas lamps clean them and put them in commission in order to have illumination in the homes. Most of the stores went dark after sunset.

Almost Lost His Dog.

While coming from Bear Springs last Friday, L. V. Broughton's dog took after a jack rabbit. Broughton waited for his return for a long time finally back-tracking after him. Still no "Teddy" showed up. Our school teacher then started for home and proceeded about a mile when Teddy was seen sitting in the middle of the road, his tongue out and panting in great shape. There was no sign of the rabbit.

Back on Stage Run.

Charley Brown, owner and manager of The Dalles-Maupin stage line, has been taking a vacation of several days, but is at the wheel again. Charley says that covering the same stretch of road twice each day gets monotonous, therefore seeks a change when opportunity offers.

Watchmaker In Town.

An itinerent watchmaker called on Mapunites Monday. He was traveling in a car which was equipped with a work bench and tools. The caller also sold jewelry to dealers. While in town the man corrected the bad habits of the watches of several of our people.

IDEAL FOLLIES COMING

Galaxy of Pretty Girls in Musical Comedy Extravaganza

Maupin is gaining a place on the show map of this state. Lately some mighty good shows have appeared here, but it remained for the "Ideal Follies" to stage a real big time entertainment. That company of pretty girls and finished comedians will be at Legion hall for one night, Friday June 10, in a pot-pourri of New York's latest dances and pleasing patter. Prices will be 25 cents and 50 cents, and we expect that standing room will be at a premium on the evening of the company's appearance.

I. O. O. F. ENCAMPMENT FORMED AT TYGH VALLEY

Place Chosen as Central Point Between Dufur and Maupin For New Lodge

An Encampment of the Odd Fellows was organized at Tygh Valley last week with the lodges of Maupin, Dufur and Tygh Valley in its jurisdiction. The Encampment degree team of The Dalles carried out the work of installation and also exemplified the degree work of the order.

Those from Maupin who went in as charter members were: F. D. Stuart, James Cholmers, F. C. Butler, Laverne Fischer, E. F. Turner and Dr. J. L. Elwood. At last Monday's meeting R. E. Wilson was taken in as a charter member and given the work of the Encampment.

Meeting are scheduled to be held on the first and third Mondays of each month.

In choosing Tygh Valley as the place for organizing the higher rank of Oddfellowship, it was considered that that place was about central between this city and Dufur, and that members of the order from each place could attend the meetings if they were held there better than they could if held in either of the other places.

RODEO SAT. AND SUNDAY

Big Time Promised at Tygh Fair Grounds by Wilson

Everett Wilson, the man who has staged more successful rodeos and wild west shows than any other man in this section will pull off one of his best efforts at Tygh Valley fair grounds Saturday and Sunday, June 11 and 12. Listed as attractions will be horses races, chariot races, Roman races, steer riding, buckaroo bronco breaking, relay races and wild horse races. Many new and novel features will also be shown, the whole making an attraction worthy anyone's time and money.

Autoed to Bend.

C. A. Cyr and wife made a trip to Bend last Saturday. Mr. Cyr returned Monday, but his wife will remain there a couple of weeks while having dental work done.

Hollis In Town.

Hurstel Hollis, who has been at the Karlen ranch all this season, came to town the latter part of last week and spent several days visiting and attending to business matters. Hurstel is one of the best sheep handlers in this section and his services are in demand at all times.

Returns to Portland.

Jack Kelly, who has been attending to matters connected with his Juniper Flat ranch since April 6, left for Portland Tuesday, coming to Maupin occasionally to look after his large ranch.

Visitor From Nevada.

Mrs. John McVicker, aunt of Mrs. R. E. Wilson, with here sister, Mrs. Wilson's mother, is a guest at the Wilson home in Maupin. Mrs. McVicker comes from Smiths Valley, Nevada, and is on a visit to relatives in Oregon. The lady says the climate of here section closely resembles that of this part, but does not like the rain prevalent in Portland this season.

Home From Hospital.

Jack Buthala, who recently was injured while at work at the Maupin warehouse, and who, for the past three weeks has been in a hospital in Portland, came back to Maupin Saturday. Jack has improved somewhat, but the strain of his back precludes his going to hard labor for some time.

Many at Fair Ground Dance.

Maupin was well represented at the dance at the pavilion at the fair grounds, Tygh Valley, Saturday night. Among those from this city noticed there were: Messrs. Jack Morrow, Jesse, Andrew, Earl and Chester Crabtree, Earl Greene, Cyril and Orville Fraley, Edw. Semmes, and the Misses Mary and Aileen Greene, Eda and Fanny Derthick, Doris Kelly, Clayre Semmes and Mrs. John Morrow.

Maupin Power Plant Hit by Lightning and Made Idle

Monday evening's electrical storm worked havoc with the generator in Maupin Power company's plant, a streak of natural "juice" hitting a wire and then connected with the generator, burned out the coils therein. Since then Maupin has been compelled to "pull in the side-walks" at dark and her citizens to emulate the chickens and go to roost early.

Woodcock Bros. owners of the plant, immediately sent word of the accident to an electrical firm at Portland and a man was sent here for the purpose of taking out the generator and getting it ready for shipment. It was taken to the metropolis, where it will be rewound. A peculiar feature of the fixing of the

piece of machinery was that it requires a special wire for rewinding, and there was none in Portland at the time. Wire required is of special make and that will have to be made before the generator can be made serviceable again.

As a result of the accident many households have been compelled to install old ranges while some found it necessary to purchase oil stoves on which to prepare meals. The Times shop was compelled to forgo setting type on the linotype, and other plants suffered as well. Among these being Butler and Fraley refrigerators, the flour mill and all the garages of the city, as all use electric power for both light and for driving machinery.

Former Teacher Calls.

Mrs. Vere DeVoe, former assistant principal of the Maupin High school, with her husband, was a visitor in Maupin Friday and Saturday. The Devoes are teaching at Ilwaco, Washington, and were on their way to the home of Mrs. DeVoe's parents at Loon Lake, above Spokane. They will return to Ilwaco at the beginning of the school year. Mrs. DeVoe keeps advised regarding Maupin school matters through the medium of The Times, and says she would rather be here than live in a place where semi-twilight prevails.

Camped at Clear Lake.

Dr. Stovall and wife drove to Clear Lake Saturday afternoon and camped there that night. On Sunday the Stovalls states that the fish there are small, those making the limit of six inches being in the minority. He advises the closing of Clear Lake for this season, thus giving the trout therein a chance to grow. The lake went nearly dry last season and the consequence was that nearly all the trout perished, those there now being some that entered during the high water this spring.

Roof on Building.

Dr. Elwood has been rushing things on the new addition to his residence. The roof has been completed and soon the whole structure will be enclosed. When completed the residence will add greatly to the appearance of our main thoroughfare.

Visited at Shaniko.

R. E. Wilson, wife and son, and Mrs. Wilson's mother, Mrs. Margaret Hammond, of Portland, and her aunt, Mrs. John McVictor, of Smiths Valley, Nevada, drove over to Shaniko Sunday and visited there for a time.

Attended Manley Funeral.

Mrs. L. D. Kelly and daughter, Doris, went to Portland Tuesday to be present at the funeral of the late A. B. Manley, who at one time was a resident of Juniper Flat.

MORE WESTERNS BILLED FOR FAIR GROUNDS

Two Big Pictures Scheduled for Saturday and Sunday, June 11th and 12th

Manager Pyler is some picker when it comes to choosing pictures to be shown at the pavilion at the Tygh fair grounds. He has secured two of the latest releases in western stories—"Rex, the Devil Horse" and "The Flaming Front."

The showing of Rex outlines a time when the frontier of this section was a real outline of the end of civilization of the west. The picture shows all the fury of the frontier, the circling wagon trains, speeding arrows, flashing tomahawk and the snarl of rifles. The red game of war is illustrated with Rex, the frontiersman's friend, a terror that brought prayers around the fire-sides of the medicine men of the Indians. Yakima Canutt, Gladys McConnell, Robert Kortman, Roy Clemens and Master Fred Jackman have important parts in the picture.

"The Flaming Front" is another thriller of the west. It is wide and bigness as the sweep of the limitless western plains. For sheer breath and Thousands Many are in the cast—Indians, cavalry, pon yexpress riders, plainsmen, scouts; characters as real as if filmed in life fifty years ago. "Rex, the Devil Horse," will be shown Saturday evening and "The Flaming Front" will be on the screen Sunday night.

Building Fence.

Ernest Confer and Howard Nye went to Criterion country yesterday morning for the purpose of building a fence at the homestead of the latter. The wet spell made farm work impossible, and the boys took advantage of the fact to do much needed work on Ernie's homestead.
