Modern smokers praise the integrity of Camels

THIS is the age of frankness and plain-speaking, and it rates Camel first among cigarettes.

For Camel is that kind of a smoke. Camel is all quality and no false front or show. Camels are made of the choicest Turkish and Domestic tobaccos grown—no substitutes. And the finest blending ever given a cigarette.

It is Camel character that has won the smokers of today—such honesty of taste and fragrance as never was known in a cigarette before. You'll find all dreams of smoking pleasure realized in this modern, quality cigarette.

"Have a Camel!"

Wrongly Informed.

In our last week's issue of The Times we printed an article which stated that a strike had occurred at the Connolly shearing pens some time previous. Tony Connolly tells us he heard the report, which is all wrong. He says the shearers were paid the agreed price and that when through each member of the crew expressed a desire to return next season. Mr. Connolly says that ever was the best they ever employed and that relations between the firm and the shearers were of the most satisfactory nature.
