These cars stand up

EVERY General Motors car is built to repre-sent General Motors quality and value throughout its life. Whether its potential mileage is to be used up by one owner or several owners makes no difference.

That is the reason for the high resale value of the current series of the General Motors cars. It is also the reason why USED General Motors cars offer rea! opportunities.

General Motors dealers are dependable merchants and will give you, if you wish to buy out of income, the advantage of the low rates of the GMAC Plan of time payment.

The price ranges of the new General Motors cars are given below. Pick out the car which interests you most. Then clip and mail the coupon. We want to tell you all about that car and also why General Motors cars, used or new, offer real value to their purchasers.

Notwithstanding the fact I now believe that the present income tax law to be submitted to popular vote on June 28 next should be approved. The condition of the finances of the State of Oregon at the present time calls for emergency relief and warrants the enactment of a reasonable law to provide necessary revenue for state purposes. AN OUTSTANDING MAN

We clip the following regarding on early voyageur, who traversed the valley of the Deschutes one hundred years ago, and was contemporary with many of the early adventures in the opening up this part of the county. Petper Skene Odgen. Regarding that noble man the Oregon City Enterprise recently said:

Rich in historial lore as we are, it has remained for a Harvard Bostonian to come here from the wide open spaces of central Oregon and awaken us to the services of Peter Skene Ogden, General Fremont, Kit Carson, Nathaniel Wyeth, Phil Sheridan and other hardy and adventurous souls who tramped through the then desert section achievement of the Junior Red Cross of this sate bent on exploration and discovery. Odgen moved along the Deschutes river more than one hunderd years ago and left a detailed and entertaining record of his journey. He sleeps in Mountain View cemetery at the edge of Oregon City, where a monument marks the grave of a daring voyager.

The proposed income tax measure has an ardent supporter in State Treasurer Thomas B. Kay, who explains his stand in the matter in the following open letter: WHY I FAVOR THE INCOME

income tax act and the measure providing for reestablishing the property tax base are both concurrently adopted the financial condition of the State of Oregon will remain as at present and the state will be required to borrow from outside sources in order to pay current expenses.

In my opinion these measures constitute the only present solution to the financial problem with which the state is confronted and for that reason I give them my support.

Educators Give Junior Red Cross High Praise

Growing recognition by leading educators all over the world has been an in the last fiscal year.

Included in those which have taken especially favorable cognizance of Junior Red Cross efforts are the World Federation of Education Associations at Edinburgh, Scotland, in 1925, the Department of Superintendence of the National Education Association, at Washington, 1926, and the National Education Association in Philadelphia, June, 1926. Various State educational bodies have confirmed this approval, the report adds. As a phase of their work, the Juniors have developed contacts through exchange of correspondence, with similar Junior organizations in virtually every part of the world, and through the development of this medium many leaders see a better chance for world peace in future.

An especially notable development of Junior organization has occurred the general election in 1926 be- in Porto Rico, with an enrollment of

> More than 5,000,000 American Juniors are at work in this organization of the American Red Cross. Their example is held out by the American Red Cross during the Tenth Annual Roll Call for membership, as one for period November 11 to 25 this year.
