PERSONAL MENTION

Chas. Crofoot and family picniced at Clear Creek last Sunday.

Dolph Mayhew attended the school election in Maupin on Monday.

John Powell of Juniper Flat was doing business in Maupin yesterday.

Hugh Wood was over from his Shady Brook ranch on business on Monday.

D. B. Fraley and wife motored to The Dalles on business Monday morning.

O. B. Derthick and son, Elza, made a business trip to The Dalles on Monday.

George McDonald and wife were in The Dalles a time the fore part of the week.

Mrs. Jack Morrow and children visited a few days this week with friends and relatives at Dufur.

T. L. Ashley was among those from Bakeoven who attended the school election here on Monday.

Julius Shepflin and wife were trading in Maupin yesterday, having come from their Juniper Flat ranch.

Miss Sena Peterson, the county nurse, was in Maupin on business connected with her duties on Monday.

L. F. Jackson came over from Tygh Valley and scored the baseball game for the Tygh team last Sunday.

Mrs. Jim Rusic has gone to the home of her parents, Gaston, Oregon for the summer, leaving last Saturday.

Dolph Goetjen, wife and little grandson came up from Tygh Valley and spent Monday and Tuesday in Maupin.

Attorney John Gavin of The Dalles was in Maupin a short time Monday while on his way to Shaniko on business.

M. M. Adington, road boss on this section of the highway, was registered at the Bank Hotel in The Dalles Monday night.

Bates Shattuck and wife returned from a fishing trip to East Lake Sunday evening. They got the limit each day while there.

Miss Regina Muller came home from Moro last Saturday. She has been in charge of the kitchen of the Hotel Moro and will spend a vacation with her people at Tygh Valley.

Mrs. Wm. Evans of Dufur and Mrs. H. C. Mulkins of The Dalles were in Maupin a short time Monday enroute to their homes. They had been at Bend, where they visited with the latter's sister, Mrs. O'Brien.

EAST MAUPIN NEWS

Melvin Fulkerson took in the sights at The Dalles last Saturday.

Miss Regina Muller was visiting with Hotel Kelly friends one day last week.

Andy Mann is greatly recovered from his recent spell of illness. He expects to return to the Hunt sheep ranch in a few days.

Little Jean Caton spent several days last week visiting at the Mott ranch on Juniper Flat.

Water connection was made with the Staats south spring in Maupin last week and this side is enjoying the same privileges accorded the city on the other side of the Deschutes.

Quite a number of fishermen from abroad have made East Maupin their headquarters this week, while fishing in the Deschutes.

Al Kennedy spent a few days visiting in East Maupin, coming in from the Connolly sheep ranch. He has gone to work at the Patjen ranch.

The Maupin camp ground has been taxed to capacity up to a short time ago, but since the fish refuse to bit travel has somewhat slackened.

Mrs. Jim Rusic left last Saturday for Gaston, Oregon, where she will spend the summer months with home folks. Jim is at the Ernest Troutman sheep ranch, where he will remain until fall.

Word from Mrs. L. D. Kelly, who is at Corvallis with her club girls, is to the effect that she will be home in Maupin with her charges on Sunday. Mrs. Kelly reports that all from here are enjoying themselves greatly.

Big final diamond dance at Tygh Valley fair grounds Saturday, July 2.

Sold Haying Machinery. R. E. Wilson Co. has been doing a fine business in haying machinery the past week. One sale was that of two mowers, binder and hay rake to Sam Brown, that gentleman showing a preference for machines of the famous Champion make.

Ice Cream and Cake Social. The Ladies Aid of the United Brethren church will give an ice cream and cake social in the basement of the Legion hall on the evening of Thursday, June 30.

Completed Road Contract. H. M. Greene's road crew came to town last evening, he having completed his contract on the Wapinitia cut-off. Morris will seek another job on that highway and, failing in that, will move his equipment to town.

White Clover ice cream—best in the world—may be had at the Maupin Camp Ground.

Junior Fishergirl Beats Dad. Bernice Hollis accompanied her mother and her husband to East Lake last week. Arriving there the little lady proceeded to try conclusions with the big denizens of the lake. Her step-father, Bates Shattuck also went fishing. When the result of their catch was compared Bernice was found to have beaten Bates by two large brook trout. She snared eight in all while at the lake.

Made Limit Catches. Messrs. Resh, Powers, Kramer, and Williams left here Saturday at 9:00 p. m. and arrived at East Lake at 2:00 a. m. Sunday. They began fishing at seven that morning and at nine o'clock were compelled to cease fishing, each having caught the limit. The men say that they never saw so many hungry trout before, and that the fish seemed to fight to take the spinner.

THEY RAISED WHEAT IN DAYS 14 YEARS AGO

Forty Bushels Promised on Claud Wilson's Farm on Bakeoven—Produced Same Year Before

From an old copy of the Maupin Monitor, published June 28, 1913, we clip the following regarding the condition of wheat in the Bakeoven section. According to the story Mr. Wilson raised 40 bushels of wheat in 1912, and his crop prospects for the year following were equally as good as the first year:

"A. C. Egan, agent of the O. W. R. & N. at Hunts Ferry, was out in the Bakeoven country one day last week looking over the farm prospects and reports grain looking exceptionally fine with the prospects of a large yield.

"At the farm of Claud Wilson he found 150 acres of fall wheat that from all indications will go at least 40 bushels per acre. Last year Mr. Wilson had wheat that went around 40 bushels per acre, and the conditions are much better this year than last.

"The fall grain is heading out and will be ready to harvest the last of July."

Finished Shearing At Hunt's.

The shearers completed their job of shearing the W. E. Hunt flock of a little better than 2,400 sheep last Friday shortly after noon. From there the shearers went to Fargher's, where they will complete shearing the sheep begun on a few days previously. Ed. Cahill, one of the shearers did not go up Bakeoven with the others, instead making a trek to his home near Goldendale.

Fast Trip To Monmouth.

Leonard Farlow does not let the grass accumulate under the wheels of his Star car when on the road. He went to Monmouth last week and made the trip from Maupin to the normal school city in less than five hours.

Hauser Sheep Over Buck Hollow.

K. L. Hauser has taken his flock over the hills the other side of Buck Hollow, and will herd them there until time to take them across the river to the Wind River reserve.

Went To Willamette Valley.

Dr. L. S. Stovall, with his wife and son, Estel, left for Willamette Valley points Monday. They went for the purpose of visiting friends and relatives and are expected home either today or tomorrow.

When your friends come a fishin' have them stop at the Maupin Camp Ground—just south of the East side hotel.

"Inside" Information

A good sized boy of 14 requires about 2,700 calories of food per day, while his 8 year old brother needs only about 1,800 calories, and his 5 year old sister about 1,400. Since he is still growing, milk is particularly valuable for the boy in his teens. At least a pint a day is desirable. This may be used in vegetable and milk soups, in cocoa, in bread puddings and in other ways, or taken as a beverage. The boy in his teens also needs eggs, cooked cereals for breakfast, breads made from whole-grain flours, plenty of fruits, all kinds of vegetables,—some of them served raw—a limited quantity of meat, and sweets only after meals.

Effective spraying of tomatoes can be done only with a high-pressure power or traction outfit, says the United States Department of Agriculture. Spraying should begin when the first signs of blight appear and be carried on at intervals of 10 days until five applications are made.

The tomato for many years after its introduction into the United States in about 1800, was regarded generally as an ornamental plant. Owing to its relation to nightshade it was considered poisonous. After this prejudice was broken down the use of tomatoes soon became general in this country.

When you serve raisins with a dry cereal for breakfast, use the seedless raisins. Wash them and put them in the oven for a few minutes to dry off and soften. Crisp the cereal in the oven and let each person add the raisins as he wishes to his dish of cereal.

About two-thirds of the total meat production of the United States is inspected by the Government, the other one-third is inspected by state or city authorities—or is not inspected at all.

Read The Times. \$2.00 the year.

Mexican Smoke Tree. W. H. Williams has a novelty in the way of a shade tree at his place on the East side. It is what is known as Mexican smoke tree. Its natural habitat is Mexico, although some specimens grow wild in the deserts of Arizona and New Mexico. The local tree is about 20 feet in height and has a spread of branches of about 20 feet. It is now in blossom, the flowers being in clusters and from a distance resembles a haze of smoke.

Camp groceries, confectionery, ice cream, cigars and tobaccos at Maupin Camp Ground.

PICKED UP ABOUT TOWN

Now that school is over for the summer one Maupin young man will be saved considerable in tires. Making periodical trips down the Willamette valley is bound to consume considerable rubber, but now that the object of his visits is home for the summer, his "Planetary" auto will be used for but short trips.

K. L. Hauser drives his sheep to pasture with the aid of a six gun. At least that is the report coming to this print shop from one who helped K. L. drive his flocks over Nansene hill last Thursday.

Umpiring baseball games comes natural to George Morris. His attitude back of the plate in Sunday's Tygh Valley-Stubble Jumper game reminded us old-timers of the famous Tim Hurst who was wont to yell out, "strick tuh," when umpiring. All George needed to make the similarity stronger was the little dinky cap which graced the top of the "King of Umpires."

Phil Starr has been bothered with worms—not in himself but in his onions. With a home-made weed scratcher Phil has obliterated the pest and now his tear starters have taken on a decidedly better look.

Fishermen coming from abroad have not been complimentary regarding the Deschutes as a trout stream lately. Most of them got sufficient to make the frying pan smell of fish, but so far as big catches go but few anglers have been satisfied with what they got.

Charley Crofoot and family made a trip to Clear creek last Sunday. Our groceryman says that the stream is carrying more water at the present time than he ever saw it before. As Charley is an old resident and has visited the section spoken of many times, we will take his word for the flow of that one-time excellent trout stream.

Six strike-outs in four innings is some record, but that is what Art Morris did to the Tygh Valley baseball playe's in Sunday's game. Art shot the ball over the pan with a lightning speed, causing nearly every batter who faced him to whiff the atmosphere.

Our better half is after a record as a strawberry grower. Last Saturday she picked better than a gallon and a quart of strawberries off of about 60 plants and now the bushes are loaded again ready for another good picking.

Bobby Davidson just can't keep his hands away from the harness of an automobile. After applying himself to farm work for several months he is back in garage work again this time helping at the plant of the Maupin Motor company.

July 3 and 4 will be red letter days at the grounds of the Southern Wasco County Fair association at Tygh Valley. C. M. Plyler has completed arrangements for the biggest celebration in the history of this section and when the morning of July 3 comes, and the crowd with it, Plyler will begin a program, which for its novelty and enjoyment, will eclipse all other celebrations of the glorious Fourth.

Bob Wilson has a good idea. It is that the merchants of Maupin get together, take a half page in The Times and advertise specials for a certain day of each week. By so doing it will obviate price cutting, engender a spirit of harmony among the dealers and work to the best interest of all concerned.

feated the combined Grass Valley and Moro team, the score being 8-3. Dufur comes here next Sunday to play off a tie, each team having won one game. The locals will conclude the season on July Fourth, when they go to Wapinitia for a game with the team of that place.

E. J. Fischer will open up a stage line between Maupin and Antelope, beginning next Tuesday and making regular trips on Tuesdays, Thursdays and Saturdays thereafter.

B. D. Fraley's blacksmith shop has been converted into a box factory for the time being. Several tight grain-hauling boxes have been completed and more are under way. The boxes are bolted together and each has a capacity of 120 bushels.

At the good roads meeting, held at Tygh Valley Saturday, the question of districting this part of the county was discussed, but nothing definite arranged. Another meeting will be held there tomorrow, Friday.

J. A. Lake, who opened a store at the east end of the steel bridge a short time ago, seems to be starting out to do a lively business. He is adding new items to his stock every day.

The first load of wool to be shipped from the Hunts Ferry warehouse this season was that of T. A. Connolly, being half of his clip, and was valued at \$9,000.

Nine money orders addressed to Sears, Roebuck & Co., were issued yesterday morning at the Maupin postoffice. Trade at home and keep the money you spend, at home.

TAKEN UP

Came into my enclosure in the fall of 1924 one bay mare, Weight about 1100 pounds; about 15 years old. Branded "CI" on right shoulder and "J" on left shoulder. Has wire cut on right front foot; left hind foot white. White star on forehead. Has range colt at side at this time. Owner is notified to call, identify and prove ownership, pay charges, or mare will be sold for her keep. Sale will be held at my place on Saturday, July 23, 1927. Dated Maupin Oregon, June 16, 1927.

M. I. SHEARER

CLASSIFIED LOCALS

FOUND—A buck sheep on the O. T. railroad track. Branded XX on back. Owner may have same by paying for feed and this advertising. Geo. Cunningham. 33-11
