VOTERS SAY NO

The people have spoken. It is
their vote that The Dalles' effort to
have a fair ground constructed from
the county farm be placed in the
discard. They were averse to hav-
ing an additional tax levy made and
to paying more taxes than they now
pay. The vote on Tuesday empha-
sized the fact that Wasco county
was very well supplied in the
matter of fair grounds by those of
the Southern Wasco County Fair as-
sociation at Tygh Valley. The vot-
ers, even in The Dalles, did not take
kindly to the proposition and at the
polls voiced their stand in no light
terms.

We suggest that the sponsors of
the scheme to saddle another tax
levy on taxpayers of Wasco county
take the pretty pictures made of
the proposed fair grounds, have
them framed and label them, "What
might have been."

When a small coterie of fisher-
men seek to control one of the best
fishing streams of Oregon, spread
their nets therein and by so doing
prevent game fish from ascending
that stream causing the rest of the
sportsmen of Oregon annoyance and
cessation of their opportunities to
whip that stream, then it is they be
sat down upon. That they were ut-
terly squashed in their attempt to
stem the tide against closing the Nes-
tucca to commercial fisherman was
shown on Tuesday when the voters
of the state decided that that stream
belonged to the whole people and
not to a very few who made a small
wage catching salmon when those
delectable fish were running up that
stream.

Several The Dalles citizens in-
formed The Times man that altho
the fair ground project was defeat-
ed at Tuesday's election it was the
intention to keep on until the county
seat had a fair grounds. Well, if
they want such an institution, it
causes us to wonder why they did
not keep a fair grounds when it was
operated there. But keep on; re-
member that "if at first you don't
succeed, try, try again."

FARM REMINDERS

Cultural practices that aid in con-
trol of strawberry root weevil in
Oregon are not to be neglected, says
the experiment station, even though
applications of poison bait show
promise of giving good returns.
Selection of good vigorous plants,
use fertilizers and cover crops with
systematic rotation help by keeping
the plants in condition.

Weeds not only harbor diseases
and insects harmful to garden plants
but also starve and shade them and
spoil the flower effect. Successful
gardeners remove weeds roots and all
and turn them under or otherwise
destroy them to give the plants full
benefit of soil nutrition and direct
rays of sunlight.

For best results in Oregon poultry
is allowed 4 square feet of floor-
space per fowl for the average size
flock. The space per fowl is reduced
in large flocks and increased in
small ones.

Annual seedlings and biennial and
perennial plants need water on hot
days and will respond readily to fre-
quent weeding and cultivating by
producing stronger growth and
therefore better flowers, says the O.
A. C. campus florist.

A lean fat face, without wrinkles
and a bright eye are indications of
the laying hen. A hen which ap-
pears to be masculine indicates a
poor layer.

Glad Flowers Need Care.

Commercial growers cut gladiolus
flower stems at a slant to leave
all the foliage possible, since plant
food in the leaf returns to the corm
as it matures. The general practice
is to leave at least one-third of the
foliage on each plant as the corm is
weakened if more is removed.

Gladiolus corms being not hardy,
are dug in the fall before the ground
is frozen. Corms harvested with the
leaves and stems attached are stored

Honey Recipe Gets Prize.

The prize winning fudge recipe at
the Watertown, Wis. national honey
cooking contest has just been deter-
mined, says H. A. Scullen, bee spe-
cialist of the Oregon experiment
station, as follows:

2 cups granulated sugar, 1 square
chocolate, one-fourth cup cream,
butter size of walnut, one-fourth
cup honey, three-fourths cup milk,
1 teaspoon vanilla, 1 cup nuts.

Boil sugar, milk and chocolate for
five minutes. Add honey and let
boil until soft ball forms in cold wa-
ter. Cool, beat and add nuts and
flavoring. Pour on buttered pan
and when hard cut into squares.

S. S. Classes Picnic.

The Sabbath school classes of
Mrs. O. P. Weber and Mrs. R. E.
Richmond went to the R. G. Johnson
orchard on Tuesday for a picnic.
Arriving at the Johnson ranch the
members were made to feel at home
by Mrs. Johnson, who turned her
well set tables on the porch and help-
ed set down to a fine picnic lunch.
After that feature of the day was con-
cluded teachers and pupils adjourned
to the orchard, where they spent a hap-
py hour telling stories and otherwise
enjoying themselves.

Some Freight Train.

If all the freight handled by the
U. S. railroads in 1926 were loaded
in cars at one time, it would form a
train long enough to girdle the
earth 18 times.

Will Visit Mother.

Ernest Doty began a 10-day vaca-
tion yesterday when he went to
Eugene for a visit with his mother.
The lady is well advanced in years
and her son makes her a visit at this
time in order to be with her a short
time during illness caused by old
age. Ernest expects to be absent
until about July 9.

WAPINITIA ITEMS

Miss Doris Hachler, who has been
visiting with her sister, Mrs. Frank
McCoy, returned to her home last
Wednesday.

Grandma Woodside, who scalded
her foot last week, suffered no seri-
ous results, as she is able to be out
this week.

Mr. and Mrs. Lewis McCoy motored
to Stevenson, Washington, on
Tuesday to visit their parents over
the week end, and also to visit Mrs.
McCoy's sister, Mrs. Nell Smith.
They had not met for some time.

The Wapinitia Cattleman's asso-
ciation was busy here Friday and
Saturday moving their cattle back
of Clackamas Lake. On their re-
turn on Saturday they overtook a
black bear. After chasing it up five
different trees Lloyd Woodside and
Lester McCorkle managed to get
ropes over it and Fred McLaughlin
killed it with rocks.

Miss Crystal Hartman and Mrs.
Lloyd Woodside were visitors at
Maupin Friday evening.

Rev. Hazen motored over the Mt.
Hood loop to Portland and attend-
ed the branch Christian Endeavor
and Sunday School conventions on
Wednesday, Thursday and Friday.
He returned home Saturday.

Mrs. Hazen visited with Grandma
Woodside last Saturday.

Grandma Woodside took dinner at
the Lloyd Woodside home Sunday,
after which they motored to Maupin.

Grandma Morris celebrated her
birthday at the annual gathering of
the Morris family at the Tygh Val-
ley fair grounds last Sunday.

Marion Huston, late resident of
this section, was buried in the Kelly
cemetery at noon on Monday. Rev.
Stevens of the Dufur Christian
church, assisted by Rev. Hazen of
Wapinitia, officiated at the inter-
ment.

Mrs. Frank Baty has been visiting
friends in Portland the past week.

The Ladies Aid met Tuesday in an
all-day's meeting. A great deal of
quilting was done. The ladies de-
cided to meet every Tuesday until
after harvest.

Rev. Hazen will speak in Maupin
Sunday morning and at Wapinitia in
the evening.

Vacationing At East Lake.

A. A. Drake of Dufur, his brother,
O. B. Dethick, and George Mc-
Donald and wife spent a time at
East Lake. George writes that the
party are each catching the limit
of trout daily, and that the fish run
about 10 to the limit.

Insurance As Side Line.

Oliver Resh has taken the agency
for the Bankers' Life Insurance
company and will work at that as a
side line. To date Oliver has writ-
ten several policies and has pros-
pects for several more who are look-
ing ahead and providing for their
families in case of death.

Some Fine Puppies.

"Bill" Williams has the thanks of
The Times family for the gift of a
fine bobbed tail puppy. The mother
of the diminutive canine is a regis-
tered animal and her progeny usual-
ly sell at good prices. J. F. Kramer
was also the recipient of a puppy of
the same litter.

the Maupin Drug Store. An enlarge-
ment with each 50 cents worth of

PICKED UP ABOUT TOWN

Bill Foreman, who scores the
baseball games in Maupin, is a pecu-
liar cuss. Last Sunday he remarked
that if Verne Fischer made a hit he
(Bill) was going home. But when
our East side garage man gathered
a couple of safeties and made two
scores, Bill held to his seat on the
bench.

Ollie Weberg is getting mighty
high toned. He is so nifty these
days that he insists on wearing a
linen duster while cutting the grass
on the lawn. But he wears overalls
when he is working on the ranch.

"Dad" Cole still has that lust for
gold, in fact so strong is the urge
that he is making arrangements to
hit the hills about the first of next
month in quest of the yellow metal.
Dad made a find on the Estacada
side of the range about five years
ago which showed good values, and
it is his intention to make futher

investigation of the outcropping.

Hugh Wood is a better auto sales-
man than he is a farmer. So far
during the present month Hugh has
sold 13 automobiles—seven new
cars and six used autos. He has
several prospects and expects to
close a few more sales before July
comes in.

George Tillotson and a party of
friends went to East Lake Saturday
for an outing and picnic. They
arrived at the lake about eight
o'clock, got up early and went to
the lake to fish. Wind blew waves
too high for that sport, and later the
clouds began to spit snow. The
party decided on a return trip and
ran into a genuine old-fashioned
snow storm on the way down from
the lake.

Jesse Addington is laid up again,
this time with a badly chopper foot.
Jesse was on the fire line at Sun-
flower Flat, near Bear Springs, Sat-
urday and was engaged in chopping
off the end of a burning log. The
axe glanced, the blade striking
Jesse's right foot across the instep.
The injured lad was brought down
to town and Dr. Elwood took a few
stitches and closed the wound.

R. W. Richmond sales tires. He
also sells gas, oils and auto acces-
sories. Also represents the Chevrol-
et company, and drives a car of
that species when making pleasure
trips. Last Friday he took his wife
and daughter-in-law to Government
Camp. The first noticeable inci-
dent of the trip was a rear end col-
lision wherein the Chev. was bumped
by another driver near Wap. Then
a blowout occurred. Proceeding on
the way it was found that about a
gallon of gas was all the tank con-
tained; met a truck and borrowed
a half a gallon. Went ahead, had
another blowout, then covered a
stretch of road recently oiled. An-
other blowout. Mixed with the
other troubles was the overturning
of a can of red paint, which pene-
trated clear through the clothing of
one of the ladies. Oh, yes, it was a
joyous trip—hix.

Ben Fraley is some "peanuts"
player. He usually bids all his hand
is worth, then adds a few more for
good measure. But it makes Ben
mad when Lester Kelly overbids
him and then melds a couple pairs
of peniches, a few hundred trumps
80 kings and 100 aces, making a
total of over 700.

Now that the East side is con-
nected with the Staats spring the
management of the water company
of that side has been busy screwing
down the faucets of water users.
The pressure is so strong that a
tightening process is necessary in
order to hold the water holders in
place.

Attention

CAN YOU FIND YOUR PAPERS
—in an emergency?

Have you ever suddenly needed
certain papers for some business
emergency, and have hunted through
your desk, vainly seeking them?

This has happened to many with
losses in dollars and opportunities.
A safe deposit box for storage
and safety would have prevented all
such losses. Many men and women
are now keeping their valuables in
safe deposit boxes in this bank. We
highly recommend that you, too,
adopt this plan.

The cost is trifling and your valu-
ables are absolutely safe.
