The Williams camp ground is receiving good patronage these days. Nearly every night for the past two weeks all the cabins have been occupied and several campers have pitched their tents on the grass.

Mrs. L. B. Kelly was the cause of quite a scare on this side Monday night. She saw what she thought was a fire at the Lester Kelly camp, on Bakeoven creek. She gave the alarm but investigation proved the fire to be one in a pile of brush, set by the owner of the place.

Have that fishing lunch put up at the Maupin Camp Ground store. It will contain all that a hungry fisherman could desire.

Fished at Ollalie Lake. Dr. Stovall and wife motored to Ollalie lake on Sunday and spent several days this week at that fishing resort. They are expected to return tomorrow.

NEWS ITEMS OF INTEREST TO THE TIMES READERS

Co-Operative Handling Increases Profits—Berry Crop Harvested—New Spineless Gooseberry

Co-operative handling of the product has increased and made profitable the dairying industry in Eagle Valley, Baker country, according to Fred Gover, a prominent granger, who says: "There is a big increase in dairying in the district, and what is more the dairymen control their business. Our co-operative association in 15 months will pay for a \$25,000 plant equipment, besides returning 40 cents per pound for our product—and that is considerably more than the cream buyers would have paid us."

A very heavy berry crop has been partially harvested in western Oregon and has brought fair returns to the growers because of the facilities established at so many points for handling fruit by barreling, canning and other processes. Cherries also are more plentiful than expected and are finding a ready market at 7 to 8 cents a pound for Royal Anns and as high as 10 cents for black cherries.

The Farmer's Sun of Toronto tells us of a gooseberry brought out by the Experiment Station of Ontario which is thornless and spineless and bears fruit of commercial size. It has been named the Spineless and the fruit is of good quality, rather thick skinned, bright red when it is ripe and entirely free from prickles. Such a gooseberry growing in Oregon would make a valuable crop.

The Oregon Poultrymen's association in convention at Corvallis last week, elected the following officers: President, Edward Snow, Monroe; vice president, R. A. Putman, Clackamas; secretary-treasurer, H. E. Cosby, Corvallis; directors, Mrs. W. H. Thompson, Canby, and Ambrose Brownell, Milwaukie.

Apple growers should be applying the second spray for codling moth, if it is not already done.

A large part of the Klamath county wool clip was sold last week to a Boston firm for about 30 cents a pound.

Montana is about to gather in the heaviest crop of wheat ever seen in that state and her farmers, hard hit for some years, needed it. Oregon and the entire northwest will share in the bountiful yield reported from Montana, and with \$1.35 to \$1.40 a bushel in Portland, the prosperity and joy should be widespread.

Wasco Still Healthful.

According to the last bulletin sent out by the State Board of Health, Wasco county is the most healthful of all Oregon counties. In the list of diseases mentioned there is but one contagious ailment mentioned, that being a case of whooping cough.

Resigns Position at Shattucks.

Glen Powers, who has been working in the Shattuck store for the past several months, has resigned his position and has gone back to his former job at Hillsboro. Mrs. Powers is ill at her parents' home at Hillsboro, and it is to be with her that caused Mr. Powers to leave here.

Drove Over McKenzie Pass.

Wm. Beckwith and wife drove to the McKenzie bridge Sunday. They went to meet their daughter, Mrs. Glen Morris, and family, who are living at Roseburg. Mrs. Morris and children returned to Maupin with her parents and expects to remain here during the coming month.

Oiling Highway This Week.

The road oiling crew is at work this week spreading a second coat of road covering on the stretch of highway between Dufur and the junction. The oiled portions will be sanded as soon as covered with oil, thus preventing automobiles from becoming covered and splattered as they pass over the road.

Mink Cutting Lumber.

Elmer Mink has erected a portable sawmill on his place above Wamic and is cutting out some fine lumber. Mr. Mink finds a ready sale for all the stuff he can saw, and is getting his timber near the mill.

Fished on Badger Creek.

O. F. Renick and family spent part of Sunday on Badger Creek. "Tom" is some fisherman, but when he has to throw fully 90 per cent of the trout hooked back because of small size, Badger creek has lost attraction for him. He finished the day by pulling out some nice trout from White River.

Filling Concrete Forms.

Joe Kramer began filling forms for concrete around the basement for his new residence. When the concrete has set workmen will proceed with the erection of the superstructure and rush it to completion.

ELEVEN YEARS AGO

From The Times, July 21, 1916. Frank Fleming lost a horse last Friday. After scouring the country he finally found where a man, who wore nailed shoes, had stopped at the Mays ranch. As footprints around the Fleming barn tallied with those of the man who had been at the Mays place, Mr. Fleming kept a sharp lookout. While returning from Antelope, that evening Frank overtook a man and gave him a ride. When he reached home he discovered the man wore nailed shoes. Upon charging him with stealing the horse the fellow confessed and took Frank to where the horse was tied in a clump of brush. Under Sheriff Reeder took the fellow, who gave the name of Geo. Battie, to The Dalles, where he will be held for action by the grand jury.

It is said that more wheat will be brought to Maupin this season than ever before. The Hunta Ferry Warehouse company is planning on 200,000 bushels coming there. Last year's crop receipts at that

house showed a total of 183,000 bushels taken in.

Snow is almost gone from the road across the mountains, there being but little at Frog Lake. It is reported that the Salmon river bridges are in bad shape owing to the severe storms of the past winter.

One of the heaviest rains of the year fell at Wapintia last Saturday. The rain continued almost steadily until Sunday noon, and filled all creek beds and rock breaks. Such a rain was never known to fall at this time of the year.
