#### THE CREED OF A FOOL

I am a fool. I believe that fire  
is a regrettable accident which oc-  
curs in the other man's house. I be-  
lieve that my own house is free  
from danger, although I take no  
precaution of any kind. If I stop  
to think, I would realize that my  
house is even as other houses are,  
but it is unnecessary for me to  
think about such matters. The other  
man should think deeply.

I believe that fires are caused by  
carelessness of the other man. I be-  
lieve that I am a privileged charac-  
ter. I may throw matches about,  
cast away half-lighted cigarette  
stubs without looking to see where  
they fall. I believe that I can do  
such things with impunity. So far  
I have not been arrested for arson.

I believe that the other man is  
negligent. He is culpable and de-  
serves to suffer losses caused by  
his own stupidity. A special provi-  
dence looks after my home and place  
of business.

I believe all this, without any  
guaranty of immunity from the at-  
tack of fire. I have no surety that  
fate has not nominated me for mem-  
bership in "the club of other men".  
But, as I have said I am a fool.

—The Manufacturer.

A Portland policeman has proven  
that all good Samaritans are not  
of business. One of Portland's  
finest deserted his beat to minister  
to the needs of an ailing woman,  
and carried a 50-pound chunk of ice  
to her home after an ice man had  
refused to make the trip because of  
poor roads leading to her residence.

#### Still Capture Reported.

It is reported around Maupin that  
the sheriff's office has been success-  
ful in capturing a still on White Riv-  
er. The whiskey factory was located  
near the old Linn mill, cleverly con-  
cealed and contained a still of  
modern construction. Included in  
the capture was five barrels of mash  
which indicated the capacity of the  
plant. Whoever operated the still is  
not known, but suspicion points to  
several parties, and capture of them  
is said to be a matter of but a short  
time.

#### Injured Her Eye.

Tuesday morning Mrs. Gordon  
Matter was leaning over the drying  
board of the sink in an endeavor to  
reach a wash basin. She did not  
know that a step pan rested on the  
board, but was later informed of the  
fact when, in leaning over, the  
handle of the pan was forced into  
her left eye with force sufficient to  
inflict a bad bruise on the eyeball.  
Mrs. Matter is now wearing a pair  
of smoked glasses, and although the  
bruise is very painful, expects no  
serious results will follow the ac-  
cident.

#### Binder "Flooy" at Start.

Harry Lewis bought a new binder  
for this year's harvest. He started  
the machine for the first time on  
Monday. Drove around the barn  
when one of the drapers tore to  
pieces. It had become unbuckled.  
A new one arrived Tuesday and now  
Harry is busy cutting a fine crop of  
wheat.

#### Narrow Escape From Fire.

Monday Art Gutzler was using a  
tractor to erect a derrick at a hay  
stack on the Henneghan ranch.  
The tractor back fired, the spark  
igniting a can of gas used to prime  
the motor. Flames shot high, but  
were driven by the wind toward a  
rock break, where they died. The  
derrick was standing by the side of  
a large stack of hay, and had the  
wind been blowing toward it would  
undoubtedly have been consumed.

#### Indian Baby Falls From Car.

An Indian named Frank Peter,  
employed on the section at South  
Junction, was in town Tuesday with  
his infant son for treatment by Dr.  
Elwood. The baby was playing on  
the floor of the family home in a box  
car and in some manner fell to the  
ground from the floor of the car. It  
struck on the back of its head, injur-  
ing the nerves so that it kept up a  
continual jerking and rolling of the  
eyes. Dr. Elwood says the little fel-

low showed symptoms of spinal men-  
ingitis. The accident occurred last  
Saturday.

#### Harvey Morris Injured.

While sewing sacks on the T. E.  
Slusher combine Tuesday Harvey  
Morris was jarred from the machine  
and badly shaken up in contact with  
the ground. The machine was driv-  
en over a dead furrow, causing him  
to be thrown off the board. He  
struck on the back of his head and  
suffered severe injury to his neck  
and back. He was brought to Mau-  
pin by Mr. Slusher and Dr. Elwood  
treated him. Reports at this writ-  
ing are to the effect that Mr. Morris  
is getting along toward recovery.

#### Visited Salt Lake City.

George H. Gill, who passed thru  
Maupin a short time ago while on his  
way to Madras to take testimony in  
a land case, came to Maupin again  
on Tuesday, he having visited Salt  
Lake City while on his journey. He  
joined his wife here, she having been  
at the home of her mother, Mrs. W.  
H. Staats.

#### Will Erect Residence.

E. C. Pratt is leveling off part of  
his son's lot and will erect a resi-  
dence and work shop thereon. Mr.  
Pratt and wife will then take up  
their residence in Maupin so as to be  
close to the home of C. E. Pratt,  
their son.

#### "INSIDE" INFORMATION

Good corn bread can be made  
with either sweet or sour milk.

Whipped cream is not only a plea-  
santly luxurious addition to a de-  
sert, but a food itself. It is not need-  
ed after a hearty dinner, but is ap-  
petizing and suitable after the light  
type of meals served in summer  
time.

In a good many parts of the coun-  
try, cotton fabrics can be worn to  
advantage until late in the fall. Col-  
ors grow darker as the season ad-  
vances, and materials somewhat  
heavier, but as cotton garments can  
be laundered easily and are unex-  
pensive they remain popular.

Is your kitchen sink the right  
height? If you find yourself stoop-  
ing over it, and cannot change its  
position, put a block of wood under

the dishpan. Blocks of wood under  
the legs of the kitchen table, too,  
will eliminate some of the backache  
that comes from working at too low  
a surface.

If you are planning to build or re-  
model a kitchen, be sure to arrange  
for a two-way closet in the connect-  
ing wall between the dining-room  
and kitchen. It will save you many  
steps, since dishes can be put in  
when washed on the kitchen side,  
and taken out on the dining side  
while the process is reversed in  
clearing the table after a meal.

If you put away left-over cooked  
cereals in pound baking powder tins  
or other receptacles which will mold  
them into a good shape for slicing  
and frying, they will be ready for  
use as a dinner vegetable in place of  
potato or rice. Dip each slice in  
flour, have the fat hot, and cook the  
pieces on one side until delicately  
browned before turning over.

There are a number of suitable  
garnishes and flavorings for iced  
tea. A spray of mint adds a cool  
summery touch. Candied orange or  
lemon peel, and candied pineapple,  
summery touch. Candied orange or  
lime, are good. Some people like  
whole cloves, a stick of cinnamon,  
crystallized ginger, or rose geranium  
leaves with iced tea.
