Sojourning on Mt. Hood.

After an arduous seance in the hay fields L. V. Broughton loaded his family in the Jewett and hied to the huckleberry fields in the neighborhood of Mt. Hood. They started Sunday night and will put in the week "on top of the world."

Had Toe Mashed.

Wm. Crickett is limping around town these days, the cause, of his lameness being a badly mashed toe on his right foot. "Bill" was at work raising track on the O. T. The jack, used in lifting the rails, slipped, letting the lift bar drop and when it lit Bill's foot was under it. Dr. Elwood fixed up the injured member, but Mr. Crickett will be compelled to lay off from work for a time.

Folks at Summit Prairie.

L. C. Henneghan took his wife, Mrs. Knowles Dufur and Mrs. James Chalmers to Summit Prairie last week, going for the outing and also to pick huckleberries. Lou returned Tuesday evening, bringing Mrs. Chalmers home, and will return for his folks later.

Enjoying Coast Breeze.

Frank Creager loaded his faithful Ford last Thursday and with Franz Confer and wife left for coast points. Frank has been active for some time and the little outing will fit him for a continuous seige of hard work upon his return.

Gone To The Coast.

Ernest Confer and family are enjoying a lay-off from farm work, and last Saturday left for an outing at Coast points. His father, assisted by "Bud," Greene, will take care of the ranch during Ernest's absence.

Painting Smock School House.

Wilson & Miller, the painters from Siverton, who have been working in this section for some time, are now at work painting the Smock school house. As soon as that job is completed they will go to the fair grounds and paint a number of signs, then come to Maupin and cloth and paper the cottage recently purchased by N. G. Hedin.

Pratts at Warm Springs.

Carl Pratt and family are sojourning at Warm Springs just now. Carl is on his annual vacation and is enjoying the healing waters of the springs, and at the same time striving to extract a few trout from the Warm Springs river. While he is away, Everett Hazen is carrying the mail on Route A.

MERCHANTS, GIVE YOURSELF A FULL THIRD DEGREE

Getting into a Rut is Easy, Getting Out hard—Study the Possibilities of Consistent Advertising

Getting in the rut is the chief danger of store keeping—or of any kind of business.

When a man begins to feel satisfied—look out! He has shut the door to new ideas. He has blocked the path to progress.

Every little while it is a good idea to get down to first principles—to take stock of one's self and to take a fresh start.

Give yourself a third degree.

You can't depend upon your present clientele. Your old customers die off or move away—varish somewhere! New customers must be secured constantly.

New methods must be developed to keep new patronage coming. For building up retail business no force has been discovered which compares with newspaper advertising.

Ambitious merchants must study the advantage and possibilities of advertising. And they must open their minds to new ways and new ideas in their advertising.—Implement Record.

HOT DOG STAND ELIMINATION

State Highway Department Determined to Kill Off Bill-Boards, Etc.

The State Motor association points out that almost unnoticed a reform is taking place in the elimination of billboards and hot-dog stands from Oregon highways.

Slowly but surely the Highway department is acquiring land along the right-of-way bordering on scenic and historical sections. This automatically eliminates the hot dog stand and the billboard two of the greatest detractors from the beauties of the state.

The Highway commission has gone about the acquiring of these properties quietly and unobtrusively, and while other complain of the nuisance along the highways, the commission has sought to correct the evil by acquiring the property rights in scenic sections.

Every motorist in the state of Oregon approves of this action of the commission as it retains for posterity the same beauties of nature that the present day motorist enjoys.
