month. There were but four, out of 13 hunters in this state to exceed the local man in number of animals taken.

Harvest Dance Saturday.

Don't forget the Legion Harvest dance at the hall in Maupin on Saturday night. The boys have made extra arrangements to give attendants the very best time possible. A good orchestra has been employed and that alone is a guarantee of a first class good time.

Takes Special Music Course.

Mrs. H. F. Bothwell returned to Maupin home Tuesday of this week after 10 days spent in Portland, where she took an advanced course in music under a director who had but recently returned from New York and Paris, bringing new methods with him. Mrs. Bothwell says she will be ready to receive pupils of the age of seven on and after Monday, September 19.

Robbed Our Gas Tank.

Last Sunday night some midnight robber helped himself to a tank of gasoline from our Dodge. Several times before that date the wrecking car of the Tillotson Motor company was robbed of its gas. It's a long lane that has no turn, and if such depredations continue someone is liable to have to pay a tidy sum as a fine for stealing gas. The Richmond truck tank was despoiled of 10 gallons of gas the same night.

Kramer to Hold Auction.

J. G. Kramer, living on the Dunning ranch, about 20 miles east on the Dalles-Pacific highway, is advertising auction sale of his farm implements, live stock, some household goods and other articles. The sale will be held at 10:00 a. m. on Friday, September 30, and will be cried by F. C. Butler. Frank Stuart will be clerk. There are many articles listed in the sale, and no doubt all will be snapped up by those needing the goods mentioned.

Better fired with enthusiasm for safety than fired for recklessness.

Watching the scenery instead of the traffic causes accidents.

Accidents are avoided by assuming that the other fellow is going to be careless. Keep your eyes and mind on the traffic.

PICKED UP ABOUT TOWN

Bill Staats is at home from the harvest fields. Bill put in a strenuous 30-day stretch garnering wheat. At first the father of Maupin was dubious regarding his ability to "stick 'er out," but as time passed

Cool Weather

is here. A weak spark and worn cylinder walls mean improper combustion of gas, causing a hard starting motor.

Expert Cylinder Honing and Ignition Adjustment

Maupin Garage

"IT SERVES YOU RIGHT"

and he grew stronger, the work assumed the proportions of play. Bill says he is good for 30 days more, and if anyone thinks he is not, all they need to do is to bring along their old harvest.

John Williams is worrying himself sick. The deer season is on and things have shaped themselves up for him so that he is compelled to stay at home. It is lucky for at least a couple of prong-horns that matters have broken that way for our camp ground man, for it has been his practice for years to go after deer and bring the limit back with him.

What with weighing and checking in about 100,000 bushels of wheat, taking care of shipments, making out storage receipts and keeping the books, Ernest Doty at the Hunts Ferry warehouse, is about as busy as the proverbial cat on a tin roof.

Bob Bell says business on his line on the railroad is picking up. One day the first of the week there were two extra trains on the O. W., which made our worthy station agent take on an additional hustle.

"Dad" Griffin is with us again, having stored away a fine mess of wheat raised on his Sherman county ranch. Dad is in Maupin for his annual fishing fiesta, and if there are any fish that expect to remain in the water while Mr. Griffin is around, they had better hit for spots a long

distance from this city, or Dad will get them if they don't watch out.

Speculation over the outcome of the coming Dempsey-Tunney fight is running high in Maupin. Several sports have backed up their opinions with hard cash. One bet of \$300.00 having been made, while several smaller amounts have been wagered on the outcome. At that we think Dempsey will win.

Ollie Weberg is preparing for a degree. He has engaged to take care of the Maupin school houses in the capacity of janitor during the school year. Between times he will indulge in a little intensive study with the aim of acquiring the degree of O. F. E., S. W. S. and L. M.

George Carl is at last settled in his mind. His wife is making preparations to move to this city from Carlton. When that move has been accomplished and all is settled, George will then have but little to disturb his usual serenity.

Once more the dancing season is with us. The local Legion post has advertised a harvest ball for Saturday evening, September 17, and if advance indications are anything to go by, it will be a hop to make all sit up and take notice. Several of Maupin's ambitious musicians are getting up their stuff and propose to supply a brand of jazz for the harvest baall that will linger long in the minds of those who attend.

PERSONAL MENTION

George Mallatt was down from Bakeoven Tuesday.

The Kaiser family spent Sunday at Dufur, visiting friends.

Emmett Ashley was in The Dalles on Tuesday on business.

A. H. Gillis was in town from his Wamic ranch on Tuesday.

Clarence and Are Fargher was in town on business on Tuesday.

Prof. Nagel attended the teachers institute at The Dalles on Tuesday.

The Times editor looked after advertising at The Dalles on Tuesday.

Teacher Howard of the Hackler school, was a Maupin visitor on Tuesday.

EAST MAUPIN NEWS

Ira Kistner was called to The Dalles last week by the illness of his nephew.

Mrs. L. D. Kelly is still picking strawberries and raspberries from her garden.

Dave Donaldson accompanied Hugh Knight to East Lake a few days last week.

Mrs. Rex Meir visited with her sister, Mrs. A. Cuningham, for a few days this week.

Mrs. F. Herrling, mother of Mrs. P. J. Kirsch, left for Salem last Friday after spending several weeks with her children.

Mr. and Mrs. Billie Fischer, Mrs. E. Fischer and Alfred Herrling all of Bend, stopped here while enroute to the coast Saturday.

Ivan Donaldson returned home today and reports that he is feeling fine. He recently underwent a minor operation on his nose at The Dalles.

At Grandfather's Obsequies. George Tillotson and wife and Miss Marjorie Tillotson were at the funeral of their grandfather, G. C. Stakely, at Wamic on Tuesday.

Visited Equalization Board. W. H. Staats and wife and H. L. Morris went to The Dalles Monday morning for the purpose of settling matters pertaining to taxes on their holdings in Maupin.

New Waitress at Rainbow. Miss Ada Carl, daughter of George Carl of the Maupin garage, is the new waitress at the Rainbow restaurant. Miss Carl takes the position made vacant by Miss Gladys Martin, who resigned that she might attend school.

Working at Shattucks.

Andrew Craabtree has accepted a position at the Shattuck store and will put in the time both before and after school learning the ins and outs of the mercantile business.

Weberg Is Janitor.

O. P. Weberg will act as janitor at the Maupin schools during the school year. Ollie is a good home man and under his care our school houses will receive the best of attention.

Will Return to Eugene.

Miss Winifred Kaiser, who has been at home during the summer vacation of the State University, will leave for Eugene Sunday morning. Studies will begin Monday and she desires to be there on time.

Mother and Babe at Home.

Mrs. Leonard A. Weberg, with her baby daughter, who was born at The Dalles hospital a short time ago, have returned to the family home on the Weberg ranch at Wapinitia. They left the hospital on Tuesday.

Just Can't Stay Away.

Leonard Farlow is employed in a drug store at Arlington. He has many friends in Maupin, and on Sunday last drove over from the junction town and visited during the day with friends here.

Masons Attend Funeral.

R. E. Wilson, D. Elwood, A. B. Smith and T. B. Slusher, Maupin Masons, attended the funeral of the late G. C. Stakely at Wamic on Tuesday. The masons conducted the services at the grave.

Staats Coming Home.

Jack Staats, writing to The Times from Lewis, Washington, says he has concluded his work in the forest service for this season and that he expects to arrive in Maupin either tomorrow or Saturday. Jack has been stationed on upper Lewis river during the summer.

Mrs. Richardson Ill.

Mrs. Clark Richardson has been under the doctor's care for the past week suffering with what promised to be pneumonia. Her husband came out from the Fargher sheep range Tuesday evening, and will remain at home until his wife has fully recovered.

Installing Machinery.

E. R. Barton, an electrical engineer from Longview, Washington, is employed setting machinery at the Oak Springs plant of the Maupin Power company. Mr. Barton says that it will take at least three weeks before the plant will be made ready for operation.

Fulkerson Among High Ones.

R. C. Fulkerson, predatory animal hunter for this section, is among the big ones with his catches for the month of August. During that month Fulkerson took five bobcats and 20 coyotes giving him a total of 25 predatory animals for the
