Number 46

Big Carnival Billed for This City—Shows Here October 8

Days of '49 With Attendant Games
Scheduled by Legion for
Saturday, October 8

Pendleton has its roundup, Spokane its air derby, Portland its rose festival, The Dalles its frolics but the crowning event of the season will be the grand carnival, arranged for by the Maupin American Legion. This great event will be pulled off on the evening of Saturday, October 8 at Legion hall, Maupin.

The managers have delved deeply into history of early days of the west. They have arranged for a truthful duplication of many of the characters of early times; have unearthed games long forgotten and will stage a real "Days of '49" at this carnival. If you like to take a chance, there will be plenty of opportunity to do so, as old-time gambling games will be on hand. Chuck-a-luck, keno, craps, black-jack, and maybe the Indian stick game. "Money" will be there in thousands; the "bankers" handling the games know their stuff and all will be given a chance to either make a stake or go broke.

As an additional feature there will be supper and dancing. The music will be befitting the occasion all those who attend will have the time of their lives.

DR. SHORT PREPARING TO MOVE TO MAUPIN

Former Dufur Dentist Will Locate
Here Permanently—Office in the
Maupin Drug Store

What is Dufur's loss is Maupin's gain, for Dr. Short, the well known dentist, who has practiced his profession in the former town for many years, has decided to make Maupin his permanent headquarters, and will arrive here some time next week. Dr. Short has disposed of his residence and practice and as soon as he has settled some matters at Dufur will come to Maupin. He will have parlors in the rear room of the Maupin Drug Store, which are being fixed up for his accommodation.

PORTLAND HAS ENTRY IN GREAT SPOKANE AIR DERBY

"Tex" Rankin Will Represent Oregon
In Flight From New York to The
Inland Empire Capital

The "City of Portland," piloted by Tex Rankin, will be Oregon's strongest entry in the New York-to-Spokane air derby which starts from the eastern city September 21. Rankin is president of the Rankin Flying school here and vice-president of the Oregon Aero club. With a splendid record behind him, Rankin is favored by Portland backers to win the class A derby.

The "City of Portland" is a small Waco plane with a wing spread of 23 feet and measures 22 feet from the propeller tip to the end of the rudder. It is equipped with a nine cylinder Wright Whirlwind motor, capable of making a maximum speed of 140 miles an hour and with a general cruising speed of 120 miles an hour. The motor is the same type used by Colonel Charles A. Lindberg on his history making trip to Paris.

Rankin has been over the route several times and last August mapped out his entire course and selected his four landing fields, which will be at Chicago, St. Paul, Fargo, North Dakota and Billings, Montana. He plans to fly a direct compass course between stations in preference to following the highways and railroads as many pilots will do. He will carry the required 320 pounds of ballast instead of the two passengers, reducing the personal element to a minimum. The greater strength of the small plane in rough weather will also aid him he believes.

Refueling the plane and each of the stops will take from three to five minutes enabling him to land, fill the gas tank and be in the air again before the propeller has hardly slowed down.

The National Air races will follow the derby at Spokane, September 23 and 24. These will be followed by the Spokane to Portland derby.

Eugene building permits for August were \$75,000.

NOTES FROM MAUPIN SCHOOLS

Nine new little faces have shown themselves in the primary room and the owner of each seems to be eager to learn.

On Monday morning the first and second grades were pleased to find their room unusually bright and cheerful, due to the fact that the walls had been calcimined during the week end.

The Third and Fourth grades have been presented with a beautiful picture—"Feeding Her Birds,"—by Millet, which was purchased by the school board and chosen by Mr. Kaiser. The selection shows Mr. Kaiser's aptitude in making suitable purchases of pictures for the grades.

The attendance in Mrs. Joynt's third and fourth grade room is 100 per cent up to date.

The Fifth and Sixth grades are showing their willingness to do some real work. They will be encouraged by the clean, bright atmosphere of the room, which has been newly calcimined.

Mr. Crabtree has cut away a large white margin from one of the pictures and thus improved it. He also perched himself on a risky scaffold support to hang our thermometer from the ceiling.

The janitor has been busily engaged in searching out and discarding articles which often clutter the premises.

7th and 8th Grades
Our initial enrollment on Wednesday, September 14th, was as follows:

DALLES MEN GET BIG BAG OF HEAVY BUCKS

Eight Men Kill 12 Deer—Found Remains of One Killed By Them
Last Season

A party of Dalles hunters passed through Maupin Sunday having the biggest bag of deer so far recorded this season. There were eight men in the party and their bag amounted to 12 big deer. While they were in the mountains they found the remains of a deer killed by one of them last year, but which could not be found at the time. They brought in the horns with them, the points of which numbered five with a perfect spread.

Some Big Spud.

George Cunningham has a small irrigated garden patch on the hill above his residence. In that patch he planted spuds, among other vegetables. Friday evening he showed The Times man a specimen of his potatoes that for size is hard to beat. The tuber measured just one foot in length and at its greatest circumference nine inches of string just met ends. George says he will send the sample back east to an aunt, to whom he told the story of growing potatoes in Oregon and that when they were dug were corded on the arm like stove wood. He will thus prove his story.

New Clerk at Wilson's.

Orville Fraley will receive instructions in the fine points of merchandising at the R. E. Wilson store. Orville has begun putting in the time before and after school hours at that establishment, and the way he takes hold is evidence that his chief attribute is meeting the public and taking care of its wants.

Continued Journey South.

W. W. Richmond and son, Ralph, who lately came here from Stanley, N. D., packed up their trusty Ford Sunday and left for the south, intending to seek work in the Klamath country. Mr. Richmond is a brother of R. W. Richmond of this city and spent some time in Maupin last summer.

Brought Deer Through.

A party of Cherryville hunters, made up by F. W. Huntington, W. J. Falibone and W. E. Welch, passed through Maupin on Saturday, their cars containing the carcasses of three fine bucks, shot in the Blue mountains.

Attended Magill Funeral....

Lester Crofoot and wife came down from Two Springs last Saturday and went over to Wamic, where they attended the funeral of Grandma Magill that afternoon.

8th Grade—Charles Bothwell, Alta Chastain, Mary Greene, Beth Ruth-erford, Harry Rutherford and Edmund Wilson.

7th Grade—Bonney Duus, Laco Greene, Melvin Lindley, Wendell Lindley, Betty Slusher and Greatha Turner.

Since that time our attendance has been 100 per cent perfect.

Genevieve Seithoff and Glenn Graham of the Senior class were absent the first part of the week. They were in Portland.

During Mr. Weberg's absence on jury duty Cyril Fraley has been doing the janitor work.

Joe Chastain is the driver of the Fairview school bus, which has been painted a flaming orange. Judging from its color it should be seen afar and not missed by lagging students.

Madge Shearer, in addition to her school duties, delivers milk each morning at the R. E. Wilson Co. store.

No new names have been enrolled in high school since last week. A few more are expected in later.

There seems to be some prospect of the athletes engaging in a belated start in football. There is a lot of good material for this, considering the size of the school. The solution resolves itself into the securing of equipment and a field.

At present typing seems to have enrolled the largest number, with American history and English 1V close runners-up.

NATIVE OF WAMIC DIES AT PORTLAND HOME

Mrs. M. J. Anderson, Formerly Miss
Rodman, Passed Away
Last Week

Word has been received here of the death of Mrs. M. J. Anderson, a native of Wamic, which occurred at her home in Portland the latter part of last week. Mrs. Anderson was the daughter of Mr. and Mrs. W. V. Rodman and was born at Wamic. Details regarding the funeral have not been obtained by us.

Home From Portland.

Miss Ethel Kidder, who spent the summer at the home of her sister, Mrs. Laco DeCamp, in Portland, returned last week and again is at her studies in the Maupin schools.

Awaiting Household Goods.

George Carl and wife arrived in Maupin from Carlton Saturday evening. Mr. Carl has been here some time, in charge of the Maupin garage and left for Carlton after his wife over a week ago. As soon as their household goods arrive the Carls will take up their residence in the Ben Fraley cottage, next the Henneghan residence, and make Maupin their home.

More Deer Hunters Leave.

O. J. Williams, Oliver Reah and A. J. Roy, a Portland hardware man, left Sunday for the mountains in the vicinity of Prineville after deer. The members of the party have hunted in that section before and it is a safe bet that if any deer are sighted their carcasses will supply the tables of the hunters with venison. The men will be gone until October 1st.

The Kramer Auction.

Don't forget the auction sale at J. G. Kramer's on Friday, September 30. Mr. Kramer has listed many articles of farm machinery and livestock, all of which is in good condition, and which would all greatly to any farm equipment. French Dutler will cry the sale, which will start at 10:30 in the morning of the day advertised.

Wilson-Fraley Deer Hunters.

Bob Wilson and Ben Fraley have gone after deer. They will seek the shy denizens of the forest in the vicinity of Prineville, in the Blue mountains and intend to stay until they each get the limit. They left Tuesday morning.

Crofoot Had Quinsey.

Charley Crofoot was laid up the first of the week with an old ailment—quinsey. He has been subject to attacks of the ailment for several years, but the late seige proved about as severe as any he has endured.

Use Your Ingenuity and Try to Win a Fine Prize

BEARS SEEN IN CLOSE
DISTANCE TO MAUPIN

Three Observed at Top of Paquet's
Gulch—One Killed on Top
of Buckhollow

Bear seem to be numerous this fall, as hunters and tourists report having seen them in many different localities. Last Sunday, while returning from a trip through the reservation, Phil Starr and family saw three bears feeding on the carcass of a dead horse at the top of Paquet's gulch. When the bears noticed the approach of the auto they ambled into the brush. The same day while near the Ashley ranch on Buckhollow Elza Derthick saw a bear cub in a tree. He got his gun and now the steaks from that youngster are piece de resistance on the Derthick table.

HIGHWAY TRAFFIC RUNS
ABOUT SAME MONTHLY

August Daily Traffic Exceeded Other
Months By 199—Check Made
Each Month

Foreman Addington checked traffic on The Dalles-California highway Saturday, checking those cars passing through Maupin. He noted 161 cars going through that day. A check of traffic for the months of June, July August and September showed the following:

June—165 cars.
July—169 cars.
August—268 cars.
September—161 cars.

Taking the check as an average would show that 109 cars went thru this city each day, 3,220 each month and 16,100 cars for the five months checked. These figures are conclusive evidence that many tourists choose our highway as a means of travel both to and from California and the east.

Hunters of Lost Men Return.

Eighteen members of the seekers for the lost Dalles men, Henry Cramer and Guy Perry, were in Maupin Sunday night, and took supper here. They said they had covered practically all that part of the mountain where the young men intended to go, but failed to discover any trace of them. Several of the party vouchsafed the information that they intended to stage another hunt for the lost men, starting next Sunday.

Attended Lodge Meeting.

Messrs. F. D. Stuart, James Chalmers, B. F. Turner, F. C. Butler and LaVerne Fischer attended a meeting of the Encampment at Tygh Valley Monday evening, they being Maupin members of that lodge.

Visiting With Father.

Mrs. B. F. Turner is at Airie, Polk county, where she will visit with her father for the coming fortnight. She left for the Valley town last Sunday morning.

Trapping at Conroy's.

Trapper Fulkerson and son are engaged in setting traps for coyotes at the John Conroy ranch near Sherars this week. On Monday Fulkerson succeeded in catching three coyotes in that vicinity and went there Tuesday morning to look after his trap line.

John Confer Improving

John Confer, who underwent an operation for goitre at a Dalles hospital last week, is improving and will soon be discharged from the institution. John had suffered with the affliction and all hope the result of the operation will prove of permanent benefit.

Mare Breaks Leg.

Don Miller is unfortunate in that one of his best mares suffered a broken leg one day last week. The animal was in pasture and when Don went after her found that one of her front legs had been broken below the knee. Dr. Stovall was called and he is making an effort to save the mare.

Carl Pratt and wife attended the Magill funeral at Wamic last Saturday.

Corson Music Store Seeks to Encourage
Wasco Youth By Offering
Prizes in Puzzle

On another page of this issue will be found an Ad of the Corson Music store, in The Dalles, offering a number of fro prizes for the most artistic answers to a puzzle given in the ad.

Believing that we have as artistic a people in this vicinity as anywhere, we are venturing the wish that a number of these prizes might be brought to our locality. We understand the judges awarding the prizes will first pass on the correctness of the solution, then on the most artistic presentation. If those blessed with originality or with particular talents for art needlework, pen and ink or other sketching, or handicraft of various kinds, would spend some time and thought on the making of the most artistic answer to this puzzle, no doubt the results would be very much worth while.

No doubt the originality, together with the artistic working of this puzzle, will count for much and we would especially like to see our people bring home some of the prizes the Corson people are offering.

DANCE AT SHADY BROOK SATURDAY, OCTOBER 1

Community Hall to Be Scene of Harvest
Ball as Opener of Season—
Best of Music

The directors of the Shady Brook Community hall have bills out announcing a harvest dance at their hall, to be given on the evening of Saturday, October 1. Those having the matter in hand have made arrangements to take care of a large crowd, having smoothed the floor and one of the best dance orchestras in this section will furnish the music. As the bills say, lay aside all care and take in the Shady Brook dance.

Rev. Hazen Returns.

According to the Portland Oregonian Rev. Everett Hazen has been returned to the Wapinitia charge of the United Brethren church. As the church of Maupin is in the Wapinitia district, Mr. Hazen will return here and remain for the coming year. Rev. Mershon has been assigned to his present charge, Hazel Gren and Hopewell, a much more desirable charge than the one here. Rev. J. I. Parker, formerly at Wapinitia, has been reassigned to the Manor, Washington, circuit. The coming year will make Mr. Parker's third assignment to the Manor charge. Rev. McDonald was reelected superintendent.

Scraped Roadway.

Gus Derthick got busy Tuesday morning and scraped the roadway north of the Tillotson garage. That stretch of street was in a deplorable condition, but the little work Gus did on it placed it in fair shape.

Returns to Her Home.

Mrs. Aylesworth and new baby, with her two little girls, has gone to her home at Two Springs. The lady was at the Frank Dyer home before and during her confinement, and was not anxious to get back in harness at her home again. She went to Two Springs last Wednesday.

CARD OF THANKS

We take this opportunity of expressing our appreciation to our many friends, and to the Masonic lodge of Dufur, who so generously assisted us and extended words of cheer during our recent bereavement.

Mrs. G. C. Stakely.
Mr. and Mrs. S. B. Meiser.

CARD OF THANKS

We the surviving members of the Magill family, wish to convey our heartfelt thanks for the kind words and ministrations during the long illness of the late Emily Magill. Especially do we thank those who bought beautiful flowers as tokens of love to lay upon her bier. Your acts will live long in our memories.
THE MAGILL FAMILY
