Number 47

COMMUNITY SEWING CLUB ORGANIZED WEDNESDAY

Object Is to Help Wherever Needed
Charter Membership of Nine—
Officers are Named

What is to known as the Community Sewing Club was organized at a meeting held at the residence of Mr. and Mrs. John Confer yesterday afternoon. Nine joined as charter members, they being, Mesdames L. C. Henneghan, James Chalmers, Job Crabtree, J. W. Temple, Alvis Martin, Frank Dyer, L. S. Stovall, John Confer and C. W. Semmes. The following were chosen as officers:

Mrs. Chalmers—President.
Mrs. Dyer—Vice-President.
Mrs. Semmes—Secretary-Treasurer.

The object of the new organization is stated to aid in every way possible those unable to help themselves, to sew articles which will be offered for sale, the proceeds to be devoted to the benefit of the whole community.

Hit by Road Truck

Pete Conroy figured in an auto collision on the cut-off road last Saturday night, in which he sustained a severe cut over his left eye, while his car was somewhat twisted. Pete had been at the Sam Brown ranch, where he has a band of sheep feeding. He was on his way to his other sheep camp when he met a road truck coming down the hill near the Hedin mill. The lights of the truck were glaring and Pete was blinded thereby. He attempted to drive to the side of the road, but the truck came on too fast, the impact throwing Mr. Conroy under the steering wheel, his head striking the rim and badly cutting his eye and rendering him unconscious for a time. He was taken back to the Brown ranch, where first aid was applied, and the victim recovered sufficiently to go on to the other camp.

Chev Wrecked Again

Last Thursday while at The Dalles, Floyd Richmond figured in a collision, which partially wrecked his dad's Chevrolet car. Floyd was driving on one of the main thoroughfares of that city and when at an intersection was hit by a car coming down a hill. It is said Floyd was not aware of traffic rules and that the other car, while on the right hand side of the road, was within its rights. The Chev. sustained a broken top and other injuries. That was the second time Richmond's car was bungled up, the first time being hit while on the Cow canyon and had the top ruined and other part broken.

Exhibiting at State Fair

County Agent, C. W. Daigh, with Mrs. Frank Simons, chaperone, and six Wasco county club members left yesterday for Salem, where they club workers will take part in the state fair. The members going were Alice Gesh, Rachel Kortege, James Slusher, Theodore Kirch, and Harry Rutherford, all livestock members except Rutherford, who took along an exhibit of garden vegetables.

Dr. Short on Visit

Dr. W. A. Short will leave for Wamic today and after a short visit will go on to Cascadia and from there to the Willamette Valley for a stay with friends. When he has concluded his visit there he will return to Maupin and open dental parlors in the rear room of the Maupin Drug Store. Dr. Short will install new equipment and make his parlors up to date in every particular.

Home From County Seat

Jack Morrow and family returned from The Dalles Tuesday evening. Jack had been there taking medical treatment, and now says he feels better than for some time past, which is good news to his many friends.

INTER-STATE FAIR AT PRINEVILLE NEXT WEEK

Will Open With Greater Show Than
Ever—Pioneer Collection to
Feature Exposition

Prineville's big fair will be held on October 5-6-7-8 this year, and promises to be better than any yet held there. The displays of agricultural products, school exhibits, livestock showing, coupled with a big rodeo attraction and band concerts, will make this fair more instructive and entertaining than ever. We suggest that all Maupin people who can attend the interstate fair at Prineville. 'Twill be worth the seeing.

HOOTCH, HUGGING, HASTE

These Three Cause 75 per Cent of
Motor Accidents

Safety-first slogans have been adopted by the state highway department of Ohio in an effort to reduce motor accidents. The three "H's"—Hootch, Hugging—Haste—cause 75 per cent of the motor accidents. Some of the slogans are:

- (1) Don't try to scare locomotives with your horn.
- (2) A road hog roots up macadam with his nose.
- (3) Our roads are wide and smooth—don't try to burn them up.
- (4) Death is so permanent—take a minute or two at those dangerous railway crossings.
- (5) Tragedy in seven words: Speed increases, breath ceases, rest in pieces.
- (6) Horse sense as well as horse power should enter into the operation of motor vehicles.
- (7) Live to ride another day by obeying signs—they mean what they say.
- (8) Drive with care—you may meet a fool.
- (9) A reckless driver is a criminal.
- (10) Keep your hands on the wheel—let your girl hug herself.

Harry Rutherford Winner

Harry Rutherford of Criterion won first ribbon on his showing of Netted Gem potatoes at the state fair at Salem. Harry entered in the open class and the judges were unanimous regarding the super-excellence of his showing. Harry has been a consistent winner at the Tygh Valley fair, and now that he has won over all open competition speaks well for his ability as a grower of spuds. Tally another for southern Wasco county.

Shady Brook Dances

Saturday night will see the season's opening of the Shady Brook community hall. On that date the Shady Brookers will hold one of their well known and popular dances, at which the best music obtainable will be on hand. These dances have always been enjoyable affairs and the one dated for Saturday night will be no exception. A big crowd is expected and arrangements have been made to give all attending a good time.

Going Hunting Again

Bates Shattuck has completed arrangements for another hunting trip, this time in the vicinity of Summit Prairie. Bates spent a couple of weeks in the Blue mountains, but the deer proved too elusive for Maupin's well known nimrod, so he will make a second attempt to get a big buck or two. He expects to leave tomorrow.

Brought Us Melon

Jesse Cox has our thanks for a pair of melons, a fine watermelon, the other a muskmelon. Both were fine specimens and speaks well for Jess as a grower of that species of fruit.

Painters Back on Job

Wilson and Miller, the painters, having completed a round of fairs, are at work in Maupin again. They renovated the Hedin cottage and have just completed fixing over the Fraley residence, next L. C. Henneghan's. They have several other jobs in view. Wilson & Miller, as a firm, are good workmen and all painting and paper hanging entrusted to them will be done right.

Genuine Singer Sewing Machine oil. 25 cents a bottle at the Maupin Drug Store.

Early County Pioneer Dies At Dufur Home

Pioneer of Wapinitia Section Passes
Away at Home in Dufur on
Monday Evening

William Brown for 28 years a resident of Wasco county, died at his home in Dufur Monday evening, living to reach the age of 76 years.

Decedent leaves a wife and ten children, the latter being Mrs. Florence Chastain and Mrs. Hazel Morrow, Maupin; Mrs. Alice Mulkins, Dufur; Mrs. Mabel Wolfe, The Dalles, and Mrs. Grace Babel, Grand Island Nebraska. Five sons are numbered among the children, they being George and Fred, Tygh Valley; William A. and Elmer, Shaniko, and Charles, Riverside, California.

Funeral services were held at Tygh Valley, with interment in the Kelly cemetery on Wapinitia Plains, it being in charge of Zell's, undertakers of The Dalles. Rev. Everett Hazen preached the funeral sermon.

Mr. Brown had many friends in this section, where he resided for so many years. He was a man of strong character, yet withal of a kindly disposition and none knew him but to admire and respect.

The funeral was attended by a great number of friends from Maupin, Tygh Valley, Dufur and Wapinitia. Many beautiful flowers were brought to place on his casket, which showed the esteem in which the departed pioneer was held by many friends.

Want Football Game

The Tygh Valley High school has sent a challenge to the Maupin Hi, asking for a pair of football games, the first to be played here on Saturday, October 15, the second to be contested at Tygh the following Saturday. Whether or not the challenge will be accepted is a matter of doubt. The local boys have not organized a team as yet, and it will take considerable practice to round out a team capable of playing a regular game. At that a game between the two teams would give considerable pleasure to football fans of the two communities, and we hope same may be arranged.

"Dad" Coale in Dalles Hospital

An item in The Dalles Chronicle of Tuesday conveys the information that P. A. (Dad) Coale, of this city, was admitted to The Dalles hospital on Monday. Dad has not been himself for some time, but just what his ailment is that necessitated hospital treatment, we have not as yet learned.

Indian Brings In Wheat

Alex Tohit, a Simnasho Indian, not to be outdone by his white brethren, brought in two large loads of wheat to the flour mill Monday. Alex is one Indian who believes in making his acres produce a living for his family. The wheat he brot in graded number one, and will be made into flour here.

Baching at O. A. C.

In a letter to his father, Harry T. Lewis, his son Robert, who is attending O. A. C., taking an electrical engineering course, the lad states that he, with Freddie Shearer, has rented a furnished room and that the two will bach during the school year.

CARD OF THANKS

We wish, through this medium, to extend our heartfelt thanks to all those who so kindly ministered to the last days of and during the illness of our departed mother and sister, Mrs. Lydia A. Stakely. Your words of sympathy after her death did much to alleviate the sting of her going, and the beautiful flowers brought to the funeral spoke of loving hearts and a will to do good.

Mr. and Mrs. S. E. Meiser, Erull Stakely, C. L. Tillotson, F. D. Tillotson and Family.

Made A Record

Prof. Nagle has established a record as a rapid fisherman. Saturday in company with The Times man, the professor went to the river and in one hole in exactly seven minutes had caught nine fine resids. Beat that if you can, you fishermen.

and Get All the News

Wasco's Health Good, Says the State Board

But Two Cases Contagious Diseases
in County—Seventy-Two Cases
of Infantile Paralysis

The health of Wasco county people is above par, according to the reports made to the state board of health by our physicians. Two cases of contagious diseases were reported for the week ending September 24, they being one each of mumps and smallpox.

The state board of health reports 72 cases of infantile paralysis in the state for the time mentioned, Klamath county reporting nine of such cases. Deschutes county reports five of spinal meningitis, while infantile paralysis is reported in five cases from Jackson county. Other states report an increase in number of the latter disease, but measures taken to isolate such cases in Oregon have contributed to keep a spread of the ailment to a certain area. As a further means of preventing a spread of the disease the state board suggests that children should not be allowed to come in contact with sick persons, whether it be adults or children who are ill.

HERRLING LEAVES CRITERION

Has Disposed of Holdings and Stock
—To Live at Cottage Grove

Ben Herrling has sold his ranch and stock to Harry Skinner and on Tuesday with his family left for Cottage Grove, where he will reside. Ben will be missed by many people hereabouts, as he had many friends who will regret he has decided to leave this section.

MRS. MAUD HAMMER MARRIED

Chooses Antelope Man for Husband
—License Issued Saturday

Mrs. Maud Hammer, daughter of Jos. Riggles of Wapinitia, and James Leroy Miller, an Antelope man, were issued a license by the county clerk last Saturday to be married. Mrs. Hammer is well known hereabouts, having lived nearly all her life on Wapinitia Plains. She was formerly the wife of Bert Hammer, who divorced her early in the year.

Charge Not Proven

Charley Pierce was charged by N. G. Hedin with having taken water from a ditch which traverses the Pierce ranch, unlawfully. The grand jury investigated the charge and decided that Pierce was not guilty, therefore failed to bring a true bill against him.

Money in Alfalfa

J. S. Brown and Harry T. Lewis do not pin their faith in wheat as a money-making crop. Rather they believe that alfalfa fed to hogs produces more coin of the realm than four times the acreage in wheat. They have harvested two crops and are making ready to cut a third time. They have a fine bunch of cattle and many hogs, all fattening, ready for the fall market, each one having been given a chance to take on flesh by feeding in the alfalfa fields.

Some Grippe in Town

Maupin has several cases of la-grippe this week. James Chalmers was compelled to close his blacksmith shop and remain at home several days recently. Mrs. O. P. Weberg was confined to her bed a few days the first of the week, while there are others who are complaining of feeling "all in" with aching bones and a feeling of lassitude overcoming them.

Odd Fellows Elect

At a recent meeting of the Wapinitia Odd Fellows lodge an election of officers took place. L. C. McCorkle was chosen Noble Grand, James Chalmers, Vice Grand, and R. E. Richmond reelected as secretary. The lodge is growing, each meeting the membership being added to by new initiates.

At Sheep Camp

Art Fargher has been in the mountains several days lately, going up to attend to moving the Fargher sheep herds down to the home range. He went up again Tuesday and when he returns will have the sheep with him.

ITEMS FROM NATIONAL AGRICULTURAL DEPARTMENT

Oats as Food For Dairy Cows—Falling Meteorite Causes Fire in the Walla Walla Reserve

Oats make a splendid feed for dairy cows if they are ground and properly mixed with other concentrates. They are about as high in digestible crude protein as wheat bran. They should be mixed with other feeds, such as corn, wheat bran, and cottonseed meal.

A flaming meteorite, 25 pounds in weight, is reputed to have caused a recent forest fire in the Walla Walla section of the Umatilla National Forest in Oregon. The meteorite, according to the reports to the Forest Service, broke off a 28 inch tree 20 feet from the ground and lodged in the stump.

Sheep Coming Out

Sheep have begun to come out of the mountains, several owners already having brought their flocks down to the home ranges. Pete Conroy and the Mutton Mountain Sheep company have their flocks out, while the Abbots have one band out and others coming. It is said that about 20,000 head have already arrived on lower levels and that others will follow as fast as they can.

Made Southern Trip

W. W. Richmond and son, Ralph, returned from a trip which took them to Lakeview and into California, last Friday. They went down that way in search of work, but were disappointed in their quest, as nearly all mills there are shut down, and no other work in sight.

Many Pupils, One Teacher

Miss Flossie Overman has one of the largest schools in this section of Wasco county. At the Pine Grove school, Miss Overman teaches all grades and has an enrollment of 26 pupils.

Jerome Buzan a Visitor

Jerome Buzan, one of the original settlers on Bakeoven, came up from the Willamette Valley the last of last week and remained several days visiting with relatives and old-time friends.

Some Husky Melon

Jess Cox is ranching at Shady Brook. Among other things he raises melons. They are some melons, at that. He brought one in Monday which measured two feet in length and weighed 40 pounds. Jess also brought in a musk melon which weighed nine pounds. Besides these Mr. Cox has tomatoes vines loaded heavily with fruit, a large patch of ground cherries and other fruits. He had corn which reached ten feet toward the sky and bore ears about one foot in length. Mr. Cox purchased the H. M. Earnum place next the Shady Brook hall and says this is one of the best at prolific in the west.

Home From the Mountains

The hunting party made up of L. C. Henneghan, J. W. Temple and Gordon Metteer, with their wives, came home the latter part of last week, but minus deer. They hunted in the vicinity of Black canyon in the Blue mountains. Before returning to Maupin Gordon and wife visited a time at the Metteer home at Fossil.

Woodside Auction

Louis Woodside will hold an auction sale of personal property at the R. B. Driver ranch, three miles north of Wapinitia, on Saturday, October 8, at which time he will sell livestock, produce, poultry, farm implements, household goods and many other articles. F. C. Butler will act as auctioneer and F. D. Stuart will cry the sale.

More Deer Hunters

Joe Kramer and Arthur Morris were in the Prineville country after deer. They left last Friday morning and hunted in the mountains back of the metropolis of southern Oregon.

After Timber Cutters

Ben Ault was in town Monday after a crew to cut timber. Ben has a contract to supply timber for the Vancouver veneer factory and will cut the trees on his tract near Pine Grove. The logs will be cut into 50 and 60-inch lengths and shipped from Maupin.

MUSIC COMPANY IS MAKING BIG GIFT CAMPAIGN

Arithmetic and Art Mix in Corson
Offer—Read Advertisement on
Another Page of Times

An adv. carried in this paper last week for the Corson Music House of The Dalles is repeated this week with a few minor changes. That ad. calls for all to exercise their mathematical genius, coupled with the artistic. The music house is offering some grand prizes for solution of the puzzle, which is explained in the ad. They call for any arrangement whereby nine spaces are to be filled with figures totaling 33, reading cross-wise, up and down and diagonally. The central figure is "11," and with that finding the numbers which go to make up the total should be an easy matter for school students.

The artistic piont is to illustrate and bring out the full meaning of the well known old song, "Home, Sweet Home." This may be made by a drawing, sketch or anything that will bring out what home really means. A picture, which also must contain the solution of the puzzle.

The prizes include a grand piano, six tube radio, portable phonograph, set of silverware, piano lamp, and a banjo ukulele. In case of a tie there will be a duplication of prizes. The solutions sent in will be judged by three prominent people of The Dalles and the winners will be notified. Solve the puzzle in an artistic manner as you can and mail same to the Corson Music House, The Dalles, Oregon. Your chance is as good as any and you stand to win one of the prizes given. Start today in solving the puzzle and drawing your conception of "Home, Sweet Home."

WIFE JOINS HUSBAND AFTER BRIEF ILLNESS

But Two Weeks Elapse Between
Deaths of Husband and Wife—
Laid Beside Husband

"Death loves a shining mark." This was proven last Friday when Mrs. Lydia A. Stakely was called to join her husband across the dark river, he having preceded her but two weeks.

Lydia A. (Tillotson) Stakely was born near Mt. Vernon, Missouri, February 24, 1857. At the age of 22 she was united in marriage with Gabriel Cannon Stakely. Five children were born to them, of whom two are living, three having preceded their parents to that place where all is happiness. Sickness caused the Stakelys to leave Missouri, they going to Colorado, later moving to Oregon. Twenty-seven years ago they came to the Wamic country and made their homes there until death called. Mrs. Stakely had reached the age of 70 years 6 months and 30 days. The children who are left to mourn her passing are Bessie Meiser of Connel, Washington, and Erull Stakely of Seattle. Three brothers, Charles Tillotson, of Woodland, California; Frank Tillotson, of Tygh Valley, and George Tillotson, of Mt. Vernon, Missouri, are also left in grief at her death. Mrs. Stakely was converted before she had reached the age of 20 years and was a consistent member of the Christian church all her life. She also was a member of the Women of Woodcraft. She was kind sweet tempered lady, always unselfish and self-sacrificing. Had she not had the welfare of others ever in mind she might still be well and strong, with many years of usefulness before her. She is resting in peace and it can well be said of her she hath done what she could.

Home From the Reservation

Jack Staats, who spent the past summer at the Cowlitz Pass, Washington, ranger station, came in on Monday morning's stage. Jack seems to have taken care of himself, as he is fat and as brown as an Indian. He will return there next April, having been given a more responsible position. Before he goes to Portland, near which city he will take care of a 40-acre tract during the winter, Jack will stage a deer hunt in the mountains.
