### DOINGS AT THGH VALLEY

In a football game Sunday between the High school boys and the giants of the town, Kenneth Webb was pretty badly hurt, receiving not only sprained an ankle but a slightly fractured bone. He was taken to the Mid-Columbia hospital in The Dalles, where an X Ray picture showed the fracture. In order that his injury might have the very best of attention he was left in The Dalles until the swelling could be taken out of the ankle and the same placed in a cast. The cast was applied Tuesday morning and Kenneth was brought home Tuesday evening. He will not be in school until next Monday. Had the High school line held Kenneth could not have been stopped. The two regular linemen were at home, visiting over Sunday. In the school games they will be in evidence and the line is pretty certain to hold. That the line held as it did against grown men and athletes is a lot of credit to the boys, as they demonstrated that they have the football instinct and a sufficient supply of clear grit. Whatever the outcome of their High school game. Tygh is now scheduling games and will soon be in action. A lot of fun for the boys and quite likely a victory or two. Tygh has this year a group of magnificent boys and still there are more to come.

Grover and Mrs. Webb went to The Dalles Monday afternoon to visit Kenneth, who was in the Mid-Columbia hospital.

The High school orchestra is making excellent progress and will be in evidence at the I. O. O. F. hall Saturday evening, the twenty second. They have just received a supply of the latest music. Those who wish to indulge the terpsichorean art to the strains of new and up-to-date music rendered with the enthusiasm of youth, should by

all means plan to attend. The proceeds of the evening will go to the school.

Rumor has it that the principal of Tygh High school will be in Portland, the fifteenth, to cheer for the University of Oregon. He is a most decidedly a foot ball fan, having played right tackle on the first championship team that Oregon ever had. He will not be in the line-up on the field the fifteenth but we have a suspicion that he will be in the line which starts from the Imperial Hotel on Friday evening before the game and which is scheduled to terminate at the Hellig Theater at 2:30 a. m. Saturday.

Valley Rebekah Lodge of Tygh shows that spirit characteristic of the Tygh ladies. Seventeen members were out Tuesday evening. This lodge meets on the second and fourth Tuesday of each month. Visitors are always welcome. Some of the Maupin lodge have been dropping in at the meetings of the Tygh lodge. This is as it should be.

### Shaniko School Notes.

The Antelope boys journeyed to our local ball ground and won a 7-5 victory over our boys. The game was marked by good sportsmanship and friendliness on both sides. The purpose of the game was to find out what material was available for a combined team, but it seems that baseball is a little out of season just now.

Tests for the work covered during the first five weeks of school will occur in the High school department on Thursday and Friday. Reports will follow during the seventh week.

A football has made its appearance on the local ground and the boys are learning how to handle same.

Section one of the typing assignments has been completed by three pupils. As one of the boys expressed himself, "Typing is no snap."

A Union Sunday school is in session every Sunday at 10:00. The teachers and officers extend an invitation to old and young to join our classes. Attendance has already passed the 20 mark.

The millennium is at hand—the Great Southern railway company is preparing to substitute new ties for some of those laid on that roadbed somewhere about the year 4, B. C.

We imagine the most of those who agitate a three-dollar auto tax are drivers of Lizzies. It is not worthwhile than the above amount to one of those pests and have to pay for the privilege of operating it.

"Faith, Charity Benevolence," the three cardinal virtues as exemplified by the Knights of Pythias ritual, was flaunted to the breezes from almost every building in The Dalles the first three days of the week in honor of the K. P. convention. The delegates we saw were apparently sound physically as none of them appeared to have sore feet.

### For Year 'Round Cash Returns

THAT dairying is the quick, consistent, cash producing department in farming is proved by the unbiased authentic records of progressive Cow Improvement Associations.

For instance the 190 cows of one association averaged \$111.69 profit per annum. An interesting feature of this record is that the average for the whole state is only about half that of the Association average. To the fact that a pure bred sire headed each Association herd is attributed the enviable results obtained.

The 17th Annual Pacific International Livestock Exposition to be held in Portland, October 29 to November 5, provides a splendid opportunity of learning how other farmers are securing increasingly greater and quicker returns from dairying.

The Maupin State Bank urges every farmer in this section to attend this year's Pacific International. The time will be well spent.
