

**"How best  
can I trade in  
my present car  
for a new car?"**

**W**HEN you are ready to trade in your present car for a new car, you naturally want full value for your present car. But most of all you want *full new car value*.

It will therefore pay you to consider varying trade-in allowance offers in the light of these basic facts:

- 1 Your present car has only one fundamental basis of value: i.e., what the dealer who accepts it in trade can get for it in the used car market.
- 2 Your present car has seemingly different values because competitive dealers are bidding to sell you a new car.
- 3 The largest allowance offered is not necessarily the best deal for you. Sometimes it is; sometimes it is not.
- 4 An excessive allowance may mean that you are paying an excessive price for the new car in comparison with its real value.
- 5 First judge the merits of the new car in comparison with its price, including all delivery and finance charges. Then weigh any difference in allowance offered on your present car.
- 6 Remember that you are making a *purchase*—not a *sale*. You are buying a new car and simply using your present car as a credit against the new car's purchase price.

**W**E publish this message, believing that the public is entitled to have all the facts. And we invite you to send for the facts about General Motors products by using the coupon below.

**SMOCK HAPPENINGS**  
(Too Late For Last Week)

Weather beautiful; fine sunny autumn days.

B. C. Scott took his mother to Dufur last Thursday for medical treatment.

F. T. Felch is hauling wood for D. Campbell at Wamic.

Thomas Driver and wife were callers at the Woodcock and Bradley homes Sunday afternoon.

Frank Magill and wife were Smock visitors last Tuesday. While here Mr. Magill purchased a brood sow with a family of pigs from J. C. Bradley.

Henry Kramer took Albert Anderson to The Dalles Sunday afternoon Albert taking the stage from there to his home in Portland.

Claude Jones and J. Grewall went to Hood River last week, as they have employment there.

Mr. and Mrs. F. M. Driver of Wamic drove out in their new Chevrolet car Friday afternoon to call on their daughter, Mrs. Jessie Woodcock, and family.

Cecil Mayfield motored to Yakima a week ago Saturday and remained there until last Sunday evening, visiting relatives.

Mrs. Minnie Borgenholt will hold a sale on Friday of this week. We regret she has made up her mind to leave Smock, as she is the last of the old settlers of this section.

Miss Ruby Limmeroth, our teacher, returned to Dufur Friday evening to spend the week end with home folks.

Callie Duncan is nursing a bad case of tonsillitis. Mrs. Duncan, who was visiting her mother at McMinnville returned home on Sunday.

Mrs. Estelle Darling and son Ralph, of Ashwood were visitors at the L. Barber home over the week end.

B. C. Scott is filling his silo this week.

Edward Disbrow is still at work in the mountains on a government road.

Miss Cry-tall Wrenn came home from school at Tygh Friday evening remaining until Sunday evening when she returned to Tygh.

**DOINGS AT THGH VALLEY**

It is the plan in the school at Tygh to give every boy and girl of the High school the privilege of appearing in public at least once in every school year. To this end three plays were given last year and it seems that four must be given this year. The first of the season will be the Sophomore play. Owing to the large number of boys and the small number of girls in the Freshman class it has seemed best to use some Freshman boys in the Sophomore play. Because of an especial fitness for the part, one Junior has been chosen. Cast will be announced in next week's notes.

Football will have its initiation at Tygh next Friday at two o'clock, when the Shaniko-Antelope boys clash with the boys of Tygh Valley. This will be the initial game for the participants, none of them having ever played in a game before, and only a few of them having ever seen a game. A return game will be played at Antelope one week later, being October 28.

The principal at Tygh acknowledges a pleasant visit from Mr. Nagel, principal of the Maupin schools, and Mr. Davis, the foot ball coach at Maupin. Owing to games already scheduled the first of the games between the two schools cannot be played until November 18. Here's hoping that the two teams may be "raring to go" on that date. Maupin has some stalwarts, some real foot ball heavy-weights, while the Tygh boys may turn out to be rather shifty and moderately fast. Here's hoping for a real contest, for exhibitions of fine sportsmanship in that thrilling, strenuous game that only boys with "clear grit" can enjoy.

**SHANIKO SCHOOL NOTES**

Exams are over and, all are glad. On Friday of last week the first hour was given to cleaning the boys' shower room and the kindling room in the basement. Pupils and teachers worked heartily moving extra seats, lumber, kindling, etc. The boys now have a clean, roomy place in which

to take their showers. Each boy furnishes his own towel and soap. Seats were rearranged some, so the pupils are now using those in the best condition and best suited to the individual pupils.

A challenge from the Tygh Valley High school for a game of football has been accepted. Shaniko and Antelope combined will journey to the Tygh field this Friday. There they will meet Prof. Bonney and his players. We hope the Tygh folks appreciate our prompt acceptance. Three weeks does seem a long time to wait for an acceptance of a challenge, so we made ours within two days.

**Sabbath School Notes**

The size of the Sabbath school is increasing, three more members having been added to the classes.

A unique occurrence took place a week ago Sunday when the oldest member of our Sunday school counted out 72 pennies into the birthday offering chest.

Mrs. Smith wanted a new flat iron.

She wrote to a mail order house for a catalog. It was a week in coming. It took another week to decide and write the order. She had to pay in advance and went to the post office after a money order. It was too late the window was closed, so she had to go the next morning. A week later she had to go to the postoffice for the package. It did not suit her and another two weeks was wasted in correspondence, all to no purpose. Then she telephoned to the local company for an iron to be sent out. It was delivered in an hour, was satisfactory, charged to her bill and she learned a lesson—for which she paid full price.

**"Inside" Information**

When cooking "wienies" out of doors, try a wire corn popper.

Use the vinegar from a bottle of sweet mixed pickles for making salad dressing.

Serve fresh tomatoes as often as possible at this season—sliced or stuffed fr salads, broiled, fried, baked, or for flavoring other dishes. Tomato juice "cocktail" is simply tomato juice seasoned and chilled as an appetizer before any meal.

**Camel**

The cigarette that earned first place by its goodness.

The greatest endorsement ever given to a cigarette is revealed by the fact that Government figures show that more Camels are being smoked today than ever before. An endorsement by the many—not the few.

If all cigarettes were as good as Camel you wouldn't hear anything about special treatments to make cigarettes good for the throat. Nothing takes the place of choice tobaccos.
