Mary C. Allen was married February 6, 1867, to J. W. Shattuck. After living several years at Viola, Clackamas county, Mr. Shattuck purchased a farm near Gresham. The tract was a part of what is now known as the Cotton ranch. Mr. Shattuck died 16 years ago and Mrs. Shattuck moved from Gresham to Portland to make her home with her daughter, Mrs. Will H. Masters, 651 East Seventh street.

Two brothers and two sisters also survive. They are Mrs. William J. Sally, 423 East Forty-seventh street North, Portland; Mrs. P. R. Ritchie, Los Angeles, and George and Walter Allen, both of southern California.

The remains were laid to rest on Monday, interment taking place at Lincoln Memorial (formerly Mt. Scott) cemetery.

INDIAN FARMER WILL SOON RETIRE ON GOVT. PENSION

After 25 years' Service Wm. Drake Will Retire—Has Seen Much Service Many Places

Wm. Drake and wife were in from Simnasho Monday and to a Times man Mr. Drake told of his services as chief farmer and teacher of agriculture on many Indian reservations. He completed three years' service at Simnasho Monday, and will remain there until finally released.

Mr. Drake's first charge was at Nixon, Nevada, where he remained for three years. He was then transferred to Genoa, Nebraska, where he taught agriculture to the Indians for 10 years. His next charge was at Watonga, Oklahoma, and after a stay there of two years accepted a situation at Tuolumne, California for a short time, and then went to Oklahoma, where he was head farmer on the Iowa reservation for 19 years. He came to Simnasho, as stated above three years ago, and since his coming here the Indians have made great strides along agricultural lines. Many of the residents of that reservation are more than self-sustaining, raising much grain and livestock.

As soon as relieved Mr. and Mrs. Drake plan on making a visit to Los Angeles, California, where their son and daughter reside, but just where they will finally settle down they have not as yet decided. Mr. and Mrs. Drake have made many friends in this section since coming to Simnasho; while all regret their leaving, still all will rejoice that they are to be remembered by the government for which they have labored so conscientiously the past 25 years.

FISHING SEASON CLOSES WEDNESDAY, NOVEMBER 30

Erroneous Idea Disipated by Word From State Game Warden—Closed Oct. 31, 1925

There has been some discussion regarding the closing of the fishing season this year. Because the fish commission made a ruling last year closing the season on game fish October 31, the idea has been prevalent in some circles that the same closing time obtained this year. State Game Warden Clifford states that the closing this year will take place on November 30, therefore our followers of Isaak Walton have another month in which to enjoy their favorite pastime.

THE CERTIFICATES OF AWARD

Supt. Gronewald Calls Attention of Parents to These

Superintendent Gronewald has sent out circulars containing much information for parents and those having children in the schools of the county. Among other things Mr. Gronewald calls attention to the practice of giving certificates of award to those pupils who were neither absent nor tardy during the school year. His circular says:

If it has not already been done, teachers should inform their pupils of the Certificates of Award that are issued to each pupil at the close of the school year who neither is absent nor tardy. We have found these a fine incentive to many pupils. They are always very proud of them and justly so, some even having them framed. Names of the pupils earning the certificates should be reported to us at least a week before the close of school in the spring in order that they may be sent out and presented before the last day of the term.

MADRAS DOWNS MAUPIN TEAM

Up River Boys Too Strong for Our Hi School Players

Madras has some little football team, representing the high school of that place. Maupin's footballists journeyed to that city last Saturday and played the school team there, losing to the tune of 72-0. The result did not discourage our boys, however, as it was the first football game ever played by a team from our city, and that game served as an eye-opener as to the finer points of football. Maupin's team will profit by what they learned at Madras and is expected to give a better account of themselves in future games.

Another Dance at Shady Brook.

Last Friday evening at 5:15 his wife presented him with another daughter, the little Miss Morris first seeing light at the Mid-Columbia hospital at The Dalles.
