Subscription: One year, \$1.50; six months, \$1.00; three months, 50 cts.

Entered as second class mail matter September 2, 1914, at the post office at Maupin, Oregon, under the act of March 3, 1879.

WE ARE ALL AMERICANS

Learned editorials in big metropolitan newspapers, discussing the inferiority complex of farmers as a class, lead to no good result.

Perhaps this complex is more marked on the part of the farm critics, for city folks show woeful lack in general knowledge of "country" affairs.

A great many "farmers" have become experts and prospered in dairying, stock raising, fruit and truck gardening, in spite of metropolitan jibes of Hicks and rubes.

The people of Our country, including city journalists and syndicate writers, better conclude that we are all Americans, with constantly changing habits and classes of occupations.

The farmers and country-bred people may make up the majority of medium and smaller-sized cities one day, while the progressive and enterprising dwellers and tillers of the soil are coming more and more from the cities.

A Maupin young man stole a march on his friends last week and went to a neighboring city where he was married. Those friends made the fact of the stolen marriage known by a real old-fashioned charivari, and now the groom wonders how the news came out.

Commenting upon the approach of Thanksgiving a Maupin man said he had nothing to be thankful for. He had forgotten that he was alive, and should have been thankful for that, even if there are those who would be just as thankful if he were dead.

ALFALFA FOUND QUITE TASTY

Food Usually Given to Cattle Also Good for Humans

Creamed alfalfa is an extra dish for the home table. Not so odd as it sounds, says Miss Alice Child of the Minnesota College of Agriculture, Forestry and Home Economics. Prepared like spinach, alfalfa makes an appetizing dish, she says. "We first experimented with the tender sprouts of the plant," said Miss Child, "and later conducted experiments with the older plants. The stems of the older samples prove rather woody, but the leaves were used to good advantage."

A cup of boiling water should be poured over the greens, she says, a teaspoonful of salt added, and the contents boiled half an hour. The utensil should be left open to retain the plant's color. The plants then are drained, seasoned with butter and served hot.

COLLEGE SEED SUGGESTIONS

O. A. C. Says Seed Spuds Be of Four or Five-Ounce Weight

The best size of tuber for seed potatoes is four or five ounces—about twice the size of a hens egg. The best tubers are well filled out on the ends, particularly the stem end. Any discoloration of this end when clipped indicates possible disease or weakness. Although rough potatoes are not desirable, observations have shown that those with deep eyes within a given variety apparently carry less disease than smooth ones.

Horses Have Easy Time

In a study of the number of hours of work done by horses the United States Department of Agriculture Agriculture found there were wide differences in the work required of horses in a year in typical farming regions. In North Carolina on farms where livestock and tobacco were produced horses averaged 1,167 hours of work per year. In southern Ohio with diversified crops and livestock but a shorter growing season, horses worked only 636 hours on the average. In the black land belt of Texas, horses averaged 914 hours, and on dairy farms in Wisconsin the horses had a comparatively easy time with an average of 710 hours of work per year.

Mrs. Smith Recovering.

Mrs. A. B. Smith, who has been at Portland for the past three months, taking treatment for a condition, resulting from an attack of flu, is recovering nicely, having gained several pounds in weight and feeling much better and stronger. She will remain at Portland another month.

Woodcock Building Cottage.

Wm. Woodcock of Wamic has a crew of carpenters at work building a neat cottage on his lots near the Legion hall. When completed the residence will be occupied by Clarence Ziegenhagen and wife.

VALUE OF PAPER RECOGNIZED

Fund of One Million Suggested for Newspaper Advertising Campaign

A. A. Anderson, Secretary of the Pacific Coast Building-Loan Association, in an address at the Pacific States savings and loan conference, recommends newspaper advertising as the most effective and economical means of reaching the public. Further, he urged that the building-loan associations throughout the United States should have a fund of at least \$1,000,000 for such a campaign.

As Mr. Anderson knows, it has been fully demonstrated that the newspaper stands by itself as a carrier of messages to the greatest possible number of people. It is the only medium that is sure to reach the citizens of a community and be read. This fact is being more fully appreciated every day.

The smaller city dailies and country weeklies are the great medium for reaching the masses of the people who represent the majority of the reading and buying power of this nation.

Milk By Carload

Shipment of milk by tank-car instead of in ten gallon cans loaded into express or special cars has increased in the last five years. More than sixty tank cars handle milk into Chicago. Each car includes two steel tanks of 3,000 gallon capacity, glass lined, cork insulated, and protected by a steel jacket. One tank car will transport more milk than two of the more common milk cars.

Rainier—Second local newspaper, "The Rainier News" started here.

"Seeds!" shouted Brown angrily. "It looks more like one of my hens!" "It is! The seeds are inside."

ELEVEN YEARS AGO

From The Times, Nov. 17, 1916
Well drillers are still at work at the Criterion school house.

Walter Ledford shot a large black bear Monday, wounding it in the foot. The bear made for the mountains and Walter tracked it for several miles, finally losing it in the timber. The bear had been feeding in the corn fields of G. W. Bargenholt and J. W. Farlow, near Wamic.

Ice punching has begun at the White River power plant, one month earlier than ever before. Both day and night crews are kept busy clearing away floating ice.

Connection was made the first of the week by the local telephone system with that of the Pacific States Telephone company, and now Maupin is on a long distance line.

William Milton McCorkle, aged 87 years, died at his home at Tygh Valley, October 25, 1926, six sons and two daughters, and his wife being left.

A. Lock has resigned as agent of the Oregon Trunk in Maupin and expects to soon move to his homestead. His successor, a gentleman named Livingstone, arrived here Wednesday night.

Monday night the stork visited a couple of East Maupin homes, leaving a baby girl at the home of Mr. and Mrs. Robert Cantwell, and later another at the home of Mr. and Mrs. W. D. Roberts.

The thermometer registered 20 degrees below zero at Wapinitia on Sunday, and the sun was shining at the time.

Dee Wright, who was kicked in the chest by a horse last winter, has so far recovered as to be able to return to his job as care taker of the government horses at Simnasho, again.

Building New House.

A. M. Roberts, who lost his house with total contents, last month, is now completing a new residence on his ranch at Smock. The new structure is 12x18 feet in size, two stories high and when completed will be one of the most comfortable on Smock Prairie. Henry Kramer is supplying the lumber and also is doing the carpenter work on the house.

NOTICE OF SALE

In The Circuit Court of The State of Oregon For Wasco County.
Byron K. Taylor, substituted for Nancy E. Taylor, deceased, Plaintiff,

vs.
Hattie Belle Sharp, Ellis Roy Sharp, George R. Sharp, J. Walter Sharp, and N. G. Hedin, Administrator of the Estate of Nancy Hane Sharp, deceased, Defendant.

By virtue of an execution, decree and order of sale, duly issued out of and under the seal of the Circuit Court of the State of Oregon, for the County of Wasco, to me directed and dated the 24th day of October, 1927, upon a decree for the foreclosure of a certain mortgage, and judgement rendered and entered in said Court on the 24th day of October, 1927 in the above entitled cause, in favor of the Plaintiff and against the Defendant, N. G. Hedin, Administrator of the Estate of Nancy Jane Sharp, deceased, as judgment debtor, in the sum of Five Hundred Dollars, with interest thereon from the 27th day of November, 1920, at the rate of 8 per cent per annum and the further sum of One Hundred Dollars, as attorney's fees, and the further sum of Twenty-Eight and 20-100 Dollars, costs, and the costs of and upon this writ, and the further sum of Seventy-nine and 70-100 Dollars taxes advanced, and commanding me to make sale of the real property embraced in such decree of foreclosure and hereinafter described, I will on the 30th day of November, 1927, at the hour of 10 o'clock, in the forenoon of said day, and at the front door of the County Court House in Dalles City, Wasco County, Oregon, sell at public auction to the highest bidder for cash in hand, all the right, title and interest which the said Nancy Jane Sharp, now deceased, had on the 27th day of November, 1920, the date of the mortgage foreclosed herein, or which Defendants, Hattie Belle Sharp, Ellis Roy Sharp, George R. Sharp, J. Walter Sharp, and N. G. Hedin, Administrator of the Estate of Nancy Jane Sharp, deceased, or any of the defendants herein, have since acquired, or now have in and to the following described real property, situate and being in Wasco County, Oregon, to-wit:

The South half of the Northeast quarter (S 1/2 NE 1/4), the southeast quarter of the Northwest quarter (SE 1/4 NW 1/4), Section Eighteen (18), Township Four (4) South of Range Twelve (12), East of the Willamette Meridian, containing One Hundred Twenty (120) acres, or so much of said property as will satisfy said judgment and decree, with costs and accruing costs.

Said property will be sold subject to confirmation and redemption as by law provided.

Dated at The Dalles, Oregon, this 24th day of October, 1927.

N3-N24 Levi Christman, Sheriff Wasco, County, Oregon.

NOTICE FOR PUBLICATION

Department of The Interior
U. S. Land Office at The Dalles, Oregon, Oct. 20, 1927.
