#### Tygh Valley Doings

"All of a Sudden Peggy," given by the Tygh Valley High school on Saturday evening, January 21, was apparently very successful. Standing room was a premium. The dance after the show also was an enjoyable affair. The gross receipts were \$201. We mention this to emphasize how easily the young people will pay for the gymnasium. In fact they expect to have it almost entirely paid for by the time school is out. May 14. The play was so successful at Tygh and the young people who gave it were so happy in the success of their effort that to please them the play will be given again at Grass Valley on Saturday evening, February 4. Any who missed seeing the play at Tygh should not fail to be at Grass Valley on that date. There will be a dance after the play, music being furnished by the High school orchestra, supper at midnight.

Remember the dance at Wamic, Saturday, January 28, given for the benefit of the Tygh Valley High school gymnasium fund.

Work on the High school gymnasium progresses favorably. Remember the grand opening on Saturday evening, February 11. Hardwood, maple floor. Music by the High school orchestra.

The Freshmen are now practicing on their play, "When a Feller Needs a Friend," to be given some time in March. This is a good play and we expect the Freshmen to maintain the reputation of their school. Further announcements will be made later.

Some members of The Dalles Camp met with the Tygh Valley Camp on Monday evening, January 22, and enjoyed the evening.

A report is current to the effect that W. G. Knox has purchased the lot directly across the street from Bill's hotel from W. C. Stillwell.

The joint meeting of the Wapinitia Rebekah Lodge No. 194 and the Tygh Valley Rebekah Lodge No. 197 was a glorious affair, there being 26 Maupin members, 33 Tygh members and three visitors exclusive of Mrs. Etta Sanderson, president of the Rebekah Assembly of Oregon. Mrs. Sanderson is a delightful little woman and her address to the assembly was interesting and instructive. Two candidates were initiated. The work of the Rebekah degree

was beautifully exemplified by the ladies of the Maupin team who deserve a lot of credit for their splendid work.

#### Doings at Pine Grove

#### Co-operative Marketing

The U. S. Department of Agriculture has recently investigated the operations of co-operative marketing on the Pacific coast and finds that it has been working to the substantial profit of the participants. The department cites the experience in Hood River apple district, where 75 per cent of the apples and 85 per cent of pears are so handled with great success; also the wool and mohair organization of California, Oregon, Washington and Idaho, by which 24,000,000 pounds of wool has been marketed the past seven years; also

the United Dairy association of Washington, and the Co-operative Egg and Poultry association with a business last year of \$15,000,000. It appears that wherever there has been co-operation for marketing, the results have been more nearly satisfactory than through individual efforts.
