

**MAUPIN SHOW WELL RECEIVED**

**Dr. W. A. Short Pleases with Solo Sung Between Acts**

"Those Dreadful Twins," presented at the Legion theatre Wednesday evening by the American Legion Auxiliary of Maupin, was greeted by a fair house which gave frequent evidence of its enjoyment of the performance.

The "twins" lived up to their reputation for cussedness, while the deacon fell far short of his best church manners on several occasions and even the sheriff took a tumble off the water wagon. But Lynx, the great detective, finally untangled a badly snarled situation and everything ended happily in true dramatic fashion.

A pleasant surprise to his many Dufur friends was the appearance of Dr. W. A. Short who sang two solos. The Doctor was one of Dufur's mainstays in all kinds of entertainments for many years and his contributions Wednesday night were enthusiastically received.—Dufur Dispatch.

**STATE EIGHTH GRADE EXAMS.**

Wednesday and Thursday, May 16 and 17, are Dates Set

To avoid a conflict in districts where the schoolhouse will be used as a polling place on May 18th, the date of the primary election, the date of the eighth grade state examination has been changed by the State Superintendent to Wednesday and Thursday, May 16th and 17th, instead of Thursday and Friday, May 17th and 18th, as formerly announced. State examinations in all schools of the county where there are applicants will therefore be held on Wednesday and Thursday May 16th and 17th.

Teachers having pupils to take the state examinations on the above mentioned date should report their names within the next two weeks.

**Renick Buys Chevrolet Truck—**

Oscar Renick went to Madras Tuesday and when he returned to Maupin was at the helm of a new Chevrolet truck, which he acquired at the up-river town. He was busy a day or so fitting the vehicle with a truck body and now that it is in shape for hauling will make his own deliveries of fuel and lumber with the new vehicle.

**Spring Work Started—**

Signs of spring are all about us, the surest indication that the vernal season is at hand being the village blacksmith shop. James Chalmers has been kept busy for several days repairing machinery and building new parts, as well as fitting horses with new shoes.

**Bought New Truck—**

Richmond & Son brought home a new one-ton Chevrolet truck last Saturday, getting it at The Dalles. The new wagon means that that firm has not abandoned the work of trucking and that they will be in line for considerable wheat hauling this season.

**Trucks Took Loads—**

Pooby Davidson and Louis Mayhew each loaded with household goods belonging to Theo. Radtke and yesterday morning set out for Madras, where the Radtke family will reside. Before leaving Mr. Radtke sold his truck to Tony Connolly therefore was compelled to hire Bobby and Lore to take his goods to his new home.

**WHAT'S NEW?**

Drs. Woolheim and Brandt of Berlin have successfully reduced high blood pressures by the injection of water into the veins of patients.

Electrically heated foot plates for traffic policemen to stand on in cold weather have been installed in Riga.

Tons of earth dumped into its crater have practically extinguished the Santiago volcano in Nicaragua, the sulphur fumes of which formerly ruined much of that country's coffee crop.

Preparing skins of crocodiles for use in bookbinding and other leather work has become an important industry in Madagascar.

The United States signal corps has invented a dial radiophone which facilitates aviators in talking with persons on the ground.

For treating miners' ailments a special violet-ray clinic has been established at Sherwood colliery, near Mansfield, England.

Gold Hill—Ludlum Engineering Co. will start building gold dredge on Foot Creek.

Dufur—Pacific Power & Light surveys for power line in Fifteen Mile Valley.

**News Of Busy Shaniko**

The boys and girls are all training for the coming athletic meet at the Tygh Valley fair grounds on April 21. Mrs. Harris is training the girls and Messers Pratt and Broughton have charge of the boys. Thus far only the jerseys are used for the training period, but a live water polo game will be used.

Adrian Holt, a third grade boy died suddenly last week from a hemorrhage. He was absent from school but one day before his death. The funeral was held in the school house on Saturday, burial being made in the cemetery 18 miles out on the Bakeoven road. All the boys and girls contributed to a

flower fund and were present at the funeral.

The Shaniko juniors drove to Tygh Valley Wednesday and played a basketball game. For a dance floor Tygh has a good recreation building, but for basketball the boys did not appreciate the waxed floor. Tygh got the long end of the score in the last few minutes of play. The game was marked by some unsportsmanlike conduct on the part of some of the spectators.

At a meeting of Shaniko and Antelope farmers on Saturday last, Mr. Mallatt of Bakeoven was selected to run for the position of road commissioner of the 3rd district of Wasco county. His selection was unanimous.

**Notice to Subscrib'rs**

Next week we are going to send a statement of subscription to each of our subscribers who is delinquent on our books. We do not like to do this, but there is a limit to all things and we have about reached the limit of carrying a list of people on our cards who make no effort to come in and pay up. It takes money to run a newspaper, and that is what we are in business for.

One delinquent does not cut much figure, but when there are numbers who are in arrears the aggregate amounts to quite a snug sum. There are several hundreds of dollars owing to us and we shall now insist that they be paid. You take the paper and enjoy reading it, otherwise you would order it discontinued. We ask that you be as square with us as you are with your grocer. All we want is an even break—will you do your part in seeing that we get it?
