

Bring this complete automobile show into your own home

THE national automobile shows in New York and Chicago were too far away for most Americans to attend. But by clipping the coupon below, you can bring a representative automobile show into your home.

At the shows General Motors exhibited a complete line of automobiles—"a car for every purse and purpose."

They are the quality cars of their respective price classes. They range in price-at-the-factory from \$495 to \$5,500. They include 89 models of every type and kind. They embody improvements tested and proved at General Motors' Proving Ground, which, together with the Research Laboratories, is maintained to assure continuous progress.

"A car for every purse and purpose"

The General Motors cars are briefly described below. The new models offer *more* performance, *more* comfort, *more* beauty than ever before in automobile history. *All* have 4-wheel brakes. *All* closed bodies are by Fisher. *All* have Duco finish. *All* are built of quality materials.
