

"INSIDE" INFORMATION

Chocolate that appears white on the outside has been kept in an overwarm place, so that some of the fat has melted and come to the surface. It is not injured in any way for use.

There is no reason why fresh or properly preserved fish should not be eaten at the same meal as milk. Fish and milk are often cooked together in the form of milk chowders or creamed dishes.

Work butter for sandwiches to a cream but do not melt it. Cut the bread into thin even slices. If you are going to trim off the crusts, put no butter too near them. Bread for sandwiches is best when about 24 hours old.

Always iron with the thread of the goods, and iron until the garment is dry. Otherwise it will pucker. Shiny gloss on the hems, tucks or seams, can be removed by moistening a piece of cheesecloth with clear water, wringing it dry, and wiping it quickly over the shiny surface.

Dandelion greens can be gathered very early in the season, when they are young, tender, and least bitter. Owing to this bitterness of flavor, it is a good plan to combine the dandelion greens with other vegetables or flavors which modify it.

The plan of cooking these greens in several waters is not recommended because much of the valuable mineral matter is thrown away, vitamins are destroyed, and the greens are overcooked. Raw dandelion leaves or those cooked without water are less bitter than those that have been boiled.

Bend-Klamath Falls rail line will be formally open May 10.

ROY W. RITNER

Roy W. Ritner of Umatilla County, candidate for the republican nomination for Congress in the Eastern Oregon district, to succeed N. J. Sinnott, makes the following statement:

All of the five able men who now represent Oregon in Congress are lawyers. Agriculture, horticulture, cattle and sheep are the dominant industries of Eastern Oregon. Logic demands that at least one member should be a farmer, qualified by long practical experience with agricultural problems, and seasoned with business training and previous legislative service.

Industry is protected by the tariff; railroads by the Interstate Commerce commission; banking by the federal reserve; labor by immigration laws—but agriculture, notwithstanding war deflation, has waited in vain for congressional help and recognition. I am for legislation which will give the same protection to agriculture that has heretofore been so generously extended to industry, railroads, banking and labor.

I am committed to the construction of the Umatilla Rapids project at the earliest possible date, and for a general policy of federal development of the Columbia river for power, irrigation and navigation purposes. The Columbia should be navigable so as to reduce excessive freight rates on products of the interior moving to tidewater. The cheap hydro electric power of the river should be made available on the farms and in the homes of the people.

I favor the complete development of federal irrigation projects authorized by Congress on a basis of fair play to the present settlers and with a view to settlement of vacant lands. I will favor new projects when justified by the growth of the state.

I favor the adequate care, hospitalization and compensation of the veterans of the late wars and previous wars. My experience overseas during the late war extended over several months spent with field hospitals and I know from personal observation the suffering and sacrifice of our fighting men.

The various counties of the state should be reimbursed by the federal government for the loss of taxes from lands held in forest reserves, Indian reservations and land grants. Until such legislation can be secured I most emphatically favor the continuation of the federal appropriation used in co-operation with state in constructing in-state highways and forest roads.

I favor a tariff on wool, wheat, timber products and other commodities raised in quantities in Oregon. The federal government should better co-operate with state in exterminating the predatory animals that prey upon the livestock of the farmers and ranchers.

It is my intention to conduct a

clean, fair campaign and I pledge my support to the republican who is nominated—Paid advertisement
