C. M. PLYLER, Mgr. AL GILLIS, Asst. Mgr.

## Celotechnic Institute Studies Home Builders' Problems

B. G. Dahlberg.

Mr. Dahlberg is among the youngest of America's capitalists of industry. Born in Sweden, the early part of his life in America was spent in railroad, a good portion of it as an associate of the late James J. Hill, the great empire builder of the Northwest. In more recent years he has been prominently identified with a number of large construction projects. A vision of great efficiency and economy in building, growing out of his experience, finally led to the decision to establish the Institute.

The Red and White store—Shat—The Ad. carries a list of many things tuck Bros.—announces a three-day needed, both in the home and in the special sale in an advertisement on field, and at prices offered should the back page of this week's paper, move the goods spoken of quickly.

## The Maupin Times

C. W. Semmes, Editor  
C. W. Semmes and E. R. Semmes  
Publishers

Published every Thursday at  
Maupin, Oregon

Subscription: One year, \$1.50; six  
months, \$1.00; three months, 50c.

Entered as second class mail mat-  
ter September 8, 1914, at the post-  
office at Maupin, Oregon, under the  
Act of March 8, 1879.

In his keynote speech to the Dem-  
ocratic convention at Houston,  
Texas, on Tuesday, Claude G. Bow-  
ers, New York editor, characterized  
the Republican party as a nest of  
"plunderers," "pillagers," "corrup-  
tionists," "criminals," "autocrats,"  
"bureaucrats," "thieves" and "ras-  
cals." Were such appellations true  
there would still be hope for the  
party's redemption. Not so with the  
Democratic party, however. That  
party's label—the mule—symbolizes  
just what it stands for—no pride  
of ancestry nor hope for posterity.

### OLD SCHEME REAPPEARS FOR "FARMING" FARMER

Agricultural College Warns Against  
Biting on Old Game—Plan Will  
Not Work Out

Prof. E. L. Potter of the Animal  
Husbandry department of the state  
college warns the Oregon farmers  
against a scheme proposed by a cer-  
tain company in which it proposes to  
sell gilts and buy back their progeny  
at advanced prices. Prof. Potter  
says:

Farmer: who buy gilts at prices  
far above even pure-bred figures  
from a swine company now reported  
operating in Oregon with the prom-  
ise of selling back all female pro-  
geny at a high price are doomed to  
eventual disappointment at loss, warns  
E. L. Potter, head of the animal  
husbandry department at the  
state college who has investigated  
the scheme here and elsewhere.

In spite of all the contracts in the  
world, says Potter, the company  
cannot afford to buy back the gilts  
at premium prices any longer than  
they can resell them at still higher  
prices to other farmers. Thus the  
business must grow in a geometric  
ratio making it only a question of  
time until the company refuses fur-  
ther purchases.

This, in fact, is exactly what  
happened with a similar scheme used  
in Kansas some three years ago,  
Professor Potter finds. After the  
expansion had reached its limit the  
manager of the company wrote a  
polite letter telling his customers  
that "it is impossible to move the  
gilts that we had planned." A state-  
ment altogether true, says Potter.

"Such a company attempted to  
start operations here three years ago  
but was discouraged when the col-  
lege threatened to expose the  
scheme," Prof. Potter explained.  
"Exchanging cash for promise  
is always dangerous, but especially  
so when these promises, in their very  
nature, must eventually be impossi-  
ble to fulfill.

### Visiting Daughter—

Mrs. Carrie May, district super-  
intendent of schools of San Dimas,  
Los Angeles county, California, ar-  
rived in Maupin last week to spend  
the summer with her daughter, Mrs.  
H. F. Bothwell. Mrs. May made the  
trip in her auto in one week, in-  
cluding a two-day stop at Portland.  
She reports the highways as being  
in perfect condition.

### Danced at Willowdale—

A number of Maupin's young  
people attended the dance at Willow  
dale last Saturday night, and all re-  
port a good time. Those who we  
have learned as going are Bob and  
Ella Shepflin, Mary, Aliene and  
"Budge" Greene, Ira and Ethel  
Kidder, Esther Marx and Frank  
Burns.

### Finishes Building—

Wm. McCann, a Portland carpen-  
ter who came up to build a cabin  
on the Sandy McDonald claim at  
Two Springs, has completed his  
work and returned to the big city  
of the state.

### Held Meeting on Lawn—

The Christian Endeavor society  
held their last Sunday's meeting on  
the lawn at the Carl Pratt residence  
last Sunday evening. The hot  
weather made the church rather un-  
comfortable, therefore the members  
of the society sought relief by hold-  
ing their meeting outdoors.

### Returns as Young Lady—

Miss Mary (Sammy) Creighton,  
daughter of Arthur and Mrs. Creigh-  
ton, is a late comer to Maupin.  
Miss Sammy was here as a child  
and there are still many Maupinites  
who remember her precociousness as  
a little girl, and who are glad that  
she has returned to this city from  
Portland.

## EXTRA ATTRACTION AT FOURTH CELEBRATION

World's Altitude Holder Booked For  
Daily Flights at The  
Fair Grounds

Lieutenant E. Mounce, who will be  
at the big celebration at Tygh Val-  
ley July 3rd and 4th, holds the  
world's altitude flying with an OX5  
motor. He is an ex-lieutenant in  
the U. S. Flying service and at present  
is a member of the reserve flying  
corps. He was winner of the cabin  
monoplane flying bee held at  
Portland on June 10th and the fol-  
lowing week placed second in the  
race from Portland to Yakima.  
Lieutenant Mounce recently carried  
two doctors from Baker to Klamath  
Falls and return, a 1500-mile trip  
without trouble of any kind. He  
will make daily flights at the cele-  
bration and will be an added attrac-  
tion at the celebration.

### Setting Power Poles—

The Maupin Power company has  
a crew of men at work setting poles  
on a line to Oak Springs power plant.  
The company has built a crane on a  
truck and this greatly facilitates the  
work of raising the poles. It is ex-  
pected the pole line will be complet-  
ed this week.

### Many Cherries—

Dick Johnson is busy picking cher-  
ries, of which fruit he has a bounti-  
ful crop this year. Dick sells all his  
cherries locally, and is hard put to  
keep up with his orders. He has  
several varieties, and a large number  
of trees in his orchard.

### Motored to Warm Springs—

Marcus Shearer and wife, Freddie  
Shearer and sister, Madge, Dr.  
Short and Mr. Jean Wray and  
James Wray and Esther Davis, the  
latter a visitor at the Shearers'  
home on the Flat, drove to Warm  
Springs Sunday and spent the day  
at that resort.

### Goes to The Mountains—

Tom Henneghan' familiar figure  
will not be seen on the banks of the  
Deschutes this summer. Tom has  
accepted a position a packer for the  
Farghers, and left for his job Mon-  
day morning.

### A COLORFUL APPETIZER

This relish, whose chief ingredient  
is beets, is full of color and zest as  
well. Boil a couple of bunches of  
young beets till tender. Remove the  
skin, chop the beets fine, add to  
them one-third the amount of horse  
radish, suiting the proportion to the  
taste. A sprinkle of salt but no  
vinegar is required. This combina-  
tion will keep for several days and  
is an appetizing addition to the us-  
ual relishes.
