MAUPIN, OREGON, THURSDAY, AUGUST 16, 1928

Number 41

R. W. RICHMOND IS VICTIM OF HIT AND RUN CAR DRIVER

Car Forced Into Ditch by Passing Motorist—Nearly Every Occupant Injured

R. W. Richmond, his wife and daughter-in-law, Mrs. E. R. Richmond, were badly injured on the Columbia highway about 13 miles east of Mosier on Sunday when their car was forced into the ditch by a passing motorist.

Mr. Richmond's version of the occurrence is substantially as follows: He was driving at a leisurely pace, following a string of six cars, with three more behind him in sight. Several of the leading cars were fighting for leadership, while one or two of the following drivers attempted to pass the Richmond car. Mr. Richmond gave him plenty of room, but the driver wanted the whole of the road and forced the Maupin car into the ditch. It went down about six feet, the impact bending the front axle of the car and threw the occupants forward. Richmond was jammed against the door, his face striking the frame, sustaining several lacerations while his back was badly wrenched.

Mrs. Richmond was thrown from the back seat into the front seat, her knees striking the back of same, badly skinning them up. She also received a severe shaking up. Mrs. Everett Richmond's back was wrenched, so badly that it was thought best to leave her at The Dalles hospital for observation when the city was reached.

The ladies and children were picked up by C. E. Collicott of Portland and brought to The Dalles, R. W. Richmond being taken to that city by a man from Spokane. Everett Richmond went to the scene of the accident on Monday and brought the wrecked car to Maupin. Floyd Richmond was called from Portland and he arrived here Monday morning. He was taken ill that evening and was very sick during the night.

Mr. Richmond stated that the drivers of other cars were jockeying all along the road for position. He hung to the extreme right side all along the way, and when the car which hit him came along he was forced to give all the road, thereby going into the ditch. That none of the Richmond party did not sustain more serious injury is almost a miracle. The one bad feature of the affair, aside from the injuries received, was that the driver of the car which forced the Maupin car off the road did not stop to ascertain whether or not anyone was killed. He sailed along at a rapid rate, not even resigning to look back.

GREAT WASTE IN ADVERTISING

Women Buyers Read Newspapers For Buying Information

This is the age of advertising. Business could not get along without it. Yet many merchants waste a large share of the money they think they are spending for advertising and wonder why they do not get better results.

Women do most of the buying for the home. Now, did you ever see a woman go looking over the billboards, or reading the movie screen advertisements in order to make up her mind what or where to buy? Does she get her shopping information from a theater program or a telephone directory? Not on your life.

Outside of the store itself, the best and almost the only way to attract a prospective customer's attention to what you have to sell is thru the newspaper that goes into the home. The store that advertises adequately and persistently in its local newspapers has no need to waste money on the other inferior mediums mentioned.

DR. CLARKE COMING

Dr. Clarke, EYE SIGHT SPECIALISTS, in Maupin, Monday, August, 20th at Home Hotel. EXAMINATION FREE.

WILL ATTEND BUCK SALE

Prominent Maupin Sheep Men to Buy Blooded Bucks

W. E. Hunt and Edw. Fitzpatrick will go to Pendleton on Monday next to be present at the big sheep sale. At that time most of the prominent breeders of Eastern Oregon and Idaho will have offerings and many sheep men from all over this part of the country will be in attendance. The local men plan on buying some new blood for their flocks while at Pendleton. Ed. says that when he returns he will have some of the finest bucks that money can buy and that he intends to make a showing of same at the coming fair.

REPORTS COW CANYON WRECK

Men Injured in Skidding Auto—Taken to Madras

A salesman named Smith reported witnessing a wreck on Cow Canyon on Tuesday in which two men were injured. Mr. Smith said that the car was traveling very fast and when the driver put on the brakes the car skidded, turned around and then flopped over, pinning the men beneath. They were extricated and a passing motorist took them to Madras. The car was badly bunged up.

DANCE DATES NOW ARRANGED

Legion Will Give Series Dances Beginning September 1

The local American Legion post has arranged a series of dances for the coming season, the first of which is scheduled for September 1. The full schedule is as follows:

September 1—Harvest Ball.
September 22—Open date.
October 13—Old Time dance.
October 27—Carnival and dance.
November 10—Armistice Day dance.
November 29—Thanksgiving dance.
December 8—Smoker and dance.
December 25—Christmas dance.
December 31—New Years dance.
January 12—Mask Ball.
January 26—Old Time dance.
February 2—Open date.
March 17—St. Patrick's dance.

At the first dance, September 1, a big surprise will be sprung on those attending. An absolutely new feature. Attend and learn what it will be.

Hansen's Auction Sale—

Those of our people who are looking for bargains will do well to remember the auction sale of farm implements, live stock, household goods and the farm itself of H. K. Hansen, near Wamic on Saturday of this week. French Butler, with all his suavity, will cry the sale while Frank Stuart will take care of the books. Free lunch at noon is on the program, but those attending must bring their own cups.

We Stole Two Hours—

In our write up of the sprinkling hour change in last week's Times we stole time on the city council. We said that sprinkling hours had been changed for 5:00 p. m. to 9:00 p. m. to from 5:00 a. m. to 8:00 a. m. and the same hours in the evening. Instead we should have said from 6:00 to 8:00 both night and morning.

Carl Head Injured—

A hit and run truck driver butted into the car of Carl Head opposite the Flanagan cemetery Monday evening, shaking the Bakeoven man up quite badly. Head was coming toward Maupin when the truck driver ran into his front wheel. As soon as the collision occurred the truckman turned out his lights, evidently doing so that his license number could not be seen. He then speeded up and hit the dust toward Shaniko. Head's car was not badly injured, but Carl sustained a bruised shoulder and head.

Wamic Harvester Hurt—

Wm. Munger, driving a header box for Willard Wing, at Wamic, was injured on Monday when the box turned over and went down a declivity. Munger suffered considerable bruises about the back and head. Dr. Elwood was called and attended to the injured man.

Franc Confer is up from Portland attending to his wheat and hay harvest.

Auction Sale of Jersey Dairy Cows

Mathews Herd of Pure Breds to Be Auctioned Off

Edw. E. Mathews, who has been conducting a dairy ranch on the old A. A. Bonney place at Tygh Valley, has scheduled an auction sale of his herd, to be held on Wednesday, August 29, at the ranch. These cattle are all pure bred Jerseys and are of that strain noted for cream production. The reason for this sale is that that ranch has been sold and the new owner desires possession immediately, thus obviating any chance for Mr. Mathews securing another place. Some hogs and household goods are also listed to be sold. French Butler and Frank Stuart will take care of the auction which will begin promptly at 10:00 o'clock a. m. Lunch will be served at noon, but attendants are requested to bring their own cups.

Big Sunday Business—

The Rainbow restaurant was the center of activity in Maupin Sunday last. On that day the restaurant served 85 meals, to say nothing of the many light lunches. The patrons consumed a 22-pound roast as well as 18 chickens, making 36 orders of the latter dished up.

Dennis Stovall, Well Known Author, Obtains Local Color Around Maupin

Dennis Stovall, Contributor to Many Magazines, Makes Visit to Maupin Brother

Dennis Stovall, who with his wife and children, visited with his brother, Dr. Lawrence Stovall, and family last week, has made a mark as a contributor to many American magazines. For the past 30 years Mr. Stovall has directed his talent for writing along such channels and his name has become nationally known as a writer of stories for the young.

Mr. Stovall has always been a great admirer of young boys and girls, at the present time being a "pinch hitter" in Boy Scout work and their camp at Catalina Island. At the outings of the scouts at that place he is always one of the leading lecturers and his talks are digested with relish by the members who hear him.

Among the noted publications to which he sells his stories may be mentioned the Youth's companion, St. Nicholas, Boys' World, American Boy, all the official Boy Scout publications in America, and whose

Gives Party on Eve of Mother's Leaving

Mrs. Bothwell Entertains Small Gathering for Mrs. May

Mrs. H. F. Bothwell entertained a small number of intimate friends at her home Sunday evening, the gathering being in the nature of a farewell party for her mother, Mrs. May, who left for her home in Los Angeles yesterday. The time was spent in conversation, music and singing, and Mrs. Bothwell served refreshments. Those attending were Geo. Morris and wife, R. E. Wilson and wife, O. P. Weberg, wife and daughters, Helen, Lelah and Mable.

Returned to California—

Mrs. May, mother of Mrs. H. F. Bothwell and who has been in Maupin the past two months, visiting with her daughter and family, left for her home near Los Angeles, yesterday morning, so muchadodddowna terday morning, traveling by auto. Mrs. May was most favorably impressed with Maupin, so much that she plans upon returning here when she concludes her teaching work, and to erect a residence and live here. While here Mrs. May made many friends, all of whom hope she will carry out her intention of becoming a permanent resident of this place.

MAUPIN CAR IN DITCH

Struck Soft Spot and Turns Over Several Times

While returning from The Dalles Monday evening, and when near the Wrentham road, the car driven by Mrs. Marcus Shearer and occupied by her nephew, Ester Davis, Madge Shearer and little son, Dick, struck a soft spot in the road and was deflected into the ditch, turning over several times and finally landing against a fence. The lights of the car failed and Mrs. Shearer stopped too near the shoulder of the road. The occupants sustained but minor injuries, little Dick having a wrist cut and his mother a slightly sprained back. Frank Brown came along and took the wrecked people back to The Dalles, where their injuries were attended to. The youngster was pinned beneath the car, which was lifted from his form, but he was not injured, except the cut on the wrist.

PUPILS TO REGISTER SEPT. 6

Studies Will Begin September 10—Attend Fair on Friday

The Maupin schools will begin the fall term on September 6, that day being set as the one on which pupils will register and be given a list of needed books. As the first Monday of that month is Labor Day, and the next two days be given over to teachers institute work, school will not take up until Thursday. Pupils will be given an opportunity to attend the fair on Friday, beginning to study the following Monday.

Bonney Place Sold—

W. L. Gage from Mitchell has purchased the old A. A. Bonney place at Tygh Valley and will take immediate possession. The place has been occupied the past two years by Edw. E. Mathews, who will sell his entire herd of Jerseys at auction on August 29.

Juice at Hatchery—

The Maupin Power company has strung a power line from their Oak Springs plant to the fish hatchery at the Springs and soon Superintendent Smith's family will be enjoying all the latest innovations of light heat and power. The residence at the hatchery will be wired for lights and Andy will install electric range and other conveniences. He also will install a small motor with which to operate a grinder for reducing fish food to particles easily swallowed by the fledgling trout.

Entertained Company—

Mr. and Mrs. C. G. Bertrand of The Dalles, accompanied by two religious sisters, Sister Mary Canilla and Sister Mary De La Foe, of the Holy Name, Winnipeg, Man, and formerly of Mrs. Griffin's old home in Eastern Canada, also Miss Barbara Bertrand of The Dalles and Miss Clara of St. Elizabeth, Man, were entertained at the Kelly hotel for dinner by Mr. and Mrs. E. W. Griffin, later being joined by Mr. and Mrs. A. J. Conroy, the party taking supper with Mr. and Mrs. Griffin.

Attended Friend's Funeral—

Wm. (Billy) Miller left for Corvallis Tuesday evening, where he attended the funeral of an old friend of his father, Chas. Gill. Billy expects to return after the funeral, about tomorrow.

Range-Fattened Horses—

D. B. Appling has between 40 and 50 horses on his ranch on Criterion plains. Bert took advantage of the heavy growth of bunch grass on the plains and turned his horses thereon. They are all young and will weigh from 1300 to 1500 pounds.

Shady Brook Dance—

Harvest is about over and those who have been busy in the fields will soon be seeking a little relaxation from their toil. To gratify that search the people of Shady Brook will give another of their enjoyable dances at the community hall on Saturday evening next, August 18. The well known "Meadowlarks" Tygh Valley orchestra has been engaged and will be on hand with a repertoire of late dance music. Everybody attending is guaranteed a good time, so arrange to be there. Courteous management, good floor and good music should be an incentive for all to turn out.

TWO POWER PLANTS CONNECTED UP ON TUESDAY

Power Supplied Maupin From New Oak Springs Plant—Turned on Tuesday Afternoon

The Maupin Power company made connection between the two plants on Tuesday and now this city need not fear a shortage of electricity for light and power. Everything at the new plant worked as it should and the transference from one plant to the other was made without an appreciable difference in the continuation of the current.

Work on the new plant was begun in 1926. At that time the big springs which supply the water which runs the turbine were cleaned out and concreted. Last season work on the plant began in earnest. A building 24x30 was built, 1260 feet of 20-inch pipe laid and some machinery installed. The pipe line has a fall of 260 feet, which is sufficient to insure plenty of power at all times.

The equipment of the power plant at Oak Springs consists of an Allis-Chalmers generator of 220 K. W. capacity, and S. Morgan Smith turbine of 325 horsepower, this being equipped with a modern Woodward governor. A General Electric switchboard was also installed. The building is of concrete construction and built to last.

In constructing the power lines 2260 pounds of No. 4 copper wire were used. These were strung on a pole line containing 115 poles. The substation, which is located in Maupin, consists of three 75-K. V. A. transformers, which reduce the current so that it meets up with the furnished by the old plant.

The first plant of the Maupin power company was constructed in 1924 on the banks of the Deschutes river. A water head of 190 feet was obtained by damming the overflow from the city springs, thus forming a large pond. This was connected by a pipe line 640 feet in length and of 16-inch diameter. The plant is equipped substantially the same as Oak Springs plant. With the growth of the town and the consequent addition to the number of power users, the old plant was found to be too small to supply the demand upon it. With the new plant in operation to Maupin power company now has one of the most complete and modern electric plants in Oregon.

It is the intention of the company to extend their current into the country, and this will be done just as soon as ranchers signify a willingness to co-operate and assist in building a line extending over Juniper Flat, going to Wapinitia and possibly to Wamic. The cost of such an enterprise in considerable, the new line with equipment, cost of construction, etc., reaching a figure representing \$35,000. Already Otis Chastain, Richard Johnson and H. M. Greene have arranged to have their places wired ready for juice from the new plant. They are but a starter, and when others realize the great benefit derived from the use of electric current, they too, will want lines constructed to their ranches and homes.

Visited Homestead—

Chas. Crofoot and family and Mrs. Jacob Marine, Mrs. Crofoot's niece, went to Madras on Tuesday for a look see over Charley's homestead ranch near that place. They returned yesterday.

Kaylor Building—

Crabtree & Creighton are at work rebuilding the Ray Kaylor ranch house, which will be made modern in every respect. As soon as the residence is completed the carpenters will begin the erection of a large hog house on the Kaylor ranch.

CONSULT DR. CLARKE

Dr. Clarke, of the Clarke Optical Co., 360A, Alder St. Portland, Oregon, EYE SIGHT SPECIALISTS, will be in Maupin, all day and evening, Monday, August 20th, at the Home Hotel. SEE HIM ABOUT YOUR EYES.

Can They Eat Out Of the Same Dish?
