Maupin, Oregon

Subscription: One year, \$1.50; six  
months, \$1.00; three months, 50c.

Entered as second class mail mat-  
ter September 8, 1914, at the post-  
office at Maupin, Oregon, under the  
Act of March 3, 1879.

LABOR DAY

On the first Monday in September  
in each year the hosts of labor cele-  
brate their annual holiday, dedi-  
cated to those who toil. While pri-  
marily by organized labor, the festi-  
vities are participated in largely by  
the general public and business is  
usually suspended to a considerable  
extent.

Labor Day was first recognized by  
Congress in 1894, when an act was  
passed making it a holiday for the  
District of Columbia and for all  
Federal establishments throughout  
the United States.

Prior to that time it had been  
made a legal holiday in 27 states  
and one territory and it is now so  
recognized in all the states except  
Alabama and Wyoming, and even in  
these it is celebrated quite generally.  
The day is also observed in Canada.

One of the encouraging signs of  
the times is the better relations be-  
tween capital and labor which have  
been developed during the past few  
years. These two great forces in  
our national life are coming more  
and more to realize that the interests  
of both are better promoted through  
cooperation than through antagon-  
ism.

American labor is the most pro-  
ductive in the world, as well as the  
best paid and best protected. Em-  
ployers and the public have learned  
that prosperity for the workman con-  
tributes to the prosperity to all.

The high achievements of those  
who perform the nation's everyday  
tasks are fittingly commemorated on  
Labor Day.

A number of Michigan men have  
organized what they call a "Hay  
Fever association." That state is  
known as one where the affliction  
is prevalent and the getting together  
of sufferers from hay fever is  
nothing to be sneezed at.

Stores Closed—

Recognizing Labor Day the Mau-  
pin merchants closed their stores on  
that day—Monday. The help made  
the most of the opportunity offered  
and many of them went to the river  
fishing.

Stores Closed Friday—

Maupin stores will be closed all  
day Friday, that being the day set  
apart as Dalles day at the fair. It  
is expected there will be a complete  
exodus of Maupinites on that day  
and that the attendance at the fair  
will be the greatest in the history  
of the association.

School Teachers Arrive—

Mr. and Mrs. DeVoe arrived in  
Maupin and this week have taken up  
their residence in the George Cun-  
ningham cottage. Mr. DeVoe will  
be principal of the High school while  
his wife will be his first assistant.

Home From The Mountains—

Alvis Martin and wife and the  
family of Harrison Young returned  
from a two-weeks' outing on Salmon  
river on Sunday. While there the  
folks gathered all the huckleberries  
they wanted, caught some trout and  
enjoyed themselves as thoroughly as  
though they had gone to a circus.

Cyrs Keep House—

Kelly Cyr and wife have decided  
that keeping house is preferable to  
boarding, consequently have moved

their belongings into the Kaiser  
building and hereafter will do their  
cooking and sleeping at home.

Directors Met—

The directors of the Wasco Coun-  
ty Fair association met at the fair  
grounds Sunday and perfected ar-  
rangements for the officials to work  
at the fair now on at Tygh Valley.

Infant Frolics—

The Richard boys' the tiny a-ro-  
bats who will appear in free exhi-  
bitions at the fair grounds this week  
are to be considered among  
the best in their line. The boys,  
Dickie and Billy Richards, are acro-  
bats, doing all the familiar flops,  
limber back turns, hand stands,  
somersaults, and tricks seldom seen  
among older professionals. The  
little fellows take to their work like  
veterans and will prove to be a  
drawing card during the fair. They  
come from a family of theatrical  
people, their father having been on  
the boards for many years and  
bears a reputation for furnishing  
clean, entertaining and snappy acts.

New Daughter—

Dr. Elwood was called to the  
Frank Blakeney ranch on upper  
Bakeoven Monday night to attend  
the birth of a new baby daughter,  
who made her advent in the Wm.  
Messengale home. The little Miss  
is a lusty youngster and the doctor  
reported that both she and her  
mother as doing the best ever.

Gone to Odell—

A. N. Schantz, who has been act-  
ing engineer at the rock crusher,  
since it moved to this part of the  
highway, has resigned and with his  
wife left for Odell, where he has a  
situation as head checker in a fruit  
packing house. The Schantz's have  
made many friends during their stay  
in Maupin, all of whom will regret  
their departure.

Gone to Lakes—

Lester and Clifford McCorkle left  
this morning for an outing and fish-  
ing trip to the lakes in the southern  
territory. They expect to visit  
Paulina, East and Diamond lakes,  
trying their skill in each and will  
be gone about 10 days.

Mershon In Kentucky—

In a letter to The Times Rev. W.  
A. Mershon states he is now located  
at Reynolds, Kentucky, and desires  
the paper sent to him there. Rev.  
Mershon lately resigned a pastorate  
near Salem, going from there to In-  
diana, and from that state to the  
state opened to civilization by Daniel  
Boone.

Killed Pack Horse—

One of the Fargher pack horses  
was killed by someone shooting near  
Swim yesterday. There has been  
much indiscriminate shooting in that  
neighborhood all season, at one time  
being so strong that picking berries  
was made impossible through fear  
of being shot.

Came From Minnesota—

The Misses Ethel and Charlotte  
Peter, nieces of Mrs. Joe Kramer,  
arrived from Brainard, Minnesota,  
Tuesday and are visiting at the  
Kramer home. They accompanied the  
Kramers to Portland yesterday.  
The visitors will make an extended  
visit in Maupin.

TEACH IT TO THE CHILDREN

Missouri's Governor Suggests Public  
Utility Courses

Sam A. Baker, governor of Mis-  
souri, in a public address at Jef-  
ferson City recently, made the fol-  
lowing interesting statement:

"My hobby is education because  
I know what it means. I believe  
the public school's curriculum  
should be so modified as to have a  
place in that curriculum for public  
utilities.

"I do not have to call it that, but  
teach the children from the time  
they know anything to respect pub-  
lic utilities, and to have some  
knowledge of them.

"There are still some of our  
great educational institutions that  
never undertake to teach anything  
about public utilities in the univer-  
sities or colleges.

"We have the School of Journal-  
ism, we have the school of Engi-  
neering, we have the School of  
Pharmacy, we have the Medical  
school, and all these different  
kinds of schools, and so we should  
right along side with those activi-  
ties, teach the benefit of public util-  
ities.

"The time is coming when the  
people will be educated up to the  
necessity for public utilities, and  
do away with some of those little  
pusillanimous kicks that you get  
every once in a while without any  
cause whatever for them."

Grants Pass—C. A. Winestout  
buys site for \$40,000 garage.

OREGON NEWS NOTES
