

NOTES FROM MAUPIN SCHOOLS

The coach, assisted by several of the High school boys, is busy preparing the football grounds for the coming season. This year's team, altho somewhat lighter than the past year, but with practice and better knowledge of the game will hold about the same average as the past season. The practice will begin Tuesday evening.

Mrs. DeVoe has charge of the Juniors and Seniors in the east room of the High school while Mr. Poling has charge of the Freshmen and Sophomores in the West room. Mr. DeVoe is holding some of his classes in the rooms downstairs.

At the fair this year the boys had a very interesting display in bachelor sewing, as it is a new subject in the club work. The articles they sewed were tool kits, carpenter aprons, a leather halter, hot dish holder, apron, marble bags and similar articles. Most of the bachelor sewing members were from the Maupin school.

Students who struggled thru the seven-hundred and thirty pages of "Ben Hur" were rewarded for their work and time when they saw this \$4,000,000 production at the Wasco Co. fair this year. We feel lucky to have had the privilege of seeing this history play.

Doris Bonney visited school Monday, having graduated from this school last year. Doris is going back to Monmouth to continue her studies there.

The courses of study chosen for the students the coming year are Chemistry, Algebra, Geometry, English 1, 11 and 111, Bookkeeping 1 and 11, Spanish 11, Latin 1, World History, General Science, Manual Training, Sewing 1, Civics, and Typewriting.

Manual Training and Sewing 1 were two new subjects introduced into the school this year. Mrs. DeVoe has charge of the sewing class, and Mr. DeVoe the manual training class. These classes will prove to be interesting as well as helpful to those who enroll.

At the Wasco Co. fair the Maupin Sheep Club was well represented. All of the members but one had exhibits at the fair. All of the reports were sent in to Supt A. E. Gronwald. The club scored rather high. Avis Crabtree won first prize on the ewe-raised lamb for breeding purposes and third on the bumper lamb for market purposes. Jim and John Slusher each won second prize and

Jim also won third prize.

Thirty-six pupils registered Thursday (the opening day of school) and decided on the subjects to take for the coming year. The list of books needed was then ordered. The names of those enrolled in the High school are as follows:

Freshman Class—Charles Bothwell, Alta Chastain, Mary Greene, Elizabeth Rutherford, Harry Rutherford, Edmund Wilson and Dorothy Davis.

Mr. and Mrs. McEntire operated the First and Last Chance service station during the absence of Ben Richardson at the county fair.

Frank Richardson has been placed at Clear lake to Patrol forest trails for a short time. Governor Patterson's order closing the forests against hunters and campers, was the cause of much complaint among sportsmen. Deer hunters are going in against orders. It is pointed out that a great state, with three widely different climatic conditions, cannot be treated fairly by a sweeping order based on conditions prevailing about Salem. The Blue mountains are comparatively safe, due to open and brushless timber. Eastern Oregon hunters seem to think they should be permitted to hunt there now.

Carl Hassler of Bend is visiting at the home of Mrs. Hassler's father, Ed. Davis.

Mrs. Earl Birchard is ill at Wapinitia. Her husband is working at Bend.

Wm. Moore started to trench a pipe line for the McFarlane & Son sawmill.
