## SHEARER WILL HOLD AUCTION

Well Known Dairyman to Sell Part of Dairy Herd and Machinery

M. I. Shearer, the dairyman who occupies the Frank Fleming ranch five miles northwest of Maupin, on the highway, has decided to hold an auction sale and same will be called on Thursday, September 27. At that time Mr. Shearer will sell some dairy cows, brood cows, eight head of work horses, some colts, several pieces of farm machinery as well as some household goods. F. C. Butler will cry the sale and Frank Stuart will serve as clerk. Mr. Shearer's stock is known as among the best in this section and successful bidders will surely pick up some rare bargains at the sale. The machinery is all in good shape and should bring good prices. A free lunch will be served, but attendants are requested to bring their own cups. The usual terms will be offered on stock and other things purchased.

## Bought New Bucks—

Billy Hunt with his son, Billy, Jr., went to Juniper Flat on Saturday after a load of bucks, which Mr. Hunt purchased from John Davis.

There were 155 entries of club boys and girls at the county fair, 57 of which were in the livestock division. This department has grown rapidly in the county during the past few years. In one class of orphan lambs alone there were 20 entries.

## NOTES FROM MAUPIN SCHOOLS

### PUNCTUALITY

(Editorial by Crystal Stuart)

Punctuality is invaluable whether in school life or in business or social affairs. The habit of being on time is an easy one to establish. So far we have had no tardiness in school and we urge every one to help us make a perfect record for the year, if possible.

Our High school welcomes Dorothy Davis into its fold, again. Last year Dorothy was forced to leave school thru poor health. She weighed 84 pounds and now weighs 155 pounds. Three cheers for Oregon's health organization.

The Maupin school roll is still increasing. The Fifth and Sixth grades have two new students this week. Eunice Morris and Jessie Spangenburg.

Mrs. Cantrall was absent from the school room one-half day. Mrs. N. G. Hedin taught in her place.

The six members of the sewing class have planned their garments upon which they will begin work this week. They will have a choice of two garments. In the meantime they are reviewing stitches and hem. The girls have taken a great interest in their class and are doing splendid work.

Two mornings a week, Tuesday and Friday have been set aside for the High school for singing. We started last Tuesday morning by singing a vocal combat consisting of "It's a Long Way to Tipperary" and "A Long Trail A winding." The students are very much enthused over the singing.

The Manual Training class is made up of six boys from the Freshman and Sophomore classes. They are Edmund Wilson, Tom Slusher, Elden Allen, Glenn Alexander, Harry Rutherford, and Ivan Donaldson. The boys are very much interested in the work of arranging the shop and building work benches. They have a new assortment of standard tools and are putting two standard vises on each bench.

Mr. Poling is setting up a volleyball court or the girl athletes before basketball season comes in. He says that if they start playing basketball now that they will lose all interest in it. Volleyball has the special advantage that any number of girls can participate and is a most interesting game.

The advanced bookkeeping class has been struggling with the "Corporation" form of business during the past week. All five members

### CITY ELECTION DRAWS NEAR

Five Councilmen, Mayor, Recorder Marshal and Treasurer.

The terms of the present city officials are drawing to a close and it will soon be time to nominate their successors. There is to be a mayor, city recorder, treasurer, five councilmen and marshal, to say nothing about a comptable and justice of the peace, to be elected. Some of the present council have been on that body ever since the city was incorporated, while a few now on have served in various capacities as city officials heretofore.

As a matter of economy The Times suggest that nominations for the various offices soon be made and that the election for such be arranged to fall on the same date as the regular election, November 6. By so doing it will be possible to save election expenses, as the two elections can be taken care of by the same board.

### Suffered Broken Ribs—

A man named Lyle R. Scott, employed by Fred Ault in a piling camp, had two ribs fractured as well as an injured spine last Friday. He was loading piles on a truck and in some manner slipped from the load, striking some hard substance, with the result noted above. Dr. Elwood attended him and he was then to his home at Hood River.

of the class will be glad when the sets arrive, as Mr. Poling says it will not be as hard as the work they are doing now.

Officers for the Maupin Student Body were elected Friday morning. They are: President, Clarence Hunt; vice-president, Merle Snodgrass; secretary, Irene Matthews; treasurer, Estel Stovall; sergeant-at-arms, Cyril Fraley; advertising manager, Nova Hedin; student manager, Arthur Appling.

Madge Shearer has entered The Dalles High school this year, after having spent three years in the Maupin High school. The senior class misses her presence, since she was a popular member of that group.

Mr. Davies reports to our school news that the Seventh and Eighth grades are nicely organized and doing good work. Mable Spangenburg is absent from school attending the round-up at Pendleton.

The English III class has begun a short course in Journalism. It has consisted, thus far, of daily reports from newspapers, write-ups, and discussions in class as to the value of news. An important phase of the work consists of news written up weekly in The Maupin Times.

Miss Berta Matthews, a former graduate of the Maupin High school visited school Friday last.

All the little pupils of Miss Harris' room have been there every day making attendance 100 per cent. This room is beautified by three large geranium plants in bloom. Mrs. Turner rent each room of the grade school a beautiful plant for this year.

There are two new students—Leona Hamilton, Third grade, and Nellie Marquis, Fourth grade.

The Fifth and Sixth grades have subscribed for "Current Events," which they are studying this year. Maxine Hamilton is a new student. The room is purchasing a chinning pole with money made from entertainments last year. Ralph Kaiser, after being crippled for a time, is able to walk to school again, instead of being conveyed in his dad's car.

Mrs. Joyns' room looks very attractive with the two new pictures, bought from entertainment money. The pictures are of George Washington and The Old Monarch by Rosa Bonheur.

The Misses Elaine Coachman and Dorothy Stafford visited school on Tuesday. They are cousins of the Matthews girl.

### TILLOTSON ON STOCK RANCH

Trades Garage Here and Old Home Ranch for Many Acres

George Tillotson and wife came over from The Dalles this morning and while the wife remained at the home of her parents on Juniper Flat George and his uncle, Dick Stakeley, went to the John Joyce sheep ranch after a load of lambs.

George and Stakeley have traded property for 782 acres of stock range on the Gilliam-Sherman counties line. The property consisted of the Tillotson garage building in Maupin and the old Frank Tillotson ranch just above Tygh Valley. George expects to move onto his new land some time next week and devote his talents to raising sheep.

### Elected S. S. Superintendent—

At the last meeting of the U. B. Sabbath school the name of Mrs. Ella Dyer was voted upon as superintendent, and she was duly elected as such guiding officer for the ensuing year. Miss Velma Crofoot was chosen assistant superintendent.

### Went After Fruit—

T. B. Slusher and wife went to Dufur Tuesday morning after fruit. Mr. Slusher's mother, Mrs. W. H. Staats, accompanied them and Wednesday morning went to The Dalles for a brief visit. Bill was left at home to herd the fish.

## RECALL PETITIONS SENT IN

Three of Such Signed by Over Two Hundred Voters

The petitions asking the recall from office of County Judge Adkisson are meeting with the general response, each being signed by voters who are desirous of seeing a change in the office now occupied by the subject of the petitions.

W. E. Hunt handled the petitions at Maupin and recently sent to the county clerk three each, they containing more than 200 names. Other petitions are being circulated in various parts of the county and as soon as filled will be turned over to the clerk for checking with the poll and tax lists.

## PURE CUSSINESS REMARKS

Meliciousness Shows Regarding Cattle Auctioned by Felch at Wamic Saturday

Report has it that some one without a spirit of fairness or honesty in his makeup circulated a story to the effect that some of the cows offered for sale by Frank Felch were abortive. The rumor, so we were told, had the effect of his dairy cows failing to bring the prices expected. The truth is that each of his cows were closely inspected, were passed on by a competent veterinarian and reported in perfect condition.

Such reports as the one told here are the vapors of a disordered mind and are circulated with the sole idea of working injury to others. Right thinking people never give heed to such stories, considering the source from which they emanate and give the one attacked the benefit of the doubt.

## FEW TERSE FACTS ANENT CANDIDACY OF AL SMITH

Bert Anderson of Medford Points Out Ultima's Result of Smith's Election as President

Bert Anderson of Medford has the following to say anent the candidacy of Al Smith for the presidency, and just what may be expected in case he succeeds in his ambition.

Napoleon is quoted as saying that "armies travel on their bellies." It takes this national campaign to reveal that at least some armies also vote on their bellies. The great thirty brigades of Tammanyites and wet nullifiers who are marching under the dripping banner of Alfred Emanuel Smith will cast a ballot expressing and typifying their fiery thirst and their gross appetites. I wish to point out to the Jackson county quota of this wet army that when they vote to get a drink they may be voting to miss a meal.

In the cold, dreary dawn of the morning after, when this Tammany crowd is in complete control; when the bars are let down and a tidal wave of immigration from southern Europe (just the kind Tammany wants to colonize this country with) floods our shores; when money tightens up and your banker refuses to negotiate that little loan that is so necessary when you go to trade in your old car; when your business mysteriously drops off; when prices fall; when lockouts and unemployed begin to mobilize and threaten; when free souphouses are opening and bread-lines forming, and when the fear of loss and bankruptcy and poverty walks with you by day and troubles your dreams by night, it will then be too late for you to regret of recall your thirsty vote. All you can do to solace yourself will be to hungrily remember of thrifty, happy, fat years of silent Cal. And don't forget this: It will be four long miserable years before you can get a chance to kick Al Smith, Jimmy Walker, Judge Olvany and Raskob, et al, out of office and get back to three meals a day.

## Brought Back Deer—

Ernest Beeks and Frank Klint went to the deer country in the Blue mountains last week as soon as the season opened and on Saturday returned with a fine specimen of the ruminant forest habitué.

## Teacher From Astoria—

Miss Ali Omas, a young lady from Astoria, has been engaged to teach the young idea of the Kelly school, her term beginning last week. At present there are seven pupils at that school.

## MANY SETTLERS COME TO OREGON

## WIGWAM PLAYERS MAKE GOOD

Well Balanced Company Produces Most Acceptable Plays

The Wigwam Players, a small theatrical organization which showed in Maupin last night, and again tonight is one of the best that has ever been in Maupin. The company is well balanced and the plays put on are most interesting stories. Their rendition would be feathers in the caps of much larger and more ambitious companies. A feature of the company's work is the vaudeville work of the members, coupled with the excellent piano music by a competent pianist. On the whole the company is one which need have no fear in appearing on any stage, and The Times takes pleasure in recommending it to the attention of theatre goers in neighboring cities.

## TYGH SCHOOLS ARE HUMMING

More Students Than Ever Before on Registration Books

Tygh Valley schools are humming with student life, there being more names on the registers than at any previous opening. Clyde T. Bonney is again at his post as principal, with Mrs. Mabel A. Peterson as assistant. The Tygh schools are planning a year of unusual activity, going in for basketball and baseball, as well as for theatricals. It is the intention to clean up the debt remaining on purchase of the gymnasium, and as those schools are among the best hummers no doubt will soon have their slate cleaned of all obligations and be on their feet in good shape.

## FREE DANCE SATURDAY NIGHT

Legion Post Will Be Host to All Who Care to Attend

The local Legion Post promised a big surprise to all lovers of dancing and at their last entertainment announced that the next dance would be a free one. The post has engaged the well known Olson orchestra of Shaniko for the occasion, and that organization, with everyone pumped up and rarin' to go, will make next Saturday night, September 22, something to be remembered. There will not be a supper, but each lady is requested to bring a lunch with her. The Legion will furnish coffee, sugar and milk, for which there will be no charge, thus making the affair a free one in every sense. Of course a big crowd will be at the dance.

## Praise Our Highway—

Some visitors from California stopped at The Times office Monday evening, while on their way to their home via The Dalles-Columbia highway. They had been two weeks on the trip up through Oregon and said that of all the roads they had traveled the highway passing through Maupin by far exceeded any other they had traveled over.
