

Judge Butler Endorsed By Leading Men of Oregon State

Senator Jay Upton Draws Fine Lines in Recommending Election Of Judge Butler

State Senator Jay Upton of Bend is author of the following anent the candidacy of Judge R. R. Butler to succeed to the office recently made vacant by the appointment of Congressman Nick Sinnott to another federal position. In writing about the Wasco county man Senator Upton said:

I have received numerous letters from friends in eastern Oregon asking my recommendation as to the candidacy of Senator Butler and ex-Governor Pierce. I have not been able to reply to all of these inquiries in person, and take this opportunity of answering them and at the same time to give my views to all of those with whom I have been closely associated during many years in eastern Oregon. Of course, I am supporting Senator Butler, not only because he has been my personal friend for many years, but also because I believe he is best qualified for the position.

Irrespective of the outcome of the national election, the western public land states are predominantly republican, and policies effecting Oregon and its neighbors will be formed and carried through by western republicans in congress. The interests of eastern Oregon are linked with the public land, irrigation, forestry, grazing and transportation problems of other western states and their representatives in congress, so long led and inspired by Nick Sinnott, his dominating and same view-point, intimate acquaintance and an equal ability to be a leader that has given his personal friend and close neighbor, Nick Sinnott, his dominating and powerful leadership in the house of representatives. Judge Sinnott will be able to help Butler assume a commanding position from his first day in congress.

Bob Butler is honest, courageous, with more ability as an orator than his opponent, and has the health and youth that will permit a long and useful service in congress. That is what the 2nd district needs. The election of Bob Butler would mean that we had selected an active, capable, industrious man with a long life of usefulness before him, and his election would give us a representative who would immediately assume a leading role in congress, where he could render a real and satisfactory service to the people of eastern Oregon. Our section of the state is facing and expecting a real development in its agricultural, irrigation, livestock and power resources, and we would elect a man who would be alive to and protect our interests in all of those matters where national legislation and national appropriations as well as administrative regulations touch and affect our local resources and welfare.

HENNEGHAN BUILDS FOX FARM IN MAUPIN

Constructing Pens at Maupin Camp Grounds—Starts With Two Pairs Silver Foxes

L. C. Henneghan is constructing pens and yard for foxes at the Williams camp grounds in East Maupin, yard to be 12x50 feet in size and to contain pens for several pairs of the fur bearing animals.

As a result of an investment in a pair of silver foxes last year, Mr. Henneghan starts out with two pair, and expects to receive them shortly, or as soon as the yard and pens are completed. The pair he purchased first were parents to four little foxes, but two of them died, leaving him with but the two pair as a nucleus. He will give the animals the closest attention and no doubt will soon have a stock on hand. L. C. Wilhelm also bought a pair of foxes from the same firm as did Henneghan, and may have his pair sent here and placed in the camp grounds yard.

FIRST FOUR RIGHT AND LEFT

And the Rest of the Figures Will Be Called Saturday Night

The modern dances are a burlesque of those of days gone by. There are many of this age who do not know how to dance a square dance, Virginia reel, Scotch reel or any of those dances which appeal to old-timers. All will have a chance to participate in old-time dances at Legion hall on Saturday night coming, for the local Legion post will pull off a dance such as was wont to warm the cockles of the hearts of the twains and lassies of years ago. The Ladies Auxiliary will furnish supper and that, with real old-time music, should be a magnet to draw a good crowd to the hall Saturday night.

Each Got Two Deer—

Gus Derthick, wife and daughter, Fannie, and Jim Vaughan returned from the Umpqua country Tuesday evening, bringing four fine deer with them. Both Gus and Jim proved their marksmanship by each bringing down a couple venison, which were the fattest of any seen here this season. They were in the lower country about 10 days.

More For Maupin—

Mrs. Arthur Creighton and daughter, Mrs. J. J. Kohoe, the latter from Seattle, arrived Saturday from Portland. The daughter left for Seattle the next day, having come here to see her father. On Sunday Miss Sammy Creighton came up from Portland and with the family will live in the Butler cottage next to The Times print shop.

In the Blue Mountains—

Everett Richmond and a friend from The Dalles left yesterday morning for the deer habitat in the Blue mountains. They went in the Richmond truck and intend to make their stay cover a full week, whether they kill any deer or not.

“Sid” Johnson Mighty Good Man For Sheriff’s Position

A MAN OF ABILITY, STAMINA, FORCE AND RESOURCEFULNESS—RESIDENT OF THIS SECTION FOR MANY YEARS—BUSINESS MAN OF HIGH QUALITY

The accompanying picture is that of A. S. (Sid) Johnson, Democratic nominee for the office of sheriff of Wasco county. Mr. Johnson needs no introduction to the people of the county seat, although he is not generally known throughout the farming communities. Look at his picture, then allow your minds to run along business channels.

Mr. Johnson homesteaded in Wasco county many years ago, long before Sherman county was set off from this county. He figured as one of the substantial men of the new county for many years; his advice was sought by many on business matters. He has been a successful wheat grower, knows the livestock game from all angles and thoroughly understands the problems that face the Oregon agriculturists. Today he is owner of two prolific wheat ranches in Sherman county.

For the past eight years Mr. Johnson has been a resident of The Dalles. He is there engaged in the real estate business and his clientele is one of the largest in this section. People who have property for sale know they will get a square deal when they list with Sid Johnson, and those who are looking to the acquisition of property realize they are dealing with an honest, conscientious and scrupulous man when they

AUCTION AT SHEPFLINS SAT.

Fine Chance to Pick Up Horses, Cattle and Hogs Cheaply

On Saturday of this week Knute Hedin, the silver voiced singer of Pine Grove, will let his melodious tones run rampant when he cries the sale of the Shepflin livestock, farm implements, household goods and a thousand and one other things usually found on a well ordered ranch. Frank Stuart will be on the job as clerk and will attend to taking in the cash as well as arranging to carry those who desire to give notes for their purchases. Julius has been busy buying all kinds of edibles and will serve all who attend the sale with a bounteous lunch, all he asks is that visitors bring their own cups.

Got Three Deer—

Billy Miller and Joe Kramer went to the Blue mountains last week after deer. That was Joe's second hunt for the season, the first one not being prolific of venison. This time, however, the two men succeeded in bringing down three fine bucks.

Bug Still Here—

The little blonde bug which has graced the street in front of The Times shop for several days is still on the job. It is a real nice little car and should appeal to some one who likes to drive soft and low. It is capable of hitting up a fast clip when wanted and will run on the Henry Ford reputation, with a minimum amount of gas and oil as a coner. The first \$25.00 handed to us takes the bug away.

Hunt Got Busy—

Hearing that quite a bunch of names were required to fill out the quota necessary to effect the placing of the recall of Judge Adkisson on the ballot, Billy Hunt and Bill Staats visited the Flat regions Saturday and succeeded in having the names of over 50 voters and taxpayers attached to the petitions. When Mr. Hunt goes after a thing that thing better quit and come into camp, as was shown by the number of names he secured.

seek his services in quest of investment.

Mr. Johnson is not seeking the office of sheriff for the purpose of getting bread and butter for his family. He is possessed of sufficient of this world's goods to take care of that end of the business. In making the campaign Mr. Johnson has been nerved with the idea that it takes an extra good man to fill the shoes of Levi Chrisman, but believes he can do so, and that to the extent that he will be able to effect a saving in the conduct of the office, and at the same time keep up its usual efficiency. If he is elected will be a real sheriff, as he possesses that personality and sagacity that goes to make an ideal peace officer for the county. He makes no promises other than a guarantee of honesty, economy and an administration in keeping with the provisions of the law.

Wasco county will make no mistake when they vote for Sid Johnson. If elected he will fit into the office like an old shoe on a sore foot, and the saving he will effect will not be a few dollars, but will mean much to all taxpayers. All money coming to his office will be turned into the proper channels. He will be content with the salary provided for the sheriff and will enforce all provisions of the law without fear or favor.

The Times has been marked up as being ultra Republican. That is an error. We believe in supporting the best fit for the office, and in giving support to Sid Johnson we know we are working in the interest of the best man. Voters will realize that fact before election and when the day comes to cast votes we expect to see the biggest vote of the county cast for A. S. Johnson for the important office of sheriff.

FOOTBALL IS ROUGH GAME

Several Maupin Players Wear Signs of Madras Caulks

The football game between the Maupin and Madras high school teams, played on the Maupin grid on Saturday last, resulted in a sweeping victory for the visitors. Not alone did the Madras boys win the game but they left mementos of their visit on the faces and bodies of several Maupin boys. Ira Kidder nursed a badly cut hand, Orville Fraley entertained some unsightly cuts on his face, while Elton Snodgrass' nose showed the imprint of calks. Tom Slusher, while not showing any bruises said that his body was cut up sufficient to show that he had been in the game. No parlor game is football.

Last Sheep In—

The last of the Fargher sheep arriver from the mountains Sunday and were taken to the ranch on Bakeoven the next day. On Tuesday about 700 of those sheep were driven to Shaniko and there loaded out for markets in the east.

Gone a Huntin'—

O. D. and B. D. Bothwell with W. P. Siler left for the tall and uncut Saturday, it being their intention to slaughter a few deer. They went in a truck which was equipped with all the paraphernalia imaginable, and which was large enough to bring back all the deer in the mountains.

Mrs. Theresa Hawkela, aged and almost poverty-stricken resident of Vienna, has been willed \$1,000,000 by a wealthy American who was her sweetheart of long ago.

Notice to Legal Voters, Town of Maupin.

The date of October 26, 1928, has been set by the Town Council for the nomination of Town Officers, to be voted on at the coming election on December 3, 1928. Said meeting will be held at the Oddfellow hall at 7:30 p. m. COUNCIL, TOWN OF MAUPIN By J. H. Woodcock, Recorder.

MAY ENJOIN APPROPRIATION OF POOR FARM MONEY

\$5,000 Said to Be on Hand For Constructing Basement Under House at County Farm

A report is in circulation to the effect that the county court has the sum of \$5,000 on hand which will be applied to the construction of a basement at the county farm. The recent report of the grand jury contained a recommendation that such should be constructed. Should that recommendation be followed by the county court, it is likely that an injunction against expenditure will be sued for and the building of the basement stopped.

It is said by those who claim to know, that the building at the farm is not worth the cost of the basement. To appropriate money for the improvement would be a waste, and now that the county officials are pledged to a season of economy and tax reduction, it is said there will be a watch kept on the doings of the county board and all unnecessary expenditures be nipped in the bud.

CIRCULATING MAIL PETITION

Patrons Down White River Want Route Opened to Sherars

Ward Buzan was in Maupin on Monday circulating a petition for the continuation of the Wamic-Tygh mail route to Sherars. Before the mail line was changed the mail was carried from Wamic to Sherars. New patrons along that route are compelled to hold their cream until the afternoon down trip of the mail wagon, thus causing them great inconvenience, and sometimes considerable loss. The petitions asked that the mail route be continued to Sherars Bridge, thus giving milk shippers a chance to get their mail on the midnight train for Portland, insuring early delivery.

The new mail route has not benefited Maupin to any great extent, the early arrival of the Oregonian being about the only real benefit we enjoy. There is some first class mail arriving on that line, but the matter of the few hours between that arrival and that of the afternoon O. W. mail train makes no appreciable difference in correspondence with outside points.

Auctioneer Advertises—

N. G. Hedin has an advertisement in this issue of The Times in which he states he is ready to cry auction sales. He also is equipped to take care of all legal matters pertaining to sales, arrange for advertising such and will always work for his clients' interest. Mr. Hedin needs no introduction to the people of this section as an auctioneer, for he has cried many sales since coming to Juniper Flat and at each one realized prices in excess of what was expected. If you are contemplating having a sale see Mr. Hedin before making all arrangements; he'll treat you right.

Chiloquin—Local state bank sold to Incorporation.

More Time Allowed To File Adkisson Recall Petition Papers

Must Be Filed Twenty Days Before Election—One Thousand Names Is Final Objective

W. T. Hunt and W. H. Staats, with Sam Ward of Boyd went to the county seat Tuesday for the purpose of filing the recall petitions asking that Judge Adkisson be unseated as county judge. The gentlemen were informed that if the petition were filed before the beginning of the 20-day limit it would be necessary to call a special election on the matter, whereas, if they waited until Saturday the matter might be placed on the regular election ballot at the coming election.

It is reported that Judge Adkisson has stated that if 1,000 names were signed to the petitions, he would resign, thereby making a vote on his recall unnecessary. Those having the matter in hand will prosecute the work of securing signatures with greater interest, in the attempt to secure the additional names, it will then be up to the judge to make his word good and resign before the voters have a chance to show their displeasure of his actions while in the position as county judge.

HIGH SCHOOL DANCE AT TYGH

Students Anxious to Install Baths in New Gymnasium

Don't forget the dance at the Tygh Valley school gymnasium on Saturday evening of this week. The High school orchestra will be on hand, while the floor will be in the best of condition. The students are installing shower baths in the gymnasium and the dance is given to help defray the expense of same. Help them out by your presence at their dance.

Fulkerson Among Highest

R. C. Fulkerson, government trapper for this section, again numbers among the high catches for September. In that month, working 30 days, he succeeded in catching one bobcat, 16 coyotes and two bear, making a total of 19 predatory animals taken. As the department publishes only the eleven highest marks for each month, it will be seen that our trapper was not idle during the month closed.

Convalescents Out—

Dr. Short and Mrs. Signe Fischer who have been confined to their rooms for several days, had so far recovered as to be able to be about town Monday. Dr. Short has been ill on several occasions lately, while Mrs. Fischer has been suffering with an attack of nervous prostration.

Mr. Morisy, who has been in Maupin for several summers, enjoying the fishing in the Deschutes, left for Portland last week, having concluded his season's pleasure.
