Act of March 3, 1879.

## WHY NOT A CLEAN SWEEP?

While they are about it the voters  
of this county should relegate all  
the old court house gang to the  
rank of has beens and begin a new  
regime. Crichton, Davis and Chris-  
man have been discarded, but there  
remains one office which should be  
graced by a new man, and that is  
the office of district attorney.

Francis V. Galloway was elected  
by the grace of republican votes;  
he has failed to make good as legal  
head of the county, otherwise nei-  
ther Crichton or Chrisman would have  
to pay back to the county illegally  
taken money. Galloway cannot  
plead ignorance of the law, for, as  
district attorney he should have  
wised himself to the doings of the  
state legislature and kept posted re-  
garding changes of laws. He has a  
complete library in his office, there-  
fore there is no excuse for him to  
write the attorney general regard-  
ing debatable points, as he did in  
the Crichton matter.

As a success in his office Gallo-  
way has been a blank. He has not se-  
cured a conviction in 50 per cent of  
the cases he has brought to bar,  
while in some instances he brought  
cases before the court knowing and  
saying he stood no chance for con-  
viction, thereby entailing a consid-  
erable expense which the taxpayers  
have to pay.

In his trail of cases he assumes a  
belligerent attitude and roars at  
witnesses like the bull of Bashan,  
thereby creating a feeling of antag-  
onism in the witness. He does  
not depend on his own knowledge of  
law when trying cases, but many  
times consults other attorneys, and  
those not interested in the case at  
trail, when interrogating witnesses.  
There are many other reasons why  
Galloway should be supplanted in of-  
fice by some other and more capable  
attorney, and the sooner that is  
done the sooner will the law depart-  
ment of the county be taken care of  
as it should be, to the better satis-  
faction of all concerned.

## Wapinitia Plains

Winnifred McCoy and Laural  
Hartman have perfect records in  
spelling since the beginning of the  
year. Winnifred is in grade 3 and  
Laural in grade 4. Winnifred has  
also had a perfect grade in arithme-  
tic.

The eighth graders are working on  
the subject of insurance.

The seventh geography class are  
studying the industries of Great  
Britain.

The scheduled games with the  
Shaniko-Antelope team has been call-  
ed. Shaniko-Antelope lacks re-  
cruits.

The Wapinitia football team is  
planning to play several games yet  
this season. They are as follows:  
Tygh Valley at Tygh.....Oct. 26  
Shaniko-Antelope at Wap.....Nov. 2  
Maupin at Wap.....Nov. 9  
Dufur at Wap.....Nov. 16  
The 12th of November is an open  
date.

The freshmen class is working  
hard to publish a school paper. The  
page has been called the "High  
School Eagle." Alva Hammer, our  
business manager, is trying to get  
the page ready for publication.

Next Friday, Oct. 26, 1928, the  
Ladies Aid is giving a bazaar at the  
Lewis Hall, Wapinitia Oregon. They  
will serve supper from five to eight  
o'clock, after which they will pre-  
sent a short program before selling  
their articles. Most of the articles  
will be sold by auction.

Sam Wall erected a teeter-totter  
for the primary room. The little  
children keep it busy most of the  
recesses and noons.

### Big Football Game

There will be a football game be-  
tween Wapinitia and Tygh Valley at  
the Tygh Valley field on Oct. 6.  
The Wapinitia football team are  
practicing every night for about 30  
minutes after school for the coming  
games.

In the first test of the strength of  
The fall term opened Sept. 10 with  
13 enrolled in the High school. One  
entered Sept. 17 making 14. Two  
more are expected to enter soon.  
The Wapinitia and Maupin teams  
last Friday Maupin exhibited super-  
ior headwork and familiarity with  
the game, but were unable to gain  
any advantage after the Cyclones  
got down to work. Maupin scored  
twice early in the game but failed  
to earn the extra score after each

touchdown. During the last three  
quarters of the game the Wapinitia  
boys put over some good plays in  
end runs and tackling their oppo-  
nents behind their first line of de-  
fense. Maupin travels to Wapinitia  
on Nov. 9 and the score should be  
different this time.

## "INSIDE" INFORMATION

Two glass measuring cups, one  
for wet and one for dry ingredients,  
are a great convenience in cake  
making.

The notion that is harmful to eat  
fish and milk together has no founda-  
tion in fact. Think of the many  
excellent creamed fish dishes, and  
fish chowders made with milk, that  
have always been eaten without ill  
effects.

A small pan that fits into the  
top of the teakettle has many uses.  
It serves as a double boiler for  
small quantities of food to be cooked  
or reheated, and will be found handy  
for melting shortening.

Old alfalfa madows are better in  
the fall than in the spring in Ore-  
gon. Through harrowing will check  
the growth of grass and weeds, says  
the soils department at the college.  
Beardless winter barley may be  
seeded in the mulch formed by har-  
rowing. This will check the growth  
of weeds and grasses, as well as in-  
crease the yield of the first cutting  
the following spring.

It is unnecessary to remove food  
from a can as soon as it is opened.  
For a reasonable period the food  
may safely remain in the can.  
Transferring it to another container  
only means another dish to wash.  
If the can was safe while the food  
was shut up in it, it is still safe.

When making jelly it is not neces-  
sary to heat the sugar before adding  
it to the fruit juice. The only rea-  
son for heating it is to shorten the  
time of boiling the jelly. If the  
juice is boiling hot when the sugar  
is put in, the boiling process will  
only be checked for a minute or two.  
It is then boiled rapidly until the  
jelly stage is reached, which should  
be in from 5 to 10 minutes or even  
less.

## SNAPPY STUFF

After his pocket had been picked  
three times, Robert Glennon of  
Chicago fastened fish-hooks in his  
pocket and caught Tony Keavin.

Through the help of the post-  
master, William Rowe and his bro-  
ther, Samuel, were reunited in  
Plymouth, England., after being  
separated for 40 years.

The municipal council of Bourne-  
mouth, Eng., voted to give the bod-  
ies of unclaimed paupers to Oxford  
University for dissection.

Dugald McDougall of St. Paul re-  
fused to stop wooing Miss Janet  
Corwin even after her marriage to  
another, so she had him sent to jail.

Mrs. Lillian Luker of Kansas City  
was denied a maintenance order  
gain't her husband when he proved  
another man had sent her two pink  
corsets.

When Mrs. Caroline Totten of  
Boston accused Mrs. Kate Martin of  
stealing her false teeth, a fight start-  
ed and the police arrested them both.

Arrested before his wife's home,  
James Caddon of Chicago said he  
had been sitting on the curb two  
days and nights waiting for Mrs.  
Caddon to admit him.

## To the 5000 who daily become owners of the new Ford car

THE service obligation of  
the Ford Motor Company  
and its dealer organization  
is now growing at the rate  
of 5000 cars a day. It is to  
these new car owners that  
this message is addressed.

The new Ford is a remark-  
ably fine car for one that  
costs so little. It is simple in  
design, constructed of the  
finest materials, and built to  
unusually close measure-  
ments.

These are the reasons it  
performs so wonderfully.  
These are also the reasons  
its service requirements are  
so few and the up-keep cost  
so low.

When you receive your  
new car, the dealer will ex-  
plain the simple little things  
that should be attended to  
at regular intervals to insure  
the best performance. He  
will also tell you something  
of his own facilities for do-  
ing this work promptly and  
at small cost.

With the purchase of your  
car, you are entitled to Free  
Inspection Service by your  
dealer at 500, 1000 and  
1500 miles. This service is  
due you and we urge you to  
take full advantage of it.  
Proper care during this  
breaking-in period  
means a great deal to  
the life of your car.

## FORD MOTOR COMPANY

Included in the Free In-  
spection Service is a check-  
up of the battery, the  
generator charging rate, the  
distributor, the carburetor  
adjustment, lights, brakes,  
shock absorbers, tire infla-  
tion and steering gear. The  
engine oil is also changed  
and chassis lubricated.

No charge whatever is  
made for labor or materials  
incidental to this inspection  
service, except where re-  
pairs are necessary because  
of accident, neglect, or mis-  
use.

The labor of changing  
the engine oil and lubricat-  
ing the chassis is also free,  
although a charge is made  
for the new oil.

We believe that when you  
see the good effects of this  
inspection you will continue  
to have it done regularly  
throughout the life of your  
car.

Wherever you live, you  
will find the Ford dealer  
very helpful in keeping  
your car in good running  
order for many thousands  
of miles at a minimum of  
trouble and expense.

He operates under close  
factory supervision and has  
been trained and equipped  
to do this work  
promptly, thorough-  
ly and economically.
