EDUCATOR VISITS SCHOOLS

D. V. Poling of U. S. C. Talks to Student Body

Maupin student body and faculty were finely entertained yesterday morning by a talk by D. V. Poling, a member of the faculty of O. S. C., who was here on a visit with his son, Dan Poling, of the local teaching force. The Elder Mr. Poling spoke on "Standards of Conduct" of pupils and gave the pupils some good advice. During the meeting Mesdames Bothwell and Woodcock regaled those present with a duet, "Happy Hollow Tune." Quite a number of our people were present.

"Curley" Has Left Us—

Elmer (Curley) Hare, for the past seven months working as mechanic at the Maupin garage, has shaken the dust of this place from his brogans and has returned to Portland, from which place he came to this city. "Curley" made many friends while here and many of them feel sorry he could not see his way clear to remain in Maupin. He pulled out last Saturday night.

Sold Some Fords—

Kramer Brothers on Monday completed the sale of a couple of new Ford cars, one of them a truck, going to Roy Batty, while Jim Baxter has brought a new Ford roadster. The cars will be delivered next Monday.

Got One Deer—

Bates Shattuck and **Bob Wilson** returned from the Pighah mountain country Saturday last, after hunting in the Snow mountain and other

sections of the Blue mountains. Bates was successful in getting a two-point buck, while Bob contented himself with scaring several deer away by rifle shots which failed to land.

Library Moved—

The Maupin branch of the county library has been moved from the lower room of the Odd Fellows building to the office room of Joe Kramer's old garage. Wilbur Moss has been at work building shelves and otherwise putting the room in shape for the books, and the place now resembles a real library room.

Cut End off Thumb—

While working on a circular rip saw at the new bridge George Dyer got his left thumb in way of the saw with the result that the end was cut off. George said the saw acted so quickly that he never had a chance to see where the severed part was thrown.

Aid At Frank Creager's—

The Ladies Aid met at the Frank Creager residence on Tuesday. We have not learned whether or not Frank has joined the Aid, but if he has the society will have gained a valuable member.

Visiting in Portland—

Mrs. R. E. Wilson is at Portland, where she will spend two weeks on a visit with her mother and daughter, Jean. During her absence Bob will play housekeeper, cooking some of his own meals, making his bed (maybe) and enjoy all the pleasure and liberties of a jolly bachelor.

De Janvier Ill—

Wayne De Janvier is numbered among those who are suffering with an attack of the prevailing grippe. Since severing connection with the Resh grocery Wayne has been confined to the house, not even having ambition enough to go fishing or hunting.

Vacationing in California—

Charley Walker, wife and daughter left Tuesday morning for a vacation in the sunny southland—California. The Walkers will spend most of their time in the southern part of the "Golden State" going by way of the Pacific highway and coming back via The Dalles-Columbia road. They will be gone about one month. While they are absent Charley Cunningham will take care of matters about the Walker ranch.

Back From Montana—

W. W. Richmond and son, Ralph, who left for Montana early in the spring, returned to Maupin today, accompanied by another son, Roy. That family of the Richmond clan will spend the winter about Maupin.

Are Your Cows Earning \$14 or \$100 Profit

Yearly records from more than 100,000 individual cows on official test proved that the average producer of 100 pounds of butter fat a year returns only \$14 gross profit over the cost of feed, or less than 4c per day. Those producing 300 pounds netted \$96; 400 pounds, \$138; and 500 pounds, \$178 or nearly 50c per day.

At the Pacific International Livestock Exposition held in Portland, Oregon, (this year November 3-10) is presented an opportunity for every farmer to see and study dairy animals that produce 10,000, 20,000 and 30,000 pounds of milk per annum; also to obtain information how these results are achieved. Here also are exhibits of the finest pure bred Beef Cattle, Horses, Sheep, Hogs, Goats and Foxes for which Premiums totaling \$100,000.00 are awarded.

The inspiration of this great farm classic, together with the knowledge and information provided are not surpassed elsewhere. The Maupin State Bank feels that all farmers in this section who attend will benefit materially.
