**IN RETURN**

By no one is the spirit of the  
Golden Rule understood better than  
by the orphan children of the Near  
East. They are always eager to give  
in their turn.

On Golden Rule Sunday each year  
the Near East Relief orphanages  
observe the day, sacrificing their  
meat or a full meal, and contribut-  
ing the savings to come need. Last  
year the children on the Island of  
Syracuse and at the Kephissia Street  
orphanage in Athens ate only bread  
on Golden Rule Sunday and saved  
enough money to finance for a year  
a Day Nursery in one of the refugee  
camps. They repeated the sacrifice  
at the time of the Corinth earth-  
quakes and all contributed toward  
maintenance of a feeding station for  
500 baby sufferers.

Perhaps the most touching of all  
the sacrifices was that of a group of  
ex-orphan boys in Jerusalem. By  
scrapping and saving out of their  
first small wages, they sent \$65 to  
help certain Americans who, they  
heard, were in distress. To the Near  
East Relief director to whom they  
entrusted the money for transportation  
they said, "American helped us  
when we were in distress. We have  
heard about the Mississippi and  
Vermont floods and want to help  
in our turn." The money was sent to  
the Red Cross in Washington, whose  
acknowledging letter expressed full  
appreciation of what the gift meant  
in love and gratitude and sacrifice.

**ABOUT DEAD-BEATS**

Every person who has conducted  
a business in which the extending  
of credit is practised must be im-  
pressed with the large number of  
people in the world who appear to  
be born dead-beats.

There are a few in every com-

munity who make pretensions to  
business and social standing, yet  
were never known to pay a bill  
when it was due and seldom pay one  
at all excepting as a result of hound-  
ing or legal action.

Morally there is no difference be-  
tween one who fails to pay an honest  
debt when he can pay it and one  
who robs a till or cracks a safe.  
In fact, if there be an decency in  
either it appears to be on the side  
of the common criminal, who at  
least does not abuse confidence and  
friendship.

Credit bureaus are gradually mak-  
ing the path of the dead-beat a little  
more thorny, but he still flourishes  
to an extent that is a serious handi-  
cap to honest citizens.

President-elect Hoover, by going  
on a visit to South American neigh-  
bors, has shown the stuff of which  
is made. His visit will do much to  
cement friendship and will result in a  
greater trade with the countries vis-  
ited, and at the same time show the  
democratic spirit of our president to  
be.

Candidate Smith hit the nail on the  
head when he said that Hoover was  
to be president for all the American  
people and that all should do what  
they could to assist him. Such senti-  
ment as that is what makes for our  
country a unified nation.

Mrs. Virtue Wilson of Boston,  
who died at the age of 96, had  
smoked a clay pipe for 67 years.

The spade he had used for 47  
years in digging graves was buried  
with Charles Hobson of Newark.

Joseph Flannery of Crickethowell,  
Eng., 102 years old, has drawn a  
pension for 61 years.

John Boen was transacting busi-  
ness at Maupin Friday.

Mr. and Mrs. L. V. Broughton and  
family spent Sunday at the home  
of Mrs. Broughton's sister near Gate-  
way. Mr. Goshaw returned home  
with them.

The Wapinitia and Maupin High  
school football team played their  
second game on the local field Fri-  
day afternoon. The score was 20-0  
in favor of Maupin. The next game  
which will be with Dufur, will be  
the last one on the local field this  
season.

**School Notes**

The total gate receipts of last Fri-  
day's game was \$12.70. This will  
be a great help in paying for equip-  
ment.

Two boys, Robert Holman and  
Marion O'Brien plan to enter the  
ship building contest which Miss Pe-  
tersen explained on Thursday.

Last Friday's game was played on  
a very muddy field. The gridiron is  
now covered with tracks and fair  
weather since the game has hardened  
the ground and left it in poor con-  
dition.

Dewey Linn brought in a load  
of lumber Thursday night, and it will  
be used to complete the fence around  
the school ground.

The World History class is study-  
ing Feudalism, a social institution  
which existed about 500 years.

The Algebra class is studying the  
multiplication of polynomials by  
polynomials.

Sam Wall will probably complete  
the school fence this week. He has  
been at work on it for the past two  
weeks.

**Some Jokes**

Why is a school room like a Ford?  
Because it has a crank in front.

In an endeavor to impress the  
meaning of "inertia" upon members  
of the Science class, Mr. Broughton  
said, "If, when you students are  
laughing in school time, I should  
sternly say 'stop it!' and you would-  
not stop instantly, would you call  
that force which prevented you from  
stopping 'inertia'?"

"No," replied Wilbur, "that would  
be foolishness."

**Maupin-Wapinitia Game**

(By Lloyd Claymeir)

The Maupin football team motored  
to Wapinitia Friday, November 9,  
and met the wild Cyclones on the lo-  
cal gridiron. The old weather got  
ambitious and made the ground a  
little sticky. Maupin received the  
kick-off and made a good return. In  
the first half neither team scored,  
but Maupin threatened the goal line  
once. In the last half the visitors  
were successful in making three  
touchdowns and in carrying the ball  
across the goal line for an extra  
point. A record crowd saw the  
game.

**SNAPPY STUFF**

York who weighs 576 pounds, was  
fined \$25 for leaning against a  
neighbor's door and breaking it  
down.

Raymond Curtis of New Belford,  
Mass., recently bought a dime's  
worth of clams, one of which con-  
tained a pearl which he sold to a  
jeweler for \$1,740.

Miss Annie Mills, 50 years old, of  
Leicester, Eng., who waited 30 years  
for Frank Jerson to marry her after  
he proposed, has sued for \$5,000  
damages.

After divorcing her husband, who  
was out of work, Mrs. Mary Ridden  
of Kansas City sent him \$25 with  
her "best wishes."

To the  
first half-million  
new  
Ford owners

To THE half-million men  
and women who have re-  
ceived new Fords in the last  
eleven months, there is no  
need to dwell on the per-  
formance of the car.

You have tested its speed  
on the open road. In traffic  
you have noted its quick ac-  
celeration and the safety of  
its brakes. You know how  
it climbs the hills. On long  
trips and over rough  
stretches you have come to  
appreciate its easy-riding  
comfort. Continuous driv-  
ing has proved its economy  
of operation and low cost  
of up-keep.

This is an invitation to  
you to take full advantage  
of the service facilities of  
the Ford dealer organiza-  
tion so that you may con-  
tinue to enjoy many thou-  
sands of miles of carefree,  
economical motoring.

The point is this. You  
have a great car in the new  
Ford. It is simple in design,  
constructed of the best ma-  
terials and machined with an  
unusual accuracy. It is so  
well-made, in fact,  
that it requires sur-  
prisingly little

attention. Yet that doesn't  
mean it should be neglected.  
Like every other fine piece  
of machinery, it will serve  
you better and longer if  
given proper care.

One of the best ways to  
do this is to take your car  
to the Ford dealer every 500  
miles for oiling and greas-  
ing and a checking-up of  
the little things that have  
such a great bearing on long  
life and continuously good  
performance.

Such an inspection may  
mean a great deal to your  
car. To you it means thou-  
sands upon thousands of  
miles of motoring without  
a care—without ever lifting  
the hood.

Ford dealers everywhere  
have been specially trained  
and equipped to service the  
new Ford. You will find  
them prompt and reliable  
in their work, fair in their  
charges, and sincerely eager  
to help you get the greatest  
possible use from your car  
for the longest period at a  
minimum of trouble and  
expense. That is the  
true meaning of  
Ford Service.
